## ACORNS FROM THE Oak Rooms WITH DEL MILNE

My gosh, if you want to learn something about your business, just go on a vacation. Here's something that will really thro you—we stopped at one place, not a little place either, just a nice, clean, moderate priced place, like the Marion, and on the menu in nice prominent type it had "Children's Portions Served—\$1.25." I exclaimed to Mrs. Milne, "Gosh, sakes we feed an adult a darn fine dinner at the Marion for \$1.25." Well, prices all along, the line seemed to be higher for food than we charge and some of the food was not up to the Marion standard by a long way. I wish everyone in Salem could take a trip around the country and they would no longer take for granted the wonderful food and the moderate prices that prevail in Salem. It's sure nice to go, but it's nice to get back—for more reasons than one.
