

**DOG DAYS ARE HERE**

The dog housing problem has grown to perplexing proportions for Eugenia Somers, Route 2, Box 222, Monmouth, in the Cooper Hollow district. Miss Somers had more than 75 dogs a month ago when she started disposing of them. She placed 25 of them in good homes during a month, but in the meantime 37 more puppies were born. Among the dogs are coon hounds, setters, Irish spaniels, toy collies, Spanish cockers, and just plain mutts. The food bill for the dogs was \$131 last month. Miss Somers is disposing of the dogs to return to work as a school teacher. Top photo shows Miss Somers with a small group of her dogs. Lower photo shows the Somers home.

**Abbot to Hear Solemn Vows**

Mt. Angel—On September 8 at 8:30 a.m. two young monks of Mt. Angel Abbey will be professed in Solemn Vows. The two monks, Frater Leo Rimmelle, O.S.B., and Frater Augustine De Noble, O.S.B., entered the novitiate of Mt. Angel Abbey in August of 1949 and were professed in Simple vows, Sept. 8, 1950.

In the absence of Rt. Rev. Abbot Damian Jentges, O.S.B., Coadjutor Abbot of Mt. Angel Abbey, who is now in Rome attending a meeting of all Benedictine Abbots, Rt. Rev. Abbot Thomas Meier, O.S.B., will pontificate at the Mass and will receive the profession of Solemn Vows.

Frater Leo Rimmelle was born Oct. 22, 1929, and is the son of Mrs. Stella Rimmelle of Los Angeles. He is the nephew of Father Francis Burger, O.S.B., who at the moment is the assistant pastor of Sacred Heart church, Tillamook. Frater Augustine De Noble was born Oct. 25, 1925, and is the son of Mr. and Mrs. Francis M. De Noble of Tillamook, Oregon.

The profession ceremonies will be held in the Mt. Angel Abbey chapel. Sept. 8 will be the silver jubilee of the profession of vows of Father Gabriel Morris, Michael Reilly, Raphael Bluemel and Urban Keber, all of Mt. Angel Abbey. Also celebrating his silver jubilee of vows is the Rt. Rev. Abbot Eugene Medved, O.S.B., Abbot of Westminister Abbey, British Columbia, Canada. Abbot Eugene was formerly a monk of Mt. Angel, and was sent to British Columbia in 1939 to help make the new foundation of Westminister Priory. Recently Westminister Priory was elevated to the status and dignity of an Abbey.

**Indian Office Slated to Go**

Helena, Mont. (AP)—Montana's Intertribal Policy Board has asked abolishment of the Federal Indian Bureau's office at Billings.

State Rep. Dave Higgins (R., Glacier), board chairman, said removal of the bureau's director, Paul Fickenger, also has been asked.

Higgins said the board's request went to President Eisenhower, Secretary of Interior Douglas McKay and Indian Commissioner Glenn L. Emmons.

Quoted in the resolution is a statement by McKay at Browning last July 19:

"I do not like the area offices myself. I do not think the area office does much good for the Indian. In the first place, I believe the Indians should be treated like 'people.'"

The board said retention of Fickenger "in any position in the India Bureau would be a direct affront to the Indian people of Montana."

Another resolution by the board protested the introduction and passage by Congress of a measure directing Secretary McKay to liquidate affairs of the Flathead Tribe of Western Montana.

**HEARING AT HILLSBORO**

Hillsboro (AP)—Army Engineers will conduct a hearing here Wednesday on the proposed \$7 million dollar Tualatin Basin development program.

**Short Cut To Relieve Toothache**

Cushing, Okla. (AP)—A well-dressed man entered a hardware store here yesterday and asked for a pair of pliers. He examined a pair, opened his mouth, fastened the pliers onto a tooth and gave three yanks.

The store staff and two amazed customers watched him nonchalantly replace the pliers. "It was killin' me," he said.

**Film World to Honor Great**

Hollywood (AP)—The movie industry is taking the first steps to honor its great in a hall of fame to be erected at a cost of more than two million dollars.

President Jean Hersholt of the Motion Picture Relief Fund announced yesterday that the project envisions a museum offering "the only complete collection of industry properties and relics of our trade," as well as niches of honor for outstanding actors and industry leaders.

Hersholt said that the MPRF's Executive Committee and Board of Trustees have completed a financial study and appointed a committee to select possible sites for the museum, whose profits will go to the relief fund.

**Crowfoot Prexy Sues for Pay**

Lebanon—A late development of the Crowfoot school district No. 89 dispute between a former principal and a majority of the board of directors, appeared on Aug. 29 with the filing of a \$3804 claim against the district by Clare Price, the principal.

Price alleges he was employed as principal of the Crowfoot school in March, 1949, and was given a contract dated April 23, 1949.

Then on Sept. 3 of the same year, the complaint avers, the board discharged Price and cancelled his contract, all without a hearing and without presentation of reasons.

Thereafter, Price claims, he tried vainly to seek another position and on Nov. 1, 1950, presented to the board a demand for an audit and a claim for the salary he asserts he should have received for the school year, namely \$3804.

Price asserts nothing was done about the audit but that

finally on Sept. 23, 1952, he received a letter through legal counsel for the school district asserting that the district was not indebted to him in any amount.

In the complaint, Linn county school district 89C is named defendant, inasmuch as since the discharge of Price the Crowfoot and Waterloo districts have been consolidated under that designation.

Subsequent to his discharge, Price brought suit in circuit court in Albany charging defamation of character against Lawrence Parker, then a member of the Crowfoot board, but his damage plea was denied by the jury.

**Cop Praised By Army Wife**

San Francisco (AP)—Mrs. Lyle Cook wrote Police Chief Michael Gaffey expressing gratitude to an unidentified San Francisco motorcycle cop who changed a flat tire on her car so her Army officer husband wouldn't have to get his

uniform soiled. Mrs. Cook said she was driving her husband to the airport here one recent warm day when they had the flat. "My husband's light tropical uniform made it impossible for him to change the tire if he was to arrive in Washington in presentable condition," Mrs. Cook said. "I was trying to change the tire myself when the officer arrived and, seeing our predicament, changed the tire for us."

Of U. S. eyeglass users 3.9 per cent are 5 to 14 years old; 15.1 per cent 15 to 24; 31.1 per cent 25 to 44; 35.2 per cent 45 to 64 and 13 per cent over 65.

**Meet your Housewarmer**

...who can show you how to keep your home warm and comfortable, yet spend less money for fuel!

Your Housewarmer is more than a fuel salesman or deliveryman. Comfort is his business, and he knows that your comfort depends on more than just a full fuel tank. So he not only sells and delivers, but makes it his job to take over all your heating problems.

For example, your Housewarmer will tell you how to save fuel by keeping humidity up in your home. He knows that when the humidity's around 40%, it takes lots less fuel to keep you warm.

Saving you money and keeping you comfortable are part of the Housewarmer's service—as much a part as the quality fuels

he carries: Standard Furnace Oil with Thermisol, and Standard Stove Oil.

Why not plan an early appointment to meet the Housewarmer in your neighborhood? All you have to do is call your Standard Heating Oil Distributor or local Standard Oil Office.
