**Y Doings**  
(Salem Tri-Y)  
Perhaps you've seen the new brick building being constructed next to the public library on State street. This building will soon be the new Young Women's Christian association. The new building itself will mean a great deal to the women and girls of Salem. For soon there will not only be a place to meet and relax, but a place in which to have recreation of all types from basketball to table-tennis. For some time now, the Y members have longed for a place such as this. An increase of new members, especially new junior and senior high school students, is expected as soon as the building is finished. Teenagers will be enthusiastic because this will be the first time that the Salem girls will have a real place for their recreation interests. The girls of Salem will be able to go there anytime during the day for a coke, chat with their friends, and maybe enjoy a game of badminton. However, this is not the only purpose of the building. Tri-Y clubs which have already been

under way for some time will continue to work on their service projects. The clubs usually have in progress at least one project, such as providing holiday baskets where the members contribute food or clothing for a needy family. These projects are the main purpose of the Tri-Y clubs of the Salem high school and Y-Teen clubs of the junior high schools. The goal of the young YWCA clubs includes many ideals but as it is so well stated in the Tri-Y purpose, the goal is, "To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians . . ."
