FINAL EDITION

59 Prisoners Transferred to Segregation

29 More Troublemakers to Be Transferred in Next 10 Days

By JAMES D. OLSON Transfer of \$50,000 from the penitentiary cell block allocation to permit completion of the control room in the main prison and the new maximum security building, was authorized Tuesday by the board of control. Fifty-nine prisoners, all typed as troublesome and dangerous, have been transferred from the main prison to the new maximum security building. Warden Clarence Gladden expects to transfer 26 more within the next 10 days after final touches have been made to the new building. The maximum security building is three stories, with three tiers of 90 individual cells. A wide corridor fronts the cells where the prisoners can take exercise daily.

Convict Labor Slow Construction of the maximum security building was first launched with prison labor, but later when progress was seen to be rather slow, contract was entered into with a private contractor for completion of the building.

Warm, Balmly Weather Here

Unseasonably balmy temperatures prevailed in Salem and adjacent areas, Tuesday morning, there being only one degree's difference between the Monday maximum and the Tuesday morning minimum. The high for Monday was 53 degrees, the Tuesday morning minimum was 52 degrees. The warm temperatures and some rain are due to continue through Sunday the five-day forecast says. The warmer air also has hit the high elevations, with no snow falling in the Tuesday report and that snow already there melting. Rivers of the valley will continue to come up slowly through the mid-week. The Willamette at Salem was up 8 1/2 Tuesday morning. The Santiam at Jefferson was near the flood mark but was receding Tuesday morning, the reading being 11.8 feet. Chains are not needed in any place in the state during the mid-week, the state highway report reveals, warm winds having melted most of the snow at higher elevations. There were some icy spots on some of the pass routes, however, otherwise driving conditions were good throughout the state, Tuesday.

Spellman Gives Fund to Hospital

TOKYO (UP)—Francis Cardinal Spellman, fulfilling a year-old promise, matched with \$25,000 the contributions of Catholic servicemen to build a charity hospital in Japan, it was revealed today. The Catholic prelate, who started home yesterday after his third Christmas visit with U.N. troops in Korea and Japan, promised last year to match GI donations to \$25,000 to build a 50-bed hospital for poor people in Sendai, Northern Japan. Allied troops collected \$25,300 between Spellman's last two Christmas visits to the Far East, and the Catholic leader made good on his promise.

Fulbright Wants to Consider Alaska too

WASHINGTON (AP)—Sen. Fulbright (D-Ark.) said Tuesday that if the Senate takes up the question of statehood for Hawaii it also should consider admitting Alaska to the union. Such dual consideration was voted last year by the Senate Interior Committee but had the effect of stymieing the measure. In that form it was unpalatable to the GOP leaders of the Senate. Fulbright told a reporter he doesn't look with favor on statehood for either territory at this time but said that if one is to be made a state both should be admitted. The Republican leadership in the Senate has indicated one of the early matters to be brought up this year will be the Hawaiian statehood bill. The Interior Committee reportedly is set to vote on the Hawaii bill alone.

AIR CONDITIONING NEW YORK (UP)—Nineteen fifty-four marks the 52nd anniversary of the air conditioning industry. Willis Carrier, the inventor, made his first installation in a Brooklyn printing plant in 1902.

Data on Spies Given Senators By Gouzenko

Russian Gives Information Usable for U.S. Security

NEW YORK (AP)—Two senators said Tuesday Igor Gouzenko, who helped smash a Russian spy ring in Canada, had given them names and information usable for the internal security of the United States. Sen. Jenner (R-Ind.) and McCarran (D-Nev.) told newsmen on returning from a trip to Canada that they questioned Gouzenko for more than five hours Monday. Gouzenko formerly was a code clerk for the Russians in Canada. The senators declined to reveal where they had seen Gouzenko at what they described as a hearing. They said their mission "was accomplished and it was satisfactory." Jenner and McCarran arrived at Pennsylvania Station here at 9:20 a.m. (EST) aboard the Washingtonian from Montreal. Judge Presides at Hearing They said the hearing was presided over by J. C. McRuer, chief justice of the Supreme Court of Ottawa. Jenner, chairman of the Senate subcommittee on internal security, said he would study the transcript of the hearing and probably make a formal request to the Canadian government to release the information.

Asked if Gouzenko had mentioned names, Jenner said: "Yes, names were mentioned, but under our agreement we cannot discuss it." To a question as to whether he had "learned anything" from the interview, Jenner said: (Continued on Page 5, Column 6)

McCarthy to Continue Hunt

WASHINGTON (AP)—Sen. McCarthy said Tuesday he has no intention of abandoning the Communist-investigation field. He said no one in the administration "from President Eisenhower on down has asked me to." He told reporters his Senate investigations subcommittee "will continue roughly in the future as it has in the past. He has just ended a year as its chairman a year devoted mostly to Red hunts. The Wisconsin Republican spoke out following publication of reports in several newspapers that the Eisenhower administration has been urging McCarthy to concentrate on investigating waste and corruption, leaving searches for subversives primarily to others. Accounts to that effect, saying also that McCarthy was said to have agreed, were carried by The New York Times and Herald Tribune and by the Washington Post and Evening Star. McCarthy, after his comments to newsmen, went before a question and answer session of the Washington Speakers Conference on Public Affairs.

Whitney Heads Canners Group

PORTLAND (UP)—Vernon Whitney of the Walla Walla Canning Co. Wednesday was elected president of the Northwest Canners Assn. He succeeds James E. Klahre of the Hood River Apple Growers Assn. Other new officers are Berkely A. Davis, Milton-Freewater, first vice president, and Norman W. Merrill, Salem, second vice president. C. H. Tulley, Portland, was re-elected executive vice president. Directors are John Hillstrom of Portland, W. S. Miller of Milton-Freewater, Melvin Millet of Salem and Fred Moss of Fayette, Idaho. At the opening session of the association's annual meeting Monday, E. C. Wilkie, vice president of the National Canners Assn., praised progress of the Northwest canning industry.

Claim of \$57,000 Won After Loss of Eyesight

Chester A. Johnson, former baseball player and general athlete, who lost his eyesight as a result of an accident, was granted damages of \$53,663.15 Tuesday in a claim against the Valsetz Lumber company. The actual allowance was \$57,500, the difference representing money the lumber company has previously spent on the Johnson case for medical attention. The case did not go to trial, but the settlement is an order authorizing compromise of claim in the court of Judge Rex Kimball. Dorothy M. Johnson, wife of the claimant, was conservator in the case. Johnson, who formerly lived at

HAPPY REUNION

Chicago, Jan. 5—Little Wee Chew Chung, 4, is held by his father, Billy Woo of Knoxville, Ill., as Mrs. Woo looks on after arrival at Midway Airport today. The boy, who escaped with his mother from Chinese Communists, made the trip from Hong Kong by himself because his mother had joined her husband a couple of months ago. Both mother and son were smuggled out of Red China into Hong Kong to await opportunities to get into the United States. (AP Wirephoto)

Premier Pella Of Italy Resigns

ROME (AP)—Prime Minister Giuseppe Pella resigned Tuesday night in a sudden climax to an internal feud in Italy's middle-of-the-road, staunchly pro-American Christian Democrat Party. Pella tendered his government's resignation to President Luigi Einaudi after a 20-minute emergency cabinet meeting. Pella, who took over the reins of the government last August from Italy's first postwar prime minister, Alcide De Gasperi, said the President accepted his resignation. The crisis arose over growing dissonance in the party over the make-up of the cabinet. A faction of the Christian Democrats feared Pella was too right-wing and would scuttle some of De Gasperi's reforms. The Prime Minister told newsmen he had been confronted by facts and difficulties which "convinced me it was impossible to continue." Einaudi's secretary said the President would start talks among party leaders Thursday in a first move to find someone to form a new government.

Court Order to Stop Wedding

EDINBURGH, Scotland (UP)—Bollan in magnate Anton Patino Tuesday was granted a court order temporarily forbidding his 15-year-old daughter from going through with a runaway marriage. Patino's slender, dark-eyed daughter Maria Isabella and her love 20-year-old James Goldsmith, son of a wealthy London hotelier, still were nowhere to be found as the father took this latest step to ward off their wedding. Both families think the couple too young. Patino earlier Tuesday hired a team of private sleuths from one of Edinburgh's leading detective agencies to press his search throughout Scotland for the young couple. The multi-millionaire South American then obtained the court order, which means Maria Isabella and James cannot get married Wednesday as it was believed they had planned to do. They filed a marriage application a week ago, and any time after 10 a.m. Wednesday they could be made man and wife. The ceremony could be in any house, church or register office in Scotland.

Union Requests Crime Buster

WASHINGTON (AP)—The International Longshoremen's Assn. charges it was crime dominated, has asked Labor Secretary James P. Mitchell to recommend a "top level crime buster" to rid the union of racketeers. Union counsel George A. Brenner also said the ILA plans to file unfair labor charges later this week against New York Gov. Thomas E. Dewey and AFL President George Meany. The request is part of the union's plan to retain its position as bargaining agent for about 24,000 dock workers in New York. Brenner accused Dewey of "conspiring" with Meany to "swipe the union and hand it over to the AFL." The AFL has set up a rival longshoremen's union.

To Canonize Pope Pius X

Vatican City, UP—Pope Pius X will be canonized a saint of the Roman Catholic Church in a public ceremony in St. Peter's Square May 29, 1954, it was announced today. The following day, Sunday, May 30, a solemn mass in honor of the new saint will be celebrated by a member of the Sacred College of Cardinals, with Pope Pius XII in attendance. Pius X was pope from 1903 to 1914. The canonization of Pius X is the first major ceremony announced for the Roman Catholic "little" holy year, dedicated to the Virgin Mary.

Bulk From 1,610,000 Stolen eau Found

Recovered in Metal Box on Virginia Farm

WASHINGTON (AP)—A man and woman—both young Negroes—were escorted from the Treasury building under secret service guard Tuesday, and Treasury sources said they were held in connection with the theft of \$160,000 from the Bureau of Engraving. WASHINGTON (AP)—The Secret Service was reported to be holding at least two suspects late Tuesday in connection with the theft of \$160,000 from the government's Bureau of Engraving. Part of the money was found earlier in the day cached on a Virginia farm. The Secret Service declined to confirm the report of suspects under arrest, or talk about the case at all, but Chief U. E. Baughman announced he would see reporters late the day. Virginia State Police had told newsmen that the "bulk" of the money had been recovered. They said it was found in a metal tool box on a farm near Centerville, Va. State troopers, there said they did not know exactly how much of the money was recovered or whether any arrests had been made. They said the Secret Service in Washington would report further developments. Secret Service headquarters here declined for the moment to discuss the case. It was learned, however, that several agents were in Centerville. (Continued on Page 5, Column 4)

Formosa to Get 14,000 Chinese

Reds Stick to Perfidy Charges

TAIPEI, Formosa (UP)—About 14,000 anti-Communist Chinese war prisoners are expected to arrive here from Korea in early March and the government plans a gala welcome for the men it calls "patriotic soldiers." The prisoners have returned to Formosa and are expected to be released from military custody in Korea Jan. 23. Gen. John E. Hull, the U. N. Far East commander, is to arrive here Monday and he was expected to discuss final arrangements for the prisoners' transportation to Formosa. Reports circulating here said the U. N. Command was to assume responsibility for delivering the men safely to Formosa ports. Officials here said the prisoners will be given the choice of serving in Nationalist China's army or becoming civilians. All are expected to undergo "political briefing courses" on their arrival. TOKYO (UP)—Communists demanded today that the United States resume negotiations to convene the Korean peace conference, but refused to withdraw charges of American treachery in the freeing of 27,000 anti-Communist war prisoners last June. Radio Peiping said a Washington report that the Communists would withdraw their charge of U.S. "perfidy" was "pure fabrication." "It makes it quite clear that the American side has no intentions of resuming discussions," the broadcast said. The broadcast demanded that the United States "relinquish its obstructive activities and immediately resume the Panmunjom discussions for an early convening of the political conference."

Trotsky's Killer Wants Freedom

MEXICO CITY (UP)—It looks like Leon Trotsky's killer, Jacques Mornard, may want to get out of jail after all. Mornard, serving a 20-year sentence for killing Joseph Stalin's onetime chief rival, became eligible for parole Dec. 20. When no word was announced of a petition for his release, observers figured he preferred the safety of Mexico City's huge stone penitentiary. There a heavy guard protects him from possible avengers, or anyone who might want to shut his mouth forever. Monday, however, Judge Ignacio Calderon Alvarez said he had met Mornard in a prison corridor and the man told him he had applied for parole and been refused. The judge said Mornard asked his help. Mexico City's social welfare department, which acts as a parole board, said no petition for release had been filed with it yet.

Europe's Winter Storm Blowing Itself Out

LONDON (AP)—Shivering Western Europe, battered by three days of storms, mobilized its defenses Tuesday against new onslaughts from Old Man Winter. While salvage and rescue teams from Scandinavia to Italy took advantage of a momentary lull to dig out snowbound autos and trains and strengthen flood weakened dikes, the weatherman warned more trouble was on the way. Most of the fury of the winter's first big storms blew itself out by Tuesday after playing the clown in at least two areas. In the Aegean area of semi-tropical Corsica, the French island in the Mediterranean, snow fell overnight. Around Sondrio, a little town on the Italian-Swiss border which normally gets the first snow of the Italian winter, violets and daisies bloomed in the fields amid springlike weather while nearby roads and mountain passes were blocked by snowdrifts. Along Germany's Baltic coast the

Poland Persecutes Another Prelate

VIENNA, Austria (UP)—Another Roman Catholic prelate has been added to the growing list of priests who have incurred the wrath of Poland's Communist government. Diplomatic sources here reported Monday that Archbishop Eugen Baziak of Krakow, who was last heard of nearly a year ago, is being held in confinement in Tarnow, southern Poland, 45 miles from Krakow. Archbishop Baziak dropped from sight shortly after a Polish military court sentenced a number of Catholic priests to death or long prison terms at Krakow almost a year ago. The archbishop had been accused in the Polish press of tolerating "anti-state activities" of his associates.

Weather Details Maximum yesterday, 50; minimum today, 32. Total 24-hour precipitation: .30; for month: 1.93; normal: .29. Season precipitation: 71.72; normal: 52.26. River stage: 4.5 feet. Report by U.S. Weather Bureau.
