**Grabenhorsts as Realtors Have Contributed Greatly to Sound Development of Salem, Valley**

W. H. Grabenhorst & Company, dealing in real estate, was originally founded in Salem in 1910—Since that time many millions of dollars have changed hands for purchase of properties sold by Grabenhorsts—Today, Grabenhorst Bros. represent the third generation of real estate dealers.

By E. KENNETH EVANS  
 Quoting in part from the preamble of the Realtor's code of ethics, adopted by the National Association of Real Estate Boards: "The Realtor is the instrumentality through which the land resource of the nation reaches its highest use and through which land ownership attains its widest distribution. He is the creator of homes, a builder of cities, a developer of industries and productive farms." This quotation has, perhaps, been better exemplified, in fact, by the three generations of Grabenhorsts through their real estate activities in Salem during the last 43 years, than any other real estate firm or institution. Primarily, Grabenhorst Bros., 134 South Liberty, in Salem, is today an operating real estate firm which is the outgrowth of W. H. Grabenhorst & Company, real estate dealers, established in 1910 and, today represents the oldest real estate firm, in point of continuous service, in Salem.

The major operations of the Grabenhorsts, over the years, has resulted, directly, in the development of downtown business blocks in Salem, shopping centers, sub-division and location of large department stores and industries. Standing as a memorial to the Grabenhorst activities is the Candalaria Heights residential district, in southwest Salem, which is accredited with being one of the outstanding subdivisions in the entire Pacific Northwest region. Today, there are some 300 substantial residences in this district. It presents the opportunity for one to view one of the most impressive sights, being a panorama of the beautiful and fertile Willamette valley, with the frowning Cascade range of mountains to the east, showing several snow-capped mountain peaks.

W. H. Grabenhorst came into the Oregon country, with his wife and 8 children, from Dayton, Iowa in 1902. Real estate offices were established at 275 State street, in 1910, by W. H. Grabenhorst. W. H. Grabenhorst & Company was formed and operated until W. H. Grabenhorst passed on in 1923.

Following the first World war, E. B. Grabenhorst, a younger son of the founder, came into the organization as a partner. With the death of the senior Mr. Grabenhorst the two sons carried on the real estate business actively, until 1947 when E. B. Grabenhorst died. Grabenhorst Bros. was organized in 1944 and engaged in the real estate and insurance business. Following the death of E. B. Grabenhorst, a reorganization was perfected and, out of this, came Grabenhorst Bros., composed of G. H. Grabenhorst, Sr., George H. Grabenhorst, Jr., Coburn L. Grabenhorst and Richard E. Grabenhorst, as a father and sons partnership, engaging in real estate, business investments, property management and general insurance. Well arranged departmental offices are maintained, today, at 134 South Liberty street. "There is no more dependable investment available in the entire Pacific Northwest region than money spent for a
