ADVERTISING **PROMOTES** GROWTH!

All business . . . all progress . . . all growth is essentially a matter of bringing people together: Those who make things and those who use them, those who have things to sell and those who have money to spend, those who can do things and those who want things done.

Quickest, cheapest way to bring together maker and user, seller and buyer, do-er and wanter . . . is advertising.

Advertising lubricates the wheels of progress . . . keeps America moving ahead. Gives the manufacturer a larger market. Puts him into mass production. Brings down the cost of whatever he makes. Helps the retailer sell more goods for less money. Advertising helps every business to grow faster . . . helps everybody to live better!
