

### Safeway Buys Building Spot

A fifth Safeway store is in prospect for Salem. This was determined through the filing of a deed with the county recorder calling for the transfer of some four acres of land in Northgate addition in north Salem.

The tract acquired from Howard Olsen has a 450-foot frontage on the east side of the Pacific highway, immediately north of Stortz avenue. The property is in the area that was annexed to the corporate limits of Salem last year.

Purchase price was approximately \$60,000, according to revenue stamps attached to the deed.

Safeway officials indicated that construction of a new modern store may not be undertaken for several months. It was also indicated that the project might be in the nature of a shopping center since the site acquired was larger than that needed for the operation of a retail grocery outlet.

Safeway currently operates stores at 12th and Center, 2120 Fairgrounds road, South Commercial street and Court street west of Commercial.

### Air Force Reduction Cuts WU Enrollment

Willamette university has undergone a 25 per cent decrease in its advanced student enrollment this fall as a direct result of a nationwide reduction in the air force ROTC program.

Lt. Col. Norman W. Todd, AFROTC commandant on the local campus, reports that more than 125,000 young men were enrolled in 207 colleges and universities across the nation this fall. This figure, released by AFROTC headquarters in Montgomery, Ala., is a decrease of some 15,000 students.

The decrease has been attributed generally to the air force's requirement for the majority of cadets to take flight training following graduation and commissioning, and the cessation of hostilities in Korea.

Willamette's advanced AFROTC students currently number 24 seniors and 3 juniors.

### Miles Linen Mills Owner Buys Others

Bert Thompson, local manager of the Miles Linen Mills, has just received word that the Linen Thread Co., owner of the Salem plant, has just acquired four companies in the east and middle west.

Taken over are the R. J. Ederer Co., Ederer, Inc., Adams Net & Twine Co., and Pauls Fish Net Co. of Philadelphia, Chicago and St. Louis. These companies make fish and sports nets principally. Their operations will be continued, mainly under present brand names.

The local plant was founded by B. C. Miles back in the twenties. Fifty-one percent of the stock was purchased by the Linen Thread Co. in 1930 and the remainder in 1938.

### Leslie Students to Present Play Friday

Leslie Junior High seventh graders will present the play, "Life of the Party" Friday morning. Mrs. Lida Halverson, Leslie teacher, is the play director.
