AUTOMATIC WATER LEVEL CONTROL

\$309⁹⁵

adjusts water for

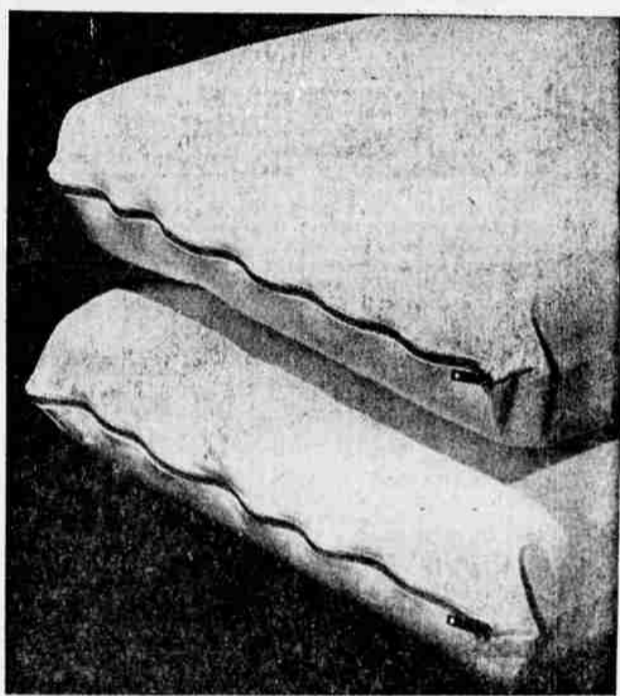

NEW ECONOMY FEATURE AT NO EXTRA COST!

No more wasted suds and hot water! Now you can set your water-thrifty Maytag for exactly the water level you need. Save as much as 9 gallons of water for a small load of clothes!

Completely automatic! Once you set the Indicator for the size load to be washed, water level is controlled automatically. Uses only amount of water needed for both wash and rinse. No waiting for tub to fill. Water Level Control automatically adjusts to all water pressures.

Cleaner clothes, too! Through Gyra-foam washing action. Exclusive double-spin tubs never let dirty rinse water strain back through clothes. Never any dirt streaks nor half-clean clothes.
