Dike Approved For Bayocean

SAN FRANCISCO—An Army Engineer board approved Thursday the \$1,775,000 project to save Bayocean Peninsula and preserve shipping channels in Tillamook Bay, Ore.

The Board of Engineers for Rivers and Harbors recommended that the government pay 85 percent of the cost in building up a sand dike to close the breach pounded by the ocean in the peninsula.

The shipping lanes there will be destroyed if the dike is not built, the board said.

The board recommended to the chief of Engineers that the job be undertaken if Tillamook Bay interests would provide without cost all land, easements and rights of way necessary for the construction; that the local government promise to "hold the United States free from all damages" due to construction, and that local interests put up 15 per cent of the cost. That would make the local share about \$250,000.

Installing officers will be Ragnar Johnson, representing the state real estate commission.

Delivering the principal address will be Nicholas Jauregui, Portland attorney, speaking on the subject "Dower and Curtesy and Other Rights of Spouses."

Rudy Calaba, president of the Salem Board of Realtors will preside during the banquet which will start at 7:15. Serving as toastmaster will be David B. Simpson of Portland, past president of the National Association of Real Estate Boards.

Entertainment features will include vocal numbers by Robert McDonald of Portland and an act by the pantomime team of Larry Springer and Robert Payne. The Willamette University string ensemble will provide dinner music.

The social hour is scheduled for 6:30.

Dallas Youth Program Noted

DALLAS—Accomplishments of the Dallas Youth Council in combating juvenile delinquency has prompted the Newberg Chamber of Commerce to invite a representative of the Dallas organization to tell of the work being done through this program.

Rev. Fremont Paul, chairman of the council, will speak before the Newberg chamber at an early date.

Believed to be the only one of its kind in the nation, the council is composed of the Polk county public health director, public health nurse, county judge, a representative from each of the four schools in Dallas, a PTA member, two high school students, city judge and representatives from the police force, ministerial association and county extension service.

The youth council meets once a month to consider juvenile problems brought before it and to work toward a solution from many angles. An effort is made to take care of problems quietly.

Pan American DC-6 Sets New Record

SEATTLE—A Pan American DC6B set a new record of 5 hours, 12 minutes on a flight from Fairbanks to Seattle Thursday, then spent the next hour and 20 minutes circling the Seattle-Tacoma International Airport while crews cleared the field of snow.

The new record was set in a pre-inaugural flight staged by Pan American before the start of regular DC6B service to Alaska. It was the first use of pressurized planes on the run.
