State Department 'Mess' Being Cleaned

WASHINGTON — R. W. Scott McLeod, security administrator of the Department of State, said Monday it is "not valid" to contend that new security procedures have lowered morale of the U.S. Foreign Service. "We are gradually cleaning up the 'mess' in the State Department," McLeod said in a copy-righted interview with the magazine U.S. News and World Report. But he insisted that it was being done without harm to the effectiveness of the department. McLeod also said Sen. McCarthy (R-Wis.) had "absolutely nothing to do with his appointment to his present job, and he characterized as 'ridiculous' any reports that a man may be fired because his superiors do not like his choice of reading matter. McLeod said that last year, the department dropped from the pay-

Hayesville Scouts Work on Project

HAYESVILLE — Boy Scout troop 20 has put in a busy weekend. Saturday morning Stanley Borders, Billy Lentsch, Charles Hens, Joe Davison, David Richardson, Bob Bramlet, and George Strout, Jr., appeared on KOCO's Aunt Hallie's children hour with scouts from the Pringle area. A number of men worked on foundation forms for the new cabin addition Saturday, and hope to have the concrete poured soon. The fund drive is continuing with a call for donations as much money is still needed. Plans have been announced for a wall plaque to be placed in the cabin with the names of those who have donated for the building. Sunday morning the scouts participated in services held for Scout Sunday at the Halbert Memorial Baptist church. They were invited to attend as a body by the Rev. Robert E. Sanders, himself a former assistant scoutmaster. A window display has been placed in Valley Motor company's windows by the troop as a part of a district window contest. It will be there until next Saturday (Feb. 13.)

French Lose Key Village

HANOI, Indochina — The French conceded Monday the loss of Attoupeu, a key Laotian village in central Indochina, but claimed a successful fight far to the north in the Red River delta, with 111 of the Vietnam enemy killed and 72 captured. A communique said the French withdrew from Attoupeu three days ago, and a battalion of the Communist-led Vietnam occupied the town. It is in Laos, 280 miles north of Saigon. The town had long been a garrison for French and Laotian troops because it is at an important crossroads 70 miles east of Pakse, a big French base on the Mekong River. In the fighting in the north, French mobile groups, spearheaded by tanks, drove against a Vietnam regiment entrenched in three villages. The enemy losses were chalked up in the initial stages of a hard-fought battle, the French said.

Demos Have an Issue in Business Slump—Unless

WASHINGTON — If events, with the charge that talk of a recession is unethical and almost un-American, it may have been an indication that recession talk was getting under their skin. And although Eisenhower himself said, when asked about this, that everyone is entitled to his own opinion, he, too, denounced the "prophecies of gloom and doom." Over the weekend Sherman Adams, former governor of New Hampshire and now Eisenhower's assistant, said Democrats and "left-wingers" are trying to "foist" a "Fear Deal" on the people. That the Republicans are meeting recession talk head on so fast can be considered both a mark of their aggressiveness and a sign that this is going to be a rough political year. Atty. Gen. Brownell gave notice of rugged days ahead near last year's end with his attack on former President Truman. The man Brownell twice tried to steer into the presidency, Gov. Thomas E. Dewey of New York, stepped up the tough talk not only about Truman but Democrats in general. In a December speech, Dewey told a Hartford, Conn., audience that for the rest of their lives they must associate the words "Truman and Democrat" with "diplomatic failure, military failure, death and tragedy." Now Sen. McCarthy (R-Wis.), who has been making Communists-in-government an issue for four years and wants to keep it one, is going around the country saying that while there are some exceptions among the Democrats their party has lagged itself as standing for "government of, by and for Communists . . ."
