Shown here is the court view of new South Salem hig school showing set-backs, diverse window patterns and older architectural patterns of Lealie Junior high school. Under construction and shown at the left is a marquee beneath which school buses will discharge and load trans-

# Yellow Saturn and Red Mars Now Huddle Close Together

By J. HUGH PRUETT

is the short vertical line of

three moderately bright stars, evenly spaced and all of near-

him. Much higher, yellow Capella sparkles Note Procy-

on almost on the eastern hori-

and the longest days of June.

At present, the planets Mercury and Venus are practically other planets, it is not a star place in production value from fin the direction of the sun and (stars are all distant suns) but gold, which had been Canada's control to the planets of th so are absolutely invisible to another world of our solar systhe unaided eye during any tem. time of day or night.

Yellow Saturn and red Mars tions of the brighter stars, let are now huddling close to us study the sky around two gether. An hour before sunrise they are a little east of due south and fairly well up in the sky, Their closest approach to each other was on the morning of January 2 when Saturn was only a little most there was not because in the short vertical line of only a little more than one de-gree above Mars. Saturn is somewhat the brighter of the two, but neither can at pres-ent be classed as brilliant.

The planet Jupiter is now a ine "evening star." Half an hour after sunset it is well above the horizon somewhat north of east. By 10 p.m. this splendid object glows only a little south of the zenith, and

# Oil Canada's No. 1 Mineral

came Canada's No. 1 mineral during 1953 and led total mineral production to a record and or annual value of \$1,331,000,000.

A new year is with us. The sets in the west-northwest sun is still very low in the about an hour before sunrise. sun is still very low in the about an hour before sunrise at 198 million dollars, a gain southern sky during the entire Jupiter is very brilliant, now of 55 millions from 143 millions day, and is above the horizon ranked as magnitude minus in 1952. Output reached 81 milonly about half as long as dur
2.3, and is easily the most lu-

most valuable mineral for near ly 25 years. Prolonged strikes For our evening observaat some mines cut gold produc-tion to 4,061,000 ounces from 4,471,000, and value to 140 million dollars from 153 millions.

The total value of all mineral production was 3.4 per cent above the 1952 total of \$1,285,-000,000, capping a steady 10-year increase from \$485,800,000

## **Confesses Plot** ly the same brightness. This is the belt of the famous hunt-er. To the left and a little higher than the belt, we find the brilliant red star Betelgeuse in Orlon's shoulder; to

geuse in Orion's shoulder; to the right and a little lower, the blue-white Rigel blazing in his shoe buckle.

Considerably above Orion note the small V of the Hyddes lying on its side with the point toward the right. The only bright star in this group is orange Aldebaran at the end of the lower arm of the V. Still higher than the Hyddes lying be the conspictous but still smaller group of the little stars of the Pleiades form a tiny dipper.

Above the east-northeastern horizon, we spot orange Pollux with his twin brother yellow Castor immediately above day.

Moen was caught after police set a careful trap last Wednesday night in the neighwhere three of the families live. Chief Dovey said a dummy pickage was dropped at an intersection and

However, there was no im-mediate official announcement and snatched up the bundle, of his arrival times

## PARTY PROVES COSTLY

Chicago (A") — The New Year's Eve party Mrs. Isabelle Tagliere attended was a costly one. Mrs. Tagliere, a widow, told Albany Park police yesday that while she was at the party burglars broke into he man and took \$500 cash and tree and took \$500 cash and the second to the and took \$500 cash and the second to the second to the second took \$500 cash and \$500 cash an furs and jewelry she valued at secret—he not only had no dy-\$10,695.

minent British politician, dipolmat and man of letters, died yesterday aboard the French steamship Colombie off Vigo, Spain. He was 63, Lord Norwich — who was

Alfred Duff Cooper before he was raised to the peerage in 1952 - collapsed in his cabin while on a cruise to Jamaica. His wife, society beauty and former actress Diana Manners, was with him when he died. She planned to accom-pany his body to England by plane today. A member of Parliament

for over 20 years, Lord Nor-wich served as minister of war and first lord of the Admiralty in prewar Conservative governments. He was minister of information in Prime Minister Churchill's war Cabinet from 1940 to 1943 and then was Britain's first postwar ambassador to

A fight that was started the first of this week against the one-way street grid will go into the hands of a committee of business men Monday noon that will take over the responsibility of the fight and attempt to carry it through to a con

The committee will be selected at a meeting of 24 business men at the Senator hotel at noon.

Asked for the names of the two dozen men who are to meet, Al Mefford, one of the leaders in the movement, said:

"I don't feel at liberty to give you the names now, but you would be surprised if I you would told you."

The committee will attempt to get the city council to repeal the one-way grid legisla-tion on the strength of informal petitions that were signed during the week.
