

## Four Events Coming Up For City 4-H This Week

Activities for Salem 4-H club members and leaders include four different events during the next few days, James Bishop, city extension agent, reported today.

Photography clubs are being formed for boys and girls between ages 9 and 18. Those interested will meet Thursday evening at 7:30 o'clock in Room 203, Old High School Building.

## Waiting List May Be Cut

Salem's Naval Reserve surface division, which for some time has had to keep a waiting list of young men between the ages of 17 and 18½ years, now has a limited number of openings for men of that age group.

During November the unit enlisted eight young men and presently there are openings for approximately 20 more.

However, the enlistments will be handled on a "first come, first served" basis and after available openings are filled the names of the applicants will be placed on a waiting list in the order in which they make their application.

The unit can also use rated veterans of World War II and the Korean conflict to fill the roles of instructors for the division and assist in the guidance of new enlistees.

Salem's organized Naval Reserve Surface division 13-28 meets every Thursday evening at the Naval and Marine Corps reserve training center and all enlistments are processed at that time.

## Educational Film Shown Rotary Club

A motion picture dealing with the visual and industrial department of the Oregon state board of higher education constituted the major portion of Wednesday's program of the Salem Rotary club.

Ted Chambers, member of the board, in an explanatory statement, said that the film was made over a period of 11 months and covered a period of 80 years of history. The picture, during its production, was in charge of Travis Cross, Salem young man, who is now attached to the state board of higher education.

Chambers stated that the board had authorized the production of a second film which will be known as the "Capitol Tour," which should be of interest to Salem folk.

Bill Briggs was introduced as Rotarian of the month from Willamette university, and Elmer Berglund, chairman of the international relations committee, said that more families were needed to play host to four Willamette university students from foreign lands during the Christmas holidays.

## Home Nursing Classes Start

As part of the joint program of Marion County Civil Defense and Marion County Chapter Red Cross, a series of classes in home nursing is being organized to start in mid-January, according to Wallace S. Wharton, director of Marion County Civil Defense.

Invitations to enroll are being sent to members of PTA, the veterans' auxiliaries and the women of the various Salem churches.

The course is the standard Red Cross program in home nursing, consisting of six two-hour lessons, with one lesson period each week. Recognition of certain illnesses and injuries and the home techniques required for treatment are covered in the course of instruction.

Graduates are awarded the Red Cross certificate of qualification.

"The Red Cross now has

enough qualified instructors to be able to hold classes in forenoon, afternoon and evening hours to meet the convenience of the women enrolled," Mrs. Helen Bailey, Red Cross manager, said.

"Class room facilities and equipment are being set up in Red Cross headquarters, 434 North High street and at the State hospital."

There is no charge for the course, Mrs. Bailey explained.

Women desiring to enroll should register at Red Cross headquarters, telephone 2-3555, giving their name, address, telephone number and the hour and day of the week most convenient for them to attend.

When classes are organized each enrollee will be notified of the time and place of the class most convenient for them.

## Bootery Store Changes Hands

Joe and Jack Parod, owners of the Fashion Bootery Shoe Chain, have announced the sale of the entire 11 stores in the west and northwest to Nyal and Herman Roe, nationally known shoe men who operate Roe Bros. and Leeds stores. Fashion Bootery has been in business for 30 years. All present personnel will remain, and stores will continue to operate under the name of Fashion Bootery. The acquisition of these stores expands Roe Shoe Stores operation to every state in the west, according to L. Epstein, manager of the store.

High style, top quality and lower than average prices represent the secret of Roe's success, together with the fact that many of the styles they feature are made for them exclusively.

In order to restock with all new merchandise, and to in-

augurate new fashion policies and merchandising ideas, all the present stock of Fashion Bootery's has to be cleared out, right to the bare walls. Prices of all this very fine ladies' footwear, hosiery, handbags and slippers have been slashed with complete disregard of cost, and offer an exceptional opportunity to buy quality goods at bargain prices. Roe Bros. anticipate that, at these prices, the stocks will be cleared very quickly, and suggest that customers will be well-advised to come early in this clearance sale for the best selection.
