The new revolutionary collar on
Van Heusen Century shirts
won't wrinkle... ever!

Even the most critical of men are enthusiastic about the Van Heusen Century. Because here is the only shirt in the world with a soft collar that won't wrinkle ever!

It's as soft as a fine handkerchief... and woven on a curve to fit the contours of your neck. What's more, it's the world's easiest shirt to launder because the fold-line is woven in. Your wife just irons the collar flat, flips it—and it folds neatly, perfectly. We'll give you a new one free if it ever shrinks out of size.

You'll be wearing your Van Heusen Century for a long, long time. Long past the age when wearing and washing usually take their toll, your Van Heusen Century will come up smiling. Choice of regular or widespread collars.
