

IFYE Pictures For Waconda

Do you want to take a trip to Switzerland? Or Bolivia? Miss Ardis Eagy, Albany, did and she will be presenting pictures and a report of her trip as an International Farm Youth Exchange, to the Eldridge PTA Thursday, March 4, at Waconda School.

Again on March 16, at North Santiam the 4-H clubs are giving the program for the Community club and Miss Eagy will tell of her trip to Switzerland and stay there last summer.

Jack Wells, Independence, is scheduled for two appearances before groups in Salem on March 1, at the First Christian Church with the Salem 4-H Leaders' association and on April 6, at the Jason Lee Methodist church. All these meetings are open to the public.

The International Farm Youth Exchange (IFYE) is a project for young people from farms in the United States to live and work with farm families in other countries. A program dedicated to the belief "that understanding is the foundation of world peace."

The cost of the IFYE program is met by voluntary contributions to the National 4-H Club Foundation and to the State IFYE funds through the State Extension Services. Contributions may be directed to the State 4-H office, the Campus 4-H Club at Oregon State College or handled through the County Extension Office.

There is opportunity for a number of families to serve as "host families" for the incoming IFYEs this summer. Their stay in the state will range from two to three months and being assigned to one family for four to six weeks.

A family interested in this phase may secure additional information and application form from their County Extension Office.

LEBANON—A curtailed mail service is in prospect for the Lebanon post office starting March 1. Orders received here indicate that no mail deliveries or dispatches will be made between 5:30 Saturday afternoon and 7 a. m. the following Monday.

Letters mailed after 5:30 Saturday will be dispatched from Lebanon the next week in Monday's mail. This includes special delivery in addition to regular mail.

The part time mail service will mean curtailment of working hours and pay for several local employees of the postal department.

Stage Adopted For 'Electra'

The stage of Willamette University's 67-year-old Waller hall, setting for the production of Sophocles' tragedy "Electra" Thursday, Friday and Saturday nights, has been adapted to the closest element of the original Greek stage.

Renovation of the university chapel stage has been under the direction of Bill Hagmeyer, San Carlos, Calif., and assistants, Bill McKinney, Salem, and Robert Alfred, Portland.

The stage features five floor levels, with five large columns outlining both sides. Principal adornment of the entire stage setting are the oversize palace doors, decorated in brilliant bronze. Black velvet drapes are being used for the backdrop. In keeping with the tradition of extreme simplicity of the Greek stage, the only colors employed are gray and bronze.

Special lighting effects for "Electra" will be handled by Al Laue, Salem; Richard Rohr, Portland; Kenneth Renshaw, Bellevue, Wash.; and Bill Hagmeyer.

The Greek style stage covers 500 square feet.
