Bend Woman's Death Probed

PRINEVILLE (UP)—The district attorney's office said today the possibility of suicide was being investigated in the shooting death Saturday of Mrs. Dorothy Ireland.

She was found dead in her apartment with three bullet wounds in her body. Dr. Homer Harris, director of the state police crime laboratory, said it was believed one bullet caused all three wounds. The district attorney's office said it would be four or five days before tests would be completed for possible powder marks on the woman's hands. Dr. Harris said the gun, a .32 revolver, apparently had been discharged only once.

The woman's husband, Jap Ireland, told officers he found the body in a bedroom. He summoned a doctor, who is turn summoned police. Ireland told officers had taken a short walk and when he returned he found his wife on the bed.

Mrs. Ireland was the daughter of early-day Prineville hotel operator Perry Poindexter.

Powers said Mr. and Mrs. Gaines were awakened between midnight and 1 a.m. and that the cabin was ablaze. They managed to save one of the twins, Scott Henry Gaines, but were unable to reach the other boy because of the intense heat, Powers said.

Cause of the blaze was not known. The accident occurred at the Slide creek camp, a California-Oregon Power company project near Toketee Falls.

Mr. and Mrs. Gaines were being treated at Community hospital for burns and shock. The other boy was being cared for by neighbors.

Youth Holds Up OSC Prof's Wife

CORVALLIS (P)—A 17-year-old youth was booked on an armed robbery charge here after the wife of an Oregon State College professor accused him of holding her at gunpoint in her car for more than an hour.

He was identified as Raymond Lee Demman of nearby Harlan. Mrs. Harold L. Schudel, wife of an assistant professor of farm crops at OSC, told police this is what happened:

The youth jumped into her car in downtown Corvallis Saturday evening and threatened her with a revolver. He forced her to drive

into the country and then told her to return to Corvallis when he discovered she had only \$1.20 in her purse. He then ordered her to cash a \$50 check at a grocery store and to buy him a bus ticket to Portland. After the youth left her, Mrs. Schudel called police who notified McMinnville authorities. He was taken off the bus there and returned to Corvallis. Police Chief Cecil Pruitt reported that Demman had signed a confession.

Say Malenkov Wants to Meet Ike and Winnie

BELIN (P)—Communist officials and newsmen depict Soviet Premier Georgi Malenkov as wanting to meet British Prime Minister Churchill and perhaps President Eisenhower. These sources also pictured Malenkov as gaining personal popularity at home and in other Communist nations.

"You can take this as at least semi-official," said one satellite source. "We know Malenkov wants a meeting and we want it too because we think something could be accomplished."

These opinions were voiced by Russian and satellite people here last week for the Big Four foreign ministers' conference. If they were intended as a trial balloon to sound out Western reaction, then they were well planned, with just about every pro-Moscow group briefed ahead of time.

Just as interesting were the comparisons of Malenkov with his predecessor, Stalin. The informants said Malenkov has impressed his own people and those in the Soviet orbit as a man less whimsical than Stalin and thus less likely to push the world into a new war that would mean their destruction regardless of the winner.

"Malenkov is a smart man," said the satellite source. "He is not a genius but he is what you call a good housekeeper. We feel safer with him than we did with Stalin, who was a genius. But the question of war and peace is so delicate in these times that agencies can ruin you."

The communists who talked about Malenkov gave no hint of what they thought the Soviet Premier might offer as his proposed solution to Cold War tensions. But they seemed confident talks between the chiefs of state would produce something.

Billy Graham Plans Meeting British Laborite

LONDON (P)—A Labor member of Parliament said Monday Billy Graham will meet British laborites in an attempt to quiet bitter criticism sparked by anti-Socialist reference in a calendar advertising the American evangelist's coming appearance in Britain.

Laborite Geoffrey de Freitas announced in a press statement that Graham "has asked to see me and my colleagues of the parliamentary Socialist Christian group on his arrival. The meeting will take place on Friday morning at the House of Commons."

Graham and his associates apologized profusely earlier Monday that they really meant to blast "Secularism," not "Socialism."

The uproar was touched off last week by a calendar put out by the Billy Graham Evangelical Assn., as Graham headed for a three-month religious crusade in

Britain. This was the offending quotation:

"When the war ended, a sense of frustration and disillusionment gripped England, and what Hitler's bombs couldn't do, Socialism with its accompanying evils shortly accomplished.

"England's historic faith faltered. The churches standing gradually emptied."

De Freitas said Graham, who is scheduled to arrive in Britain Tuesday on the liner United States, had wired an "explanation and apology to the 14 million labor voters for his mistake." He said an apology also had been received from Graham's organization in the United States.
