**Pork Loins** lb. **49<sup>c</sup>**

Here's a chance for you folks with home freezers or lockers to put away some "grand eating" for use this coming winter. Here is the "choice" cut from Young Porkers. When you buy a full Loin, you are buying "scads" of those juicy, tender, center-cut Pork chops. And look at this Low per pound price.

**Pork Chops** lb. **69<sup>c</sup>**

Just the lean, center cuts from pink-meated Loins. If you like them cut thicker for stuffing with dressing, our meat cutters will be only too happy to oblige. Whether you like 'em thick or thin, we guarantee every one to be "mouth-watering" good.

**Smoked Picnics** lb. **39<sup>c</sup>**

Fancy, sugar-cured Pork shoulders. These roasts may be slightly more wasteful than the familiar "Ham." But, when you consider this Low price, we think you will agree they offer as much, if not more, for your meat money as the leg cut. Shanks are cut short to give you as little waste as possible. Guaranteed flavorful and delicious.

You get more good eating meat for your money when you buy Safeway guaranteed meats. When you compare meat prices, it is important to compare quality and trimming, too. All Safeway meats are trimmed free of excess bone, fat and waste . . . you pay only for good eating meat. Furthermore, Safeway buys only the top Government grades of Beef, Lamb, Pork, and Veal.

Safeway guarantees each cut to be tender and delicious or your money back. You may ask how Safeway can guarantee tenderness in every cut. The answer is meat aging. Meat not aged . . . even the finest Nature produces . . . can't have the complete tenderness . . . that rich juicy flavor you expect in top grade meat. That's the reason Safeway built a million-dollar Central Meat Plant . . . bringing scientific, natural meat aging to you.
