### Boots and Spurs

By SUSAN YOUNGQUIST

Well, the weather's back to normal, and things at the barn are pretty much that way, too. Every night a gang is out there, having a swell time.

Last Monday night, Ellen Jackson was supposed to serve coffee and doughnuts to people after the call drill. It seems that she bought many dozens of doughnuts and as she went home, the road to her house became more slippery by the minute. She and the rest of the family were afraid to risk going back down the hill. Be they're still eating doughnuts.

On Friday night, Marie McKinney, and her daughter, Teddy, were to put on the Fun Night. Teddy, though, was ill and not around to help. Mama Cecil Colbert extended a helping hand, and things went off as scheduled. Incidentally, Purvins and Millers are putting on Fun Night tonight. Come on out.

Seldom seen people are Ada, Mary, and Laura Karr who were out on Wednesday night. Glad to have you with us, come back often! Jean Smith, a U of O student, is becoming almost a regular again, since she is home nearly every week-end.

We now have some celebrities in our club, whom we "lowly ones" should treat with respect due TV stars. On last Friday afternoon, co-hostesses, Mrs. Anne Robbins and Mrs. R. C. Jorgenson, on the same date and time, circle No. 6, meeting at the Lloyd Larsen home, Miss Hattie Olson assisting; on Tuesday, February 2, at 2 o'clock in the afternoon, circle No. 1 at the home of Mrs. Oliver Becken, assistant, Mrs. Ernest McClain; on the same date and time, circle No. 2 at the H. B. Jorgenson home with Mrs. Oscar Overlund, assisting; also on the same date and time, circle No. 3, at the home of Mrs. Tom Anderson with Mrs. Ed Zitzewitz assisting; and Wednesday, February 3, at 2 o'clock in the afternoon circle No. 4, at the Harold Satern home with Mrs. Chester Bjorke assisting hostess.

### Tito Re-elected Unanimously

BELGRADE, Yugoslavia (AP)—President Tito was re-elected unanimously by Parliament Friday after proclaiming Yugoslavia's willingness to do business with all nations—including Russia and the Soviet satellites—on a basis of "mutual respect."

The 61-year-old chief of this Communist state, his hair markedly more gray than a year ago and his voice rasping occasionally from a severe cold, was given an ovation as he appeared before the lawmakers to deliver a 70,000-word state-of-the-nation message before his election.

He pledged that Yugoslavia will pursue an independent path in its foreign policy despite friendly overtures from Russia since last spring after Stalin's death.

But, simultaneously, he made it clear that he would not part company with the West, which came to this country's aid after its break with the cominform in 1948.

Tito was the only candidate for the presidency put forward by the country's only political party, the alliance. His election was unanimous. He will take his oath of office Saturday before a joint session of Parliament.

### Pope Kept Awake Hiccupping

VATICAN CITY (UP)—Constant hiccupping kept Pope Pius XII awake most of his night and the pontiff said the early morning mass 30 minutes later than usual.

High Vatican sources said the Pope, who has had to call off all audiences because of fatigue, hiccupping and nervous strain, was unable to sleep during the early part of the night.

Prog. Galeazzi-Lisi, the Pope's physician, was not called in during the night. He made his morning round as usual and said he had found the Pope's recovery of strength "proceeding satisfactorily."

### BODY OF LOGGER RECOVERED

### Cordon for Congress Club in Crook County

PRINEVILLE (AP)—The Crook county Republican central committee laid claim today to having the state's first "Cordon for Congress club."

The county organization elected W. B. Morse, former state legislator, as club chairman to sponsor Sen. Guy Cordon, who announced Tuesday he will run for re-election.

### Crowd Won by Violin Master

Isaac Stern, American-born musician, who possesses a pleasing speaking voice—in addition to being an outstanding violinist, played a masterful concert before a medium sized audience at Salem High School Auditorium Thursday night.

Stern's brilliance with the bow gave ample evidence that this country can produce musicians equal to those from abroad. His tonal qualities and technique were above reproach and those who heard him will long remember the concert.

Playing with apparent ease, Stern's rendition of Prokofiev's Sonata in F Minor, Opus 80 was particularly outstanding. The contrast of the difficult passage of the allegro brusco movement with that of the allegretto indicated Stern was the master of the violin. Particularly pleasing were those passages where the violinist produced music that resembled the flowing of water in a rocky stream.

Albumbatt by Wagner-Wilhelm, a simple lovely selection gripped the violinist's audience as no other on the program did. Earlier in the program Stern played a suite by Rameau-Ysaye; Bash's Chaconne, a solo selection; and Brahms' Sonata in D minor, Opus 108, No. 3.

The concert was under the sponsorship of the Associated Student Body of Willamette University.

### Lt. Col Adams Back From Washington

Lt. Col. Hugh William Adams, acting U.S. property and disbursing officer for the Oregon National Guard, will return Tuesday from a trip that has taken him to Washington, D.C.

Adams left here in January and went to Salt Lake City to attend a state maintenance officers' conference there January 20-21. From Salt Lake he went to Washington to confer with the National Guard bureau. The colonel left Washington Thursday night for San Francisco, where he will stop for a conference with Six Army officials prior to returning to Salem.

### Snyder and Douglas Meet Rescue Unit

Earl W. Snyder, state director of aeronautics, and George Douglas, safety inspector with the department of aeronautics, left Friday afternoon for Klamath Falls.

The two are going to Klamath Falls to meet with the Klamath Air Search and Rescue unit Friday night, and Friday night and Saturday will give members of the unit evaluation tests on radio receiver and transmitter sets.

Three of these sets, which are on loan to the department of aeronautics from the state board of forestry, were recently turned over to the Klamath unit by the state board of aeronautics.

Snyder and Douglas plan to return to Salem Saturday after completing the tests.
