Oregon's Deadeye Shooting Drubs Cougars, 66-51

Colton Topples Perrydale Quint By 43-35 Tally

PERRYDALE — Colton upset the Perrydale Pirates, 43-35, in Hill River Valley league play here last night. It was the second straight league loss for the Pirates, who now have a league record of five wins and two loss-

The Pirates led 9-4 at the first quarter stop and were leading, 20-16, at halftime. Perrydale was able to score but one single point in the third stanza and trailed 29-21, at the start of the final

canto.
Chelson led Colton to their revenge victory bu potting 22 counters. Colton had previously lost, 57-56, in an overtime to the Pirates.

Perrydale was unable to hit and the game was marked by a goo ddeal of sloppy ball handling. Sam Stewart could only hit 11 points, which was matched by Larry Massey's 11, as they led the losing effort. Colton won the J.V. game, 20-

19, as Huey scored 10 for the victors. Bill Glass and Lester Massey each hit five for the Junior Pirates.

Marion, YMCA Leading League

Wolgamott's, in a three-way tie for the lead yesterday, fell to Aumsville Firemen, 40-38.

Games tonight:

vs. Wolgamott's: 9:30, YMCA vs. Salem Sophomores.

Last night's box scores:

EUGENE, Ore. in - The University of Oregon combined dead-eye shooting and control of the backboards Tuesday night to club Washington State 66-51 and take a 1 1/2 game lead over Oregon State in the tight Northern Division basketball race.

The Ducks cracked a tight zone defense set up by the visiting Cougars and early in the second period held an 18-point margin. WSC managed only a basket and a field goa lin the first period but collected 13 points in the sec-ond quarter which ended with Oregon leading 31-16.

Oregon's sharp-shooting Ken Wegner topped the scoring with 13 points. Ron Bennink and Bill Rohder shared WSC scoring honors with 13 each.

The teams play again Wednesday night.

l predict:

Tom McCahill of Mechanix Illustrated Magazine is the dean of America's auto editors and testers. Here is his forecast for 1954.

"I predict that the new 1954 Mercury with overhead valves, solid tappets and Lincoln front end suspension, will not only prove a sensation in stock car racing, but will prove itself to be one of the safest, most popular cars in America by this time next year."

Anyone who has ever seen Tom McCahill give a car a work-out knows the significance of this statement. A veteran racing and test track driver, McCahill's business is putting all the new cars through the most gruelling tests that he can devise. A big man (260 lbs.), McCahill romps a car through its paces as though it were a polo pony. Through experience he can determine within a hair's fraction just how much a car can takeand give-in terms of power, comfort and all-around owner-satisfaction.

Most spectacular feature of the '54 Mercury is its new 161-horsepower V-8 engine—delivering 28% more power per pound than last year's V-8! This new engine -together with five optional power features-makes Mercury one of the most completely powered cars in the popular price field.

Ball-joint front suspension is also a Mercury exclusive for 1954 in the popular price range. Driving ease is further enhanced by Mercury's optional "4-way power seat" which "focuses" you for the road in any of four directions.

Additional options such as power steering and power brakes make Mercury exceptionally easy to drive. And fully-automatic Merc-O-Matic Drive provides smooth, powerful, no-shift acceleration.

Authoritative reports consistently rate Mercury with the highest re-sale value in its price field. This promises future dividends as well as low maintenance costs.

In many parts of the West, Mercury has been outselling all except the "lowest priced three." Production in Mercury factories has had to double during the past two years to accommodate demand!
