Unemployment Figures Drop

ALBANY—For the third consecutive month, employment decreased in western Linn county, but the total number of workers employed was still only 250 less than it was in January of 1953, Eldon G. Sloan, manager of the Oregon state employment service office here, reported Friday.

Two seasonal industries, lumber and construction, reported the only major increases in unemployment during January, but few opportunities for employment.

The next meeting will be March 11 at St. Mary's Episcopal hall with Mrs. Clem Dryden, Mrs. Roy Goss, and Mrs. Calvin Mikkelsen as the hostess committee.

FARMERS MEETING DALLAS—N. John Hansen, Polk county extension agent, today called attention to the county-wide cereal producer meeting scheduled for Wednesday, Feb. 17 in the Dallas city hall.

The slight decrease in employment here from a year ago was largely attributable to food processing establishments. Together, they reported a decrease of 150, Sloan said.

The manager also indicated that employment opportunities probably will remain limited during February and March.
