

Luby Retires as Salem Senator Playing Manager

General Manager Job Taken

Hugh Luby has put away his love and stored his spikes after 22 seasons around the base paths to move up as general manager of the Salem Senators.

Luby's retirement as playing manager for the local team of the Class A Western International league was announced yesterday evening after a

meeting of the board of directors. No steps have been taken to select a new playing manager, club president Bruce Williams said, but three leading prospects are under consideration.

Luby left for the San Francisco bay area immediately after the meeting for Oakland, Sacramento and San Francisco to confer with Coast league officials in regard to player help for next year.

Teams Finished High
In Luby's three years with Salem, his teams finished third in 1951, fourth in 1952 and in 1953 won the first half, tied for fifth in the second half, then lost to Spokane in six games in the playoffs.

At second base, Luby batted .316 and fielded .978 the past season. In 1952 he hit .317 and fielded .988 for the best in the league for second sackers.

Luby, cited by the board of directors for efficient managing of the Senators, broke into professional baseball in 1931 and his career includes one season with the New York Giants during the war after setting a record for consecutive games in the Pacific Coast league with the Seals and Oaks.

He came to Salem from New Orleans, where he managed the Pittsburgh Pirates' Class AA Southern association Peicans.

During the next two weeks, the Salem directors will screen possibilities for playing manager, Williams said. He listed them as Harvey Storey, last year with Vancouver as manager; Ray Perry, last year with Bakersfield of the Class C California league, and Mike McCormick, who piloted Wenatchee last year.

Business Volume to Rise
Williams explained that the change was made necessary by the increased volume of business expected when the Senators take over concessions and billboard advertising at Waters field. These new duties will be in addition to club promotion and front office management for Luby.

Luby earlier had indicated he might not be willing to play next season.

Williams said that the move leaves Deke Walker, business manager, without a baseball job here unless he is retained in another capacity.

The first home run by a major leaguer under the lights was hit by Babe Herman of Cincinnati against the Dodgers on July 10, 1935.

Thesz, Salem Mat 'Guest' Tuesday, One of Greatest

Lou Thesz, who wrestles Luther Lindsey here at the Salem armory Tuesday, is one of the greatest attractions in wrestling. Thesz is the world's heavyweight champion and last year a half million fans paid to see him.

Thesz, who is now 38, won the title when he was only 21 and since then has drawn more fans than many big time boxers. Several years ago a crowd of 25,000 paid over \$100,000 to see him meet Baron Leone in Los Angeles, which is an all-time high for a wrestling match.

Lou was born in St. Louis where his father was a cobbler. His father wanted his son to take up wrestling and soon young Thesz reached wrestling heights. The 225-pound wrestler is married and has a home in Glendale, California.

He raises Doberman pinschers for a hobby. During the war Thesz taught hand-to-hand combat to recruits at Fort Sam Houston in Texas. His manager is his former opponent Strangler Lewis, who became his manager in 1950. Thesz doesn't smoke and doesn't drink beer very often.
