Fresh Pear Coffee Cake Truly Good

1/4 teaspoon baking soda
1 1/2 teaspoons baking powder
1/4 teaspoon salt
1/4 cup shortening

Honey Can Be Used In Variety of Ways

Bees and honey-making are vital to our agriculture and we are urged to use more honey to keep more bees in business to help pollinate many garden and all orchard crops. Honey may be used, measure for measure in place of the sugar in preparing puddings, custards, pie fillings, baker apples, candied and sweet-sour vegetables, salad dressings and cinnamon toast.

Brushed or drizzled on ham during the last half hour of baking, honey adds flavor and gives a golden glaze.

In cakes and cookies, however, you'll get best results if you use recipes developed especially with honey as an ingredient.

Use mild-flavored honey for bland dishes. Honey with stronger flavor may be used in spice cake, gingerbread, brownies and in other rather highly flavored products. For accurate measurement, be sure to scrape all the honey out of the measure.

Western Lima Salad Hearty, Tasty Dish

Toss cooked dry limas with seasoned oil and vinegar and crunchy croutons to make this hearty "Western Lima Salad." It's a little on the garlic side and has lots of flavor—so prepare it to suit your own taste. Serve with broiled cheese sandwiches for a quick and tasty "pick-up."

Western Lima Salad
2 cups cooked dry limas
1/4 cup salad oil
1 tablespoon vinegar
1/2 teaspoon paprika
1 teaspoon salt
1/2 crushed garlic clove
1/2 cup croutons

Chill limas thoroughly. Combine oil, vinegar, paprika, salt and garlic. Mix with limas 1/2 hour before serving.

Just before serving toss marinated limas with croutons. Turn into bowl lined with greens. Serves 4.

Hurry-up Dish

Serve crisp toasted crackers with these pantry beans when you want a hurry-up supper dish. Cook 1/2 cup chopped onion in 1 tablespoon oil until wilted. Add 1 teaspoon chili powder, an 8-ounce can tomato sauce, a 4 1/2-ounce can chopped ripe olives and 2 No. 1 tall cans red kidney beans. Simmer 15 minutes and serve in bowls. Serve a tossed green salad along with it.

Dress up Cereal

For a cereal change, add plump seedless raisins to a cooked cereal. Top a prepared or cooked cereal with canned cling peach slices or with canned fruit cocktail. Serve apricot whole fruit nectar and cream half-and-half over any cooked cereal.

Meat, Apple Juice

Here's an idea for giving pork chops extra zest in flavor. After you've browned them in the pan, pour over a little apple juice, cover and let simmer until the pork chops are tender—about 45 minutes.

APPLE JUICE SNACKS

When friends come in for the afternoon, it's pleasant to offer them a choice: tea, hot and fragrant or, maybe better still, apple juice well chilled. Little cakes or cookies are tasty bites with either.

Forest Pests to Get Study at Institute

Study of offensive and defensive measures to be taken against forest insects causing great damage to the sawtimber stands of Oregon and Washington during recent years, has been scheduled March 2-5 at the Ueavy Aboretum near Corvallis.

The four-day school is part of the program of the Northwest Forest Pest Action Committee to work out a counteroffensive against fire and pine beetles and other insects and learn something of the conditions which bring about epidemics of the tree-killing insects.

The school is open to representatives of private industry, state and federal forest agencies, and other conservation groups, but the number of individuals attending the school has been held to 30, because of limited facilities at the Aboretum.

Basin Group Appeals For \$4 Million Funds

SEATTLE (AP) — The Columbia Basin Commission voted here Wednesday to send two of its members and its executive secretary to Washington this month to seek restoration of at least four million dollars in federal funds for the Columbia Basin irrigation project.

The commission met at the Seattle Chamber of Commerce to plan a campaign which was described as necessary to "save the Columbia Basin irrigation program."

Hubert Walter, Ephrata, commission executive secretary, explained that the Bureau of the Budget has allocated \$8,600,000 for the 1954 basin irrigation.

"We're asking another four million," Walters said. "This is the minimum amount we consider necessary to keep the project going."

In last year's budget, \$20,816,000 was allocated to the basin project. Walters explained, however, that less funds are needed every year, as the project develops.

Named to go to Washington with Walter were J. A. Weber, Quincy, Grant County, and George Zahn, Methow, Okanogan County.

The basin spokesmen plan to testify before a subcommittee of the House Interior Committee Feb. 19.

W. A. Galbraith, Olympia, commission chairman and director of the State Department of Conservation and Development, said he
