### Box Seat for World Series Game—10 Bucks

New York (AP)—A good box seat for one World Series game this fall probably is going to cost \$10—at least \$2 more than ever before.

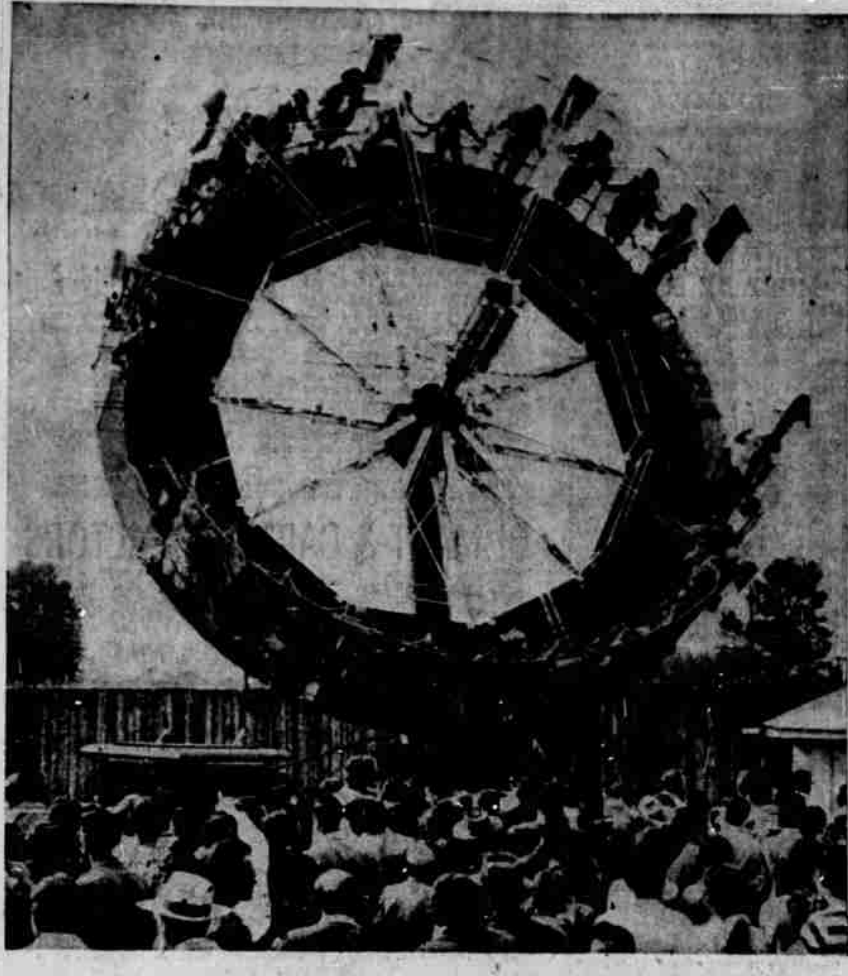

And it's apt to cost at least \$8 to get a reserved grandstand seat anywhere between first and third base.

Ticket prices will be set a week from Tuesday when competing clubs get together with Commissioner Ford Frick to work out details of the series.

There was every indication the price will rise for the first time since 1947.

## Sackett Asks FCC for Television Channel 21

Washington (AP)—The Federal Communications Commission Monday was asked to overrule an examiner's decision and award Portland television channel 21 to Mt. Scott Telecasters.

The examiner had decided earlier that the channel should go to the Vancouver, Wash., Radio Corp.

Mt. Scott, control of which is owned by Mr. and Mrs. Irwin S. Adams of Milwaukie, Ore., and Clackamas Broadcasters of Oregon City, contended that the Vancouver firm was not financially qualified to build the station.

Vancouver Radio's principal stockholder is Sheldon Sackett, operator of KVAN-Vancouver, and owner of several other radio and newspaper interests.

Hessel E. Yntema, Jr., attorney for Mt. Scott, said that hearing testimony showed that Sackett did not have enough liquid capital to meet his \$35,000 stock commitment to Vancouver and to lend an additional \$10,000 to Fred Chitty, KVAN general manager, for a stock purchase, as proposed.

Yntema also contended that Vancouver's proposed rate schedule was too high, ranging from \$272 to \$382 an hour. The firm "can't expect to receive revenue at that rate and therefore it can't be a financial success," he said.

Replying to Yntema's arguments on Sackett's finances, Norman E. Jorgenson, Vancouver Radio attorney, said that Sackett's financial sheet, submitted at the hearing, showed he was worth in excess of a half million dollars. He said that if Sackett needed additional money he would borrow it from J. W. McInturff of Coos Bay.

Yntema said Sackett had arranged a \$35,000 loan from McInturff who also is to lend \$35,000 to Times, Inc., Coos Bay newspaper, to permit its purchase of Vancouver stock.

## Merger May Up Personnel

The Salem depot of the West Coast Fast Freight, Inc., may be increased about 30 per cent in personnel and facilities if the merger between West Coast and Pacific Intermountain Freight is approved by the Interstate Commerce Commission.

West Coast has just recently completed an extensive addition to the Salem facilities, and is now capable of handling considerably more freight than was previously possible.

A. K. Humphries, president of PIE, announced yesterday in Oakland, Calif., that his firm had purchased all corporate stock of West Coast and certain affiliates, including System Tank Lines, Inc.

The companies will employ a combined total of more than 4000 employees and will operate more than 3000 local and long-hauling trucks.

Both companies now operate as far east as Chicago. ICC approval may not be announced for several months, it is believed.

Pacific Intermountain does not now have a Salem office. Its operations are from San Francisco and Los Angeles eastward.

Oakland (AP)—Officials of two of the west's largest trucking firms, Pacific Intermountain Express and West Coast Fast Freight Inc., have disclosed a merger of their two companies pending Interstate Commerce Commission approval.
