

Many Improvements by Departments of the City

The large number of prisoners in the city jail, while the city is taking care of county offenders as well as its own, draws heavily on the hot water supply at City Hall. This, together with the normal use of hot water by the personnel of the several city offices, made a new hot water tank necessary and it is being installed in the basement. It replaces an older tank of the same capacity but less efficient. The main use of hot water by the prisoners is in washing dishes which is done three

times a day, also in mopping the cells. Numerous improvements are being made here and there by various city departments. The park service has added an interesting piece of equipment which is attached to the lawn mower. It may be termed a "leaf chopper." While the mower is cutting the grass the attachment cleans up the leaves, chews them into fine bits, and blows them onto the lawn where they are integrated into the soil as fertilizer. In Willson Park postholes

have been dug for the light standards that are to support a new lighting system provided for by the City Council at a recent meeting. Four merry-go-rounds were installed Monday for the children, two in Bush Pasture Park, one in Highland Park and one in West Salem. They are of the automatic type propelled by the weight of the riders and are considered entirely safe. In Bush Pasture trails are now being made around the perimeter of the park. For the fire department the City Council Monday night accepted a bid for 1000 feet of new fire hose. The hose is 2 1/2 inch, "Chevron" make, made by the Fabric Fire Hose Company whose bid was \$1.88 a

foot. Another recent improvement at City Hall is a new electrical wiring panel installed in the basement. **Lebanon Library Given Book Funds** Lebanon—A gift of \$500 for the purpose of purchasing teenage books has been received by the Lebanon library from donors who requested that their names not be made known. An additional gift is an up-to-date dictionary. Both are memorial gifts for the late Fred and Alice Bakerwell and Benjamin Franklin White. Several months ago a friends of the library group was organized in Lebanon for the purpose of securing needed items not covered by the city's budget. Other currently needed articles include a typewriter, paper cutter, book truck and a volume of Who's Who.

Lutefisk Today At Silverton

Silverton—The Trinity Lutheran Ladies are announcing a portion of their menu for the Lutefisk dinner, Armistice Day. The main course will feature Lutefisk served with melted butter, meat balls, boiled potatoes, lefse, hot rolls, relishes,
