Alderman Wants Park to Honor Late Thomas Kay

Alderman David O'Hara Monday night criticized the city of Salem for "never having recognized one of the finest citizens who ever lived here."

He was speaking of the late Thomas B. Kay, who was state treasurer for many years, served in the legislature and who was active in various ways as a Salem citizen.

It came up in connection with a letter from Rita Holman, student body president at Englewood school thanking the council for giving the young students an opportunity to see the plans for improvement of Englewood Park, which is sometimes known as Kay Park.

The letter made several suggestions for other improvements, including one that the name Kay Park be placed at the entrance.

O'Hara liked the idea. In the discussion it was brought out that while the park is sometimes called Kay Park it is officially Englewood Park, and City Attorney Chris J. Kowitz said it had been acquired from Kay by purchase.

"Nevertheless, he did more for that park than any other man, living or dead," said O'Hara.

Alderman Tom Armstrong said relative to the letter from the students that "when 11-year-old children take that much interest in city matters it looks good for the future citizenship of the community."

The letter and O'Hara's comments were referred to the city manager and the park board for a later report.

Other suggestions in the letter includes: A court for playing rubber horseshoes. An area for younger children to play, free of hills and holes. Softball diamond. Fence around wading pool. A trash can for candy wrappers. Cover for sand box to keep out dogs and cats.

Accuse 2 Men Of Mail Theft

Lebanon—A federal charge of theft from Sweet Home mail was made over the weekend against two local men and both have been jailed at Albany, according to orders of Harold E. Young, federal inspector of mails at Salem.

Accused are Richard L. Durham, a Sweet Home city postal carrier, and Donald W. Childs, Lebanon, star route carrier, who takes mail from Lebanon to Cascadia. Both were specifically charged in separate

complaints of taking money from letters mailed at Sweet Home and addressed to the Linn County Tuberculosis and Health association at Albany. The complaints state that Young is a witness in relation to the charge.

Durham was admitted to the county jail at Albany Friday night and released under \$1,000 bail the next day. Childs was jailed Saturday noon and bail set at \$1,000 which had not been put up Monday at noon.

Durham was employed at Lebanon in the post office for almost two years before serving with the marines, returning to Sweet Home where he was then employed at the post

office. Childs is employed as a star route contractor from Lebanon to Cascadia. The inspector said that Childs denies the charge against him. The Sweet Home office had no comment to offer Monday, admitting that the investigation still was not closed. Young said that all losses occurred at Sweet Home.

Sweet Home Councilmen Plan Improved Fire Code

Sweet Home — The council denied a request by Lyle Bartholomew, a Salem architect, who asked that the Jan. 12 date for opening of bids for construction on Sweet Home's new city hall be changed.

A referral to the street committee was given upon the proposal that a sidewalk be constructed on the south side of K St. east of 8th Ave. intersection.

Ordinances passed for third and final reading included an ordinance that amends the insurance section of the city's television ordinance so that TV installers are required to carry liability insurance covering only the period of installation; an ordinance adopting the viewers report for Street Improvement District No. 12, and an ordinance authorizing the issuance of approximately \$40,000 in Bancroft bonds for completed street and sewer improvements.

Since the city's new television ordinance prohibits the installation of TV antenna high enough to fall across power lines, unless special permission is granted by the council, the McGlothern Brothers came before the council requesting permission to extend up to a height of 50 feet. Permission was granted so long as proper guy wires are used and the installation is approved by the city building inspector.

Petrillo Says TV Costing Jobs

Washington (AP)—James C. Petrillo says television is costing many of the nation's musicians their jobs.

"Television is doing a job against us," Petrillo, president of the American Federation of Musicians, said yesterday after a call on President Eisenhower.

"You get a television set at home and you just sit there. You don't want to get out."

Petrillo urged the federal government to subsidize symphony orchestras in smaller cities to prevent the death of "serious music" in America.
