Farm Sales Slightly Bigger

Washington (AP) — The agriculture department says farm sales were slightly bigger during the first 10 months of 1953 than in the same period last year, but the farmer received 5 per cent less cash. The department report yesterday said the decline, a total of \$24,860,000, was caused by lower prices. However, it said the consumer paid more for goods in general, with prices of industrial goods rising slightly to balance the lower prices of farm goods. The report also noted a small boost in charges for transportation, rent, medical care and other services. It said farm receipts from meat animals declined 7 per cent and for crops 2 per cent. \$338,288 to Boost Oregon

Various organizations in Oregon are spending a total of \$338,288 this year in an effort to attract tourists and vacationers, according to a survey recently completed by the Research Department of The Curtis Publishing Company. Deschutes County Advertising Committee is spending \$6,700; Hood River Chamber of Commerce, \$350; Klamath County Chamber of Commerce, \$2,750; Pendleton Round-Up Association, \$3,000; Visitors Information Center of Portland Chamber of Commerce, \$21,488; Travel Information Division, Oregon State Highway Department, \$275,000; Seaside Chamber of Commerce, \$9,000; and the Oregon Coast Association, \$20,000.

With the tourist and vacation travel industry being many times larger than it was before World War II, the report asserts, annual "sales" are now reckoned in billions of dollars. This money will be spent by Americans to satisfy their desire to see new places, to meet new people, and to have more fun in their growing amount of leisure time.

The Curtis survey, entitled, "State Area and Community Advertising and Promotional Expenditures in 1953," is based on a study of 242 state, area, and community groups located in all parts of the United States. The report, the seventh annual survey on the subject, shows in detail the amount currently earmarked for advertising and promotional purposes by these groups. Their expenditures to attract industry are also shown in the report together with a summary by states and regions of all tourist, vacation and industrial advertising and promotional expenditures.

Freighter Rams Pier To Avoid Collision

Portland (AP) — A Victory freighter rammed into a pier here Thursday to avoid collision with another ship in the Willamette river.

The prow sliced through 10 feet of the pier, crushing pilings, and cut a four-inch city water main, but the ship apparently escaped all damage except for a small dent in the bow.

The captain of the P & T Builder said he turned on speed and rammed the pier to avoid colliding with the India Mail.

Kiddies' Plea Brings Daddy Out of Jail

Seattle (AP) — If you had been Municipal Judge John H. Neergaard would you have granted this plea

"Dear Judge Neergaard: "You don't know us, but you put our daddy in jail for drunkenness. I'm not blaming you because he had it coming, but would you please let him come home for Thanksgiving because every Thanksgiving and Christmas daddy says grace and it wouldn't be the same.

"Our daddy is... "Please let our daddy come home." Sincerely yours, Mary, Jane and Jackie." The judge did—and canceled the remainder of the sentence, too.
