KPTV Sold to Storer Group

CLEVELAND (AP)—KPTV, Portland, Ore., UHF television station, was sold Friday to the Storer Broadcasting Co. of Miami, Fla. Storer paid \$1 1/2 million dollars in the deal in which title to Empire Coil Co. of New Rochelle, N. Y., and another television station, WXEL, of Cleveland, changed hands.

Transfer of the two TV stations is subject to approval by the Federal Communications Commission. Herbert Mayer, president of Empire Coil, said he was disposing of the property to devote more time to his family. Besides operating the two stations, the firm employs about 300 persons manufacturing transformers and other television equipment at New Rochelle. Storer said at his Miami headquarters that work would continue substantially as before at the plant and at the two stations.

Numbers Spur Memory for Silverton Man

SILVERTON — A coincidence in matching numbers of an unusual nature was verified by W. E. Light, veteran of World War II, when it was necessary to send in his disabled veteran claim number in checking with the veterans administration requirements, Thursday.

In a conference with F. M. Powell, local service officer, Mr. Light was asked if he brought his "claim number" with him, to which he replied that he remembered it without reference for two reasons, he had a memory for figures, and a happening.

Light drove a Cletrac tractor for seasonal cultivation of the Fred and Ernest Stadell hop growers for three consecutive seasons, and did his own repairing, many times having to buy new parts which required the serial number of the engine.

On his first repair job, this serial number, S-198-487, elicited a memory of another number. His claim number as a disabled veteran is C-198487.

South Salem

SOUTH SALEM—Extensive courses in pump operation are scheduled for Liberty - Salem Heights fire department on Tuesday, Jan. 12, and Wednesday, Jan. 13, at 7:30 p.m. at the fire hall on Lansford Dr.

Earl Albright, a traveling instructor from the Oregon State Vocational school, will be here to give the course. This course is strictly a specialty in pumps. He will lecture and use a miniature pump on Tuesday evening and will demonstrate on the district's pumps Wednesday evening. This course is open to the public.

Mill City Lions to Back March of Dimes

MILL CITY — Charles Kelly, president of the Mill City Lions Club, has announced that the Lions will sponsor the 1954 polio drive in Mill City.

The campaign will run through the month of January. Several fund raising projects already have started. Wednesday evening the High

school varsity played the faculty men a benefit basketball game, while the High School girls were opponents in a volleyball game.

The Mill City Women's Club will sponsor the "Mothers March on Polio," again this year. The Ladies Auxiliary of the Lions Club already have raised \$140 for the fund through a series of "Coffees." Miniature test tubes have been placed in business establishments. Date and place of the annual Roosevelt Birthday Ball will be announced later.

Oil Domes Located 800 Miles From North Pole

OTTAWA (AP)—Canadian government geologists have made a discovery only 800 miles from the North Pole which some day may surpass the oil wealth of Saudi Arabia and Texas.

The discovery comprises "salt domes" far north of the Arctic circle in a 40,000-square mile area of the Arctic archipelago. Under the treeless stretch of tundra may lie one of the biggest reservoirs of oil in the world.

Officials here are excited about the find, made last summer after some peculiar rock formations showed on aerial photographs taken by the Royal Canadian Air Force. The find was made by W. W. (Bill) Heywood, 31, of Cowichan Station, B. C., and D. W. Bolyard, 21, of Oklahoma City, Okla., who investigated a dome on Elles Ringnes Island.

The domes are similar to those which led to discovery of oil fields in Texas and Louisiana. Government geologists caution that presence of oil cannot be definitely determined until a hole has been drilled. But they do say: "It is recognized that the domes are exceptionally favorable prospects for oil." No claims have yet been staked in the area. Government officials are not permitted to do so, and until now only government geologists were aware of the discovery. There isn't likely to be any stampede. The area is almost inaccessible.

More than ever... THE STANDARD for THE AMERICAN ROAD

1954 FORD

The greatest engine advances since the original FORD V-8! Twenty-two years ago Ford introduced to the low-price field a fine-quality, precision-engineered V-8 engine. This basic design quickly established a new standard of performance for low-priced cars. And now, with its 22 years' experience in building over 13,000,000 V-8's, it is only logical that Ford is first in its field to introduce a brand new type of V-8—the Y-block V-8... together with the most modern Six in the industry—the new and advanced I-block Six.

NEW BALL-JOINT FRONT SUSPENSION
 This revolutionary new suspension allows greater up and down wheel travel for a smoother ride. Helps keep wheels in true alignment for consistently easy handling. Lubrication points are cut from sixteen to four.
