### **COUNTRY ESTATES**

DESIGNED and built for the buyer whose tastes and income usiffy a better than average home. From a tax standpoint it may e well to consider suburban property before buying.

NO. 1 ESTATE is a de luxe late built home which is superior to many of the luxury type homes that have been sold in recent months, and priced at a figure that would compare favorably. Yet this place is located within fifteen minutes drive from the heart of Salem, on about fifteen acres of good land, mostly wooded. There is also an all-year fast-flowing stream on the place. The home has a fine view, is sectuc'ad but not isolated. Let's look at this one before you buy. The owners have recently purchased a large farm. Shown by appointment only.

NO. 2 ESTATE—This home was designed and built for the large family who entertain a lot. Built for people who like big, light, airy rooms that leave them without that squeezed-in feeling—a place in he country where the air is fresh and pure, where going to town is not an inconvenience. This 35 acres is classed as a farm with its rich, dark, candy soil. Still it is more of just a fine suburban family home. You won't be sorry if you take time out to see this place before you buy. Distant owner is anxious to sell.
