Logging Quota 70 Million Feet

LEBANON — Planned cut of timber on the Cascadia district of the Willamette National Forest for 1954 is about 70,000,000 feet, District Ranger Jack Saubert revealed this week. This includes existing unfinished sales, and new sales. In 1953 about 95,000,000 feet of timber was cruised and prepared for sale, but all will not be sold in 1954, Saubert said.

Last year the district timber sale totaled 52,654,000 board feet, and total value was \$1,062,000, an average of \$20.12 per thousand feet. Saubert pointed out that in 1953 the cut fell below the previous year mainly because of the strike in the Sweet Home section during mid-summer.

The 1953 cut came from 57 sales, 13 for amounts over 6,000,000 feet; 25 from 250,000 to 6,000,000, and 19 for less than 250,000 feet.

He said ground timber was clearcut on 721 acres, and 954 acres were salvage-logged for windthrown trees, snags, and beetle-killed timber. About 2,000,000 feet of windthrow were salvaged along the South Santiam highway between Tombstone Pass and Lost Prairie.

Also in 1953, 16 miles of new rocked logging roads were built on national forest land, and 11 on intermingled private land. This represents an investment of approximately \$405,000,000, Saubert said. All are permanent roads and will be used from now on for logging and fire protection.

Judgment Won In Default

A default judgment in the sum of \$5000 has been awarded by Judge George R. Duncan against Charles Delfel. The case involved Leonard's Supper club, now known as the New Village Inn, located north of the underpass on highway 99E.

Harold Hoar, the plaintiff in the case, entered into an agreement to purchase the place Nov. 27, 1946, providing he could secure license from the state liquor commission. He deposited \$5000 in earnest money but failed to get the desired liquor license.

He brought suit against Delfel and Mike Steinbock, alleging that the \$5000 earnest money had been deposited with the former. A jury trial of Jan. 14, 1948, resulted in the plaintiff being granted a voluntary nonsuit with Steinbock recovering his costs. The records show that Delfel did not appear and the default judgment was issued Wednesday.

Boy Pulls Sister From Ice Pond

PRINEVILLE — A 5-year-old boy managed to save himself and to pull his 3-year-old sister from an icy mill pond near here, their mother reported after watching helplessly from shores Wednesday.

Mrs. Wesley Hoarres said the two children into the middle of the pond, three miles north of Prineville.

She heard their screams, and ran to the pond only to find the ice too thin to bear her weight, she said. She was pushing boards out toward the floundering children, when Jimmy, 5, managed to pull himself from the water onto ice which held up under him.

Then he hauled his sister, Brenda, to safety. Mrs. Hamersley said. She added that she put them into warm beds at home, and they appeared all right.

Silverton

SILVERTON — In the justice court of Judge Alf O. Nelson three cases were considered early this week.

Joseph Dinley, now of Salem, formerly of New York, was given a preliminary hearing on Tuesday, on threatening to commit a felony.

Complaint was filed by Anne Patrick, a sister-in-law.

After hearing witnesses, Judge Nelson took the case under advisement. Bail, fixed at \$500, was not furnished. Commitment was issued.

Brunk Conley, formerly of Silverton, now of California, forfeited \$50 bail on a disorderly conduct charge, preferred by his wife, Elva Conley.

George W. Hamilton of Salem, on a plea of "Guilty," to a charge of driving with liquor involved was fined \$250.

A 30-day jail sentence was suspended on condition that fine and costs were paid and that defendant leave liquor alone and obey all laws for a year. Defendant must also reimburse.

County Registration Drive Launched by GOP

An active campaign to get eligible voters registered before the deadline for the May primaries was launched by the executive group of the Marion county republican central committee, Wednesday night.

Leonard Rowan, Mrs. Walter Socolofsky and Jim Hatfield were named a committee by Winton Hunt, chairman of the central group, to contact the county clerk and check on the registrars and get the registration campaign under way.

Hunt pointed out it is not up to the group to tell people how to register but to get them to register as their duty and right of citizenship.

Attack Beck's Investment

YAKIMA — A former officer of the Yakima Teamsters Union local charged Wednesday the AFL union's international president, Dave Beck, violated the union constitution by investing union funds in the Fruehauf Trailer Co. of Detroit.

Martin Crouse, recording secretary of the embattled local until Beck placed it in trusteeship Jan. 5, demanded that Beck be removed from office.

Crouse said formal charges against the teamsters president and a request for a hearing were air mailed to the union's executive board at Miami, Fla.

Crouse said the papers, prepared by a law firm, contend Beck violated the constitution by investing one million dollars of union funds in Fruehauf stock, and \$235,000 in debentures of the Pacific Finance Corp. of Los Angeles.

The complaint quoted the union constitution as limiting investment of union funds to "not more than \$50,000 in bonds of any one corporation."

Beck called the transaction a loan, not a stock purchase, when it was reported last month.

Judge Felton to Be Speaker at YMCA

Circuit Judge Joseph B. Felton has been secured to make the principal address during the "victory dinner" of the current YMCA membership effort, at 6:30 Monday night, Feb. 15. His topic will be "The Sale That Hasn't Been Made."

The drive has not been too successful to date, although it is expected the goal of 500 may be approached by Monday night. The 163 members that have been enrolled constitutes about 32 percent of the number sought. Only 34 of the 130 workers engaged in the effort have reported to the general committee.

Two Convicted Robbers in Pen

Two of three men involved in the burglary of the St. Paul Market and liquor agency at St. Paul late last November started serving terms in the Oregon State Penitentiary Wednesday. The third man is being held for a pre-sentence investigation.

Robert Marion Gillock, 40, Umatilla, was sentenced to four years Monday in Marion County Circuit court and John Calvin Goddard, 24, Seattle, was sentenced to three years at the same time.

Philip Clay Hilton, 23, Seattle, who also was found guilty on the charge, is awaiting sentence.

Tilton and Goddard were arrested in Seattle for Oregon State police on the theft of 41 cases of liquor, 20 to 30 cartons of cigarettes and other items from the St. Paul establishment. Also taken in a burglary from the same wreckage of the neighboring Copeland Yards store were a considerable number of woodworking tools. A complaint was filed against two of the men on this charge but was dismissed in Marion County District Court upon their conviction in circuit court on the other charge.

6 Bodies Taken From Wreckage

ANCHORAGE, Alaska — Rescue workers have recovered six bodies from the wreckage of an Air Force C47 which crashed 75 miles northeast of here Friday, leaving four of the 16 persons aboard the plane still unaccounted for.

Six others parachuted to safety when the plane started its final fatal plunge toward earth while on a flight from Anchorage to Fairbanks.

Four of the six bodies have been identified but the names withheld pending notification of relatives.

An air-ground search still is being conducted for the other four in the hope that they, too, parachuted safely. No trace has been found, however.

Men Retrieves Money in Ashes

DALLAS, Ore. — Grocer Bill Young has some ashes carefully wrapped in metal foil. He maintains they are worth about \$700.

At least that was the value of his roll of money—some checks, but mostly currency—before it somehow got tossed into a stove in his store along with waste paper.

Young searched the store when he missed the roll, and finally looked in the stove.

He pulled out the ashes carefully, and said he thinks most of the money can be identified clearly enough for it to be redeemed at the federal treasury.
