A little wiser?
"Perhaps!"
Accomplishments in the last twelve months?
"Well, John got a slight raise in salary in November. And we painted the house at long last. I suppose we could include our week's vacation in the Adirondacks in the summer. These things seemed so important at the time, but now they aren't even vivid recollections. Funny how insignificant they have become."
But aren't there moments which you do recall, things of which you are proud?
"Yes, now that you mention it, but you wouldn't be interested. They were such small things—taking care of our elderly neighbor during her illness—helping at the Orphanage on Saturdays—bringing our friend's children along with ours to Church... assisting with the decorating and painting at the Church... I'm beginning to see what you mean. These are the important events of last year."
.....
Try the above experiment on yourself. It's amazing how time will give a different perspective to our lives. True values, values of the heart and spirit are those that persist and become real. Your Church is where you cultivate this all-important aspect of living.

THE CHURCH FOR ALL... ALL FOR THE CHURCH
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.
