## Better Prices In Stocks Seen

Business may be a little lower in 1954, as we emerge from an unsound business period into a sound one, but it will be steady and there should be no panic selling by investors, Miles Burgess, San Francisco investment banker, told a large Chamber of Commerce audience Monday in the Hotel Marion.  
 Burgess declared that stocks have had a half year, selling abnormally low in ratio to earnings and book values. He predicted that the lows of Sept. 1954 will stand for a long time and that the outlook for stocks in the year immediately ahead is excellent.  
 The speaker said 91 leading American stocks that sold at an average of \$51 a share in 1948 now selling at only \$45 a share, although their book values, earnings and dividends are much higher now.  
 Investors must make up their minds what they want. If maximum safety they must be prepared for forfeit income and growth of principal. This means that over the long pull they will lose, for the long term trend in all countries is for the monetary unit gradually to lose purchasing power.  
 Imagination and willingness to take some risks are needed by the investors, he pointed out. Burgess was introduced by Charles Sprague, Bill Hammond, Chamber president, presided. Arthur, Harold and Ralph Smithers and George La Bode, local investment men, were among those seated at the head table.  
 Earl Newbury, secretary of state, drawing for the attendance prize, Peggy Peterson, and promised a box of pears for a second draw, which was won by Carl Wendt.

## Langley War on Reckless Drivers Gets Results

OLYMPIA (AP)—The second phase of the war against reckless drivers got off to a flying start Monday when, for the first time in several years, no deaths were reported on the state's highways over the New Year's weekend.  
 A year ago seven persons died in auto crashes during the New Year's holiday, the State Patrol reported.  
 The new traffic enforcement campaign began at midnight Dec. 31, immediately after the first safety drive ended.  
 The scoreboard thus far in 1954 shows no deaths as compared to six for the first three days of 1953. The state ended 1953 with 473 traffic deaths as compared to 561 during 1952—a reduction of 88.  
 Much of the reduction was accomplished during the last two months of the year when law enforcement officials throughout the state put on a concerted campaign to cut the death list for November and December in half.  
 Under the leadership of Gov. Langley, the state was shooting for a saving of 67 lives, half the number killed on the highways and streets during the same two months of 1952.  
 The two month drive missed the target, but still came up with a reduction of the death list by 56. The final score as reported by the State Patrol showed 78 persons lost their lives in November and December of 1953 as compared to 134 in the same two months of 1952.

## Little Polo Victim at Noon Meeting

A living example of what the March of Dimes program has accomplished was presented at the weekly luncheon of the Chamber of Commerce Monday noon at the Marion.  
 She was year-old Linda Howard, daughter of Mr. and Mrs. Robert Howard, who was stricken with polio more than a year ago. Following the attack she was helpless, but during the past year has recovered sufficiently to enable her to walk with the aid of braces.  
 "We haven't got it licked yet, but with the help of the March of Dimes, we are making good progress," reported the father. Howard was introduced by Wallace Cowan, who presided in the absence of Arthur Atherton of the local polo foundation.

## Motorist Accused Of Reckless Driving

A charge of reckless driving was brought against Roy Francis Rice, 1005 North 15th street, early Sunday morning when he was involved in an accident in the 1800 block of North Summer street. He was fined \$75 on the charge in Municipal court Monday morning.  
 A witnessing police officer said Rice skidded as he attempted to make the turn off Fairgrounds road onto Summer street, then skidded again as he tried to straighten the car back out and finally went over the curb and along the parking to collide with the car of Elva Bicknell, 2360 Maple avenue, in front of 1845 Summer street.  
 No one was injured but both cars suffered considerable damage, police said.

## CHICAGO GRAIN

CHICAGO (AP)—A little increase in offerings of cash grain back in the country was enough to send prices down on the board of trade Monday.  
 Soybeans dropped several cents at one time on reports of country selling. Corn also weakened, traders noting cash corn purchases on a to-arrive basis expanded to 50,000 bushels. There were reports of more wheat being offered in parts of Kansas and Nebraska.  
 This increase in selling of cash grain by the country was not entirely unexpected as it had been felt the new year, with its lower tax rates, would produce an expanded movement of grains held back during the last part of 1953.  
 Wheat closed 1/4-1/2 lower, March 2.05 1/4-2.05; corn 1/4-1/2 lower, March 1.53 1/4-1.55; soybeans unchanged to 3/4 lower, Jan 3.07-3.07 1/2, and lard 12 cents lower to 15 cents a hundred pounds higher, Jan 16.45.  
 Cattle market with practically all types of steers and heifers selling steady to 50 cents higher. Cows, bulls and vealers also advanced with the last named offerings ahead as much as 1.00. Top on steers was \$24.00.  
 Slaughter lambs and sheep sold steady in a moderately active trade. Good and choice wooled slaughter lambs sold at \$18.50 to \$20.00 with choice and prime types bringing \$20.25 to \$21.25.  
 Other salable receipts were estimated at 17,000 cattle, 500 calves, and 4,500 sheep.

## CHICAGO LIVESTOCK

CHICAGO (AP)—Hog prices tumbled sharply Monday in response to heavy receipts, both at Chicago and other terminals.  
 Butchers lost 75 cents to \$1.25 while sows were off 75 cents to \$1.00. The event of 1954, with its lower income tax rates, brought a big enough increase in hog runs to indicate some hogs had been held back toward the end of the past year.  
 Salable receipts at Chicago totaled 18,000 head compared with 12,319 a week ago. Receipts at leading terminals totaled 129,100 head compared with 102,590 a week ago and 110,167 a year ago.
