# Exhibit Space Filling At State Fairgrounds

When one visits the Oregon State Fairgrounds this week there is no doubt in his mind that there is to be a big show there soon.

(Pictures on Page 18)

Livestock began arriving early in the week with the Herefords belonging to Irving Mann, Sr., Irving Mann, Jr., and Bob and Pat Hopper of Adams, Oregon, coming in on Monday.

Other cattle were coming in Tuesday with those of Alfred Burnham, Rainier, Oregon, arriving late Tuesday.

Other livestock in the main exhibit barn had not arrived, however, but entries in all divisions were expected to be numerous and some to top other years.

Sheep entries promised to outnumber past years with 558 entries compared to 390 last year. Mrs. F. W. Poorman is in charge. Judges will be Ronald Hogg, Salem, and Floyd Fox of Silverton.

Also running higher than last year are the swine entries — that's on the word of Ed Ridder of Sherwood, the superintendent. Judge in that department this year will be Wilbert Plager of Iowa.

Most of the horses for the races, if not all of them, had arrived by Wednesday morning and most of the animals to be used at the rodeo.

In a fading role this year, however, are the draft horses. Indications are that only 25 of them will be entered. The light horse class will have 58 entries. Judge for the work horses will be E. V. Service of Woodburn and the saddle horses are to be judged by David Bolire of Arcadia, Calif.

Tuesday was the final day for accepting entries for the Textiles division and Wednesday it was estimated that there were more than 3,000 entries. What's more the quality of the exhibits is tops this year, even outshining those exhibits of last year.

The art department has so many entries this year that Mrs. C. H. Rundell, superintendent there for the past 18 years, is wondering where she is going to put all of them. There are 420 classifications with more than \$3,000 in premiums offered. Two new divisions were added this year, primary and kindergarten division and novelty pictures.

It is a year for amateurs in the art department with the entries in those sections outnumbering the professional exhibitors.

Carnival tents and the rides found along the midway were beginning to be much in evidence by late Tuesday and farm machinery and other equipment was being moved into place.

Also, found in this area, between the equipment exhibit and the midway, will be the free acts given daily. Featured on this act will be the Silhouettes, acrobats, who perform 80 feet in the air and do other trapeze and swinging pole acts. Students of the Paul Armstrong school of dance will also appear.

# Loan Requests Top Records

Oregon veterans' applications for 4 per cent home and farm loans in August topped all previous months in the history of the program with 525 applications made, the director of the state department of veterans' affairs, H. C. Saalfeld, said this week.

The August figures showed a 160 per cent increase over the average of approximately 200 applications per month received during the past year.

Big reason for the upsurge was the new higher loan maximums approved by the 1953 legislature and made available to the veterans when the law became effective July 21.

Under the new law a veteran may borrow up to \$5,000 to acquire a home or \$15,000 for a farm. The previous maximum was \$6,000 on both homes and farms.

Despite the higher loan maximums, veterans still cannot borrow in excess of 75 per cent of the appraised valuation of the property. They also must have some equity in the property and have good credit and employment records.

The loan is available to honorably discharged World War II and Korean veterans, who were Oregon residents when they entered active service or lived in Oregon for two years or more following discharge.

The World War II veteran applying on the basis of postwar residence must have spent his two years in Oregon prior to December 31, 1950.

enemy Red China that if present peace negotiations are not successfully concluded we will hold the Communist government in China strictly accountable."

The Legion, in a resolution, voiced "tremendous opposition" to admission of Red China to the United Nations or recognition of it by the U.S. to use its power of veto if necessary to stop the U.N. from seating Red China.

Some delegates applauded when Rogers Kelley of Edinburg, Tex., chairman of the foreign relations committee, read his committee's recommendation that no U.S. treaties or pacts should be binding without congressional approval. But the Legion rejected the proposal on the floor.

Dulles noted that Communist China is training, equipping and supplying Commu-

nist rebels in Indochina and added there is risk Red China might send its own army there. He warned again of the possible provocation of war between the U.S. and Red China.

# Oregon Has 3 Drownings

Three persons, two of them children, drowned in Oregon Tuesday.

David Joe Deremer, about 9, son of Mr. and Mrs. Edmund Deremer of Cottage Grove, went under while swimming in Dorena Lake. Marshall Leon Kimble, who was passing by, saw the boy in trouble and tried to rescue him. Both drowned.

Kimble, 26, the son of Garland Kimble, also lived in Cottage Grove.

Lee Emerson, 11, son of Mr. and Mrs. Fern E. Emerson, Albany, drowned in a water-filled gravel pit while hunting frogs. Mrs. Gene Shurman, who lives near the gravel pit on the outskirts of Albany, heard the boy's companions calling for help. She ran to the pool and jumped in but couldn't save the boy.

His father is a director of the Albany school district.

# Dulles Warns

"If events are likely which will in fact lead us to fight, let us make clear our intention in advance; then we shall probably not have to fight."

He said many informed people think that both World War II and the Korean conflict came about because the aggressors miscalculated the thought that the Americans would not fight.

# Beer at Fair

Beer will be sold at only one spot. That will be on the concrete floor of the grandstand building, underneath the seating sections, and at the southeast corner in a space where children will not be permitted. It will not be sold in bottles, and will be served only in cups.

The concession will be held by Paul All of Portland, who has had grandstand concessions for several years.

Members of the state fair commission who made the decision were Dr. E. B. Stewart, Roseburg, chairman; Henry Ahrens, Turner; Harold Barnett, Fendleton; Kenneth Hall, Portland, and E. M. Justis, Portland. Justis has since resigned and Russell F. Brown of Portland is now a member.
