

Students Enter Speech Contest

Mt. Angel—Regional winners in the Voice of Democracy contest, sponsored by the National Association of Radio and Television Broadcasters and Manufacturers association, were Jeanette Wiese of Woodburn and Mary Lyons of Mt. Angel, both juniors at Mt. Angel Academy, Mt. Angel.

Previous to entering the regional contest the two girls competed with their own classmates. Runners-up were Ruth Dieker, Carol Brandt, Anita Wilde, and Rosemarie Golik, whose speeches were recorded on tape by Sister M. Margaret and then judged by the faculty. The local contest was sponsored by Albert T. Wilde and William Verboort of Mt. Angel. The first prize, a \$10 gift certificate, went to Jeanette Wiese and the second prize, a \$5 gift certificate, to Mary Lyons.

The regional contest was sponsored by the Silverton Junior Chamber of Commerce. Finalists besides Mt. Angel Academy girls were Carol Kruse and Janet Dellin of Stayton; Nancy Benson and Twila Gillis of Silverton. Prizes of a \$25 savings bond went to Jeanette Wiese and \$10 gift certificate to Mary Lyons. As a result of her victory, Jeanette Wiese will enter the state contest with the prospect of winning a radio or television set.

Retail Sales At Same Level

Washington (AP)—Retail sales were about the same in October as in September, the Department of Commerce said Wednesday.

After allowances for seasonal differences, October retail sales totaled \$14,105,000,000. This is about 100 million dollars less than in October 1952. Durable goods sales picked up about 1 per cent in October, with little or no change in sales of non-durable goods.

Retailers of jewelry, general merchandise and automobiles reported seasonally adjusted sales increases in October of 2 to 3 per cent over September. Gasoline service stations and clothing stores reported October sales declines, seasonally adjusted, of 2 and 3 per cent, compared to September.

Power Output In U.S. Down

New York (AP)—Electrical energy distributed in the United States last week dipped to 8,416,116,000 kilowatt hours from 8,457,342,000 the week before, Edison Electric Institute reported Wednesday.

Last week's figure was 5.6 per cent higher than the 7,971,149,000 kilowatt hours distributed in the same week of 1952, compared with gains of from 7 1/4 to 9 per cent in preceding weeks.

Utility sources said unusually mild temperatures in some areas reduced demand for electricity in the latest week.

All sections of the country showed gains over the same week a year ago. The Pacific Northwest was up 24.2 per cent.

First Jap Commercial Plane Lands in S.F.

San Francisco (AP)—With the Japanese merchant flag emblazoned on the fuselage, the first commercial Japanese airliner to cross the Pacific landed here yesterday.

The big Douglas DC6B carried 57 crewmen and passengers from Tokyo. It was a trial flight, preparatory to the start in early February of twice weekly service between Tokyo and San Francisco by Japan Air Lines.

PASSES DISCONTINUED

Berlin (AP)—Germans traveled through the Soviet zone between West Germany and West Berlin without special international passes Wednesday for the first time since 1945. Following the lead of the Western Allies and the West German government, Soviet zone authorities stopped demanding the passes Tuesday midnight.

The Twentieth Century Fund estimates that the United States and Canada produced about half the world's industrial output in 1947.
