THE VIKINGS USE THEIR HEADS

The Salem high school Vikings have two highly valued qualities which have given them strength to stand up under pressure from the best the state has to offer in basketball. We refer to brains and energy. Those lads don't just run—they stampede down the floor nd after the ball, sometimes making their referees want to call the game from the balcony. Oposition not conditioned to jackrabble racing just fades away.

But Coach Harold Hauk proud-

by points to the scholastic rating of his first 10, who averaged 3.25 (B-plus) the first semester and who take justifiable pride in keeping up with their studies. They even compete, some of them posting their grades periodically in the library to compare with other cagers. When you consider that the football team also had better than average grades, one could conclude that the idea is put across that one can't make a living after school days on how many points they scored as stu-

WRESTLING GETS THE NEEDLE

The ethics of professional wrestling has been raked over the coals recently in at least three national magazines, and it brings Matchmaker Elion Owen of Eugene to the defense of Northwest wrestling. "I wouldn's be too surprised if some of those eastern circuits are crooked, but it's no sign that all wrestling is phoney," said the man who promotes the grapplers in Salem's Armory every every Tuesday night.

said the man who promotes the grapplers in Salem's Armory every every Tuesday night.

Saturday Evening Post carried one by Herman Hickman, former Yale coach who was a pro heavyweight wrestler just out of Tenessee U. in 1931. He said they were fixed each night. Look magazine printed one by Rex Lardner, "Pity the Poor Wrestler," in which he says, "In the majority of pro wrestling matches, it's likely that only the referee, the promoter and the wrestlers themselves are 100 per cent sure who is going to win, how long it will take and what series of holds he is going to use to do it."

Owen declares: "If you were to walk up to men like Luther Lindsey, Frank Stojack, Carl Engstrom or dozens of others and offer them a bribe to lie down to an opponent, you would undoubtedly be picking yourself up from the floor. BIG DAY AT OREGON STATE

The Beavers had to beat Oregon Saturday night to complete a full day of victories. The Oregon State wrestlers defeated California, the OSC journalism department quintet beat Oregon's journalists, the Rooks whipped Oregon frosh, so there was nothing else to do for the varsity hoppsters. OSC's football coach, Kip Taylor, is wearing a bandage on his throat as the result of an operation recently on a gland in his neck. Chico State, who defeated Willamete university in basketball this season twice, beat San Francisco State twice over the week-end to gain a tie for the Far Western title and they will play tonight again for a berth in the regional NAIA tourney. It finally was revealed the whyfore of the enthusiastic greeting given by the OSC male cheering section to twin sisters who made an entrance at each Coliseum fore of the enthusiastic greeting given by the OSC male cheering section to twin sisters who made an entrance at each Coliseum fame. Oregon State's seventh North-ern division championship since formation of the division in 1923 formation of the division in 1923 was the product of a 55-46 decision over Oregon before 10,050 intent fans. Had Oregon kept its halftime lead of one point, a playoff would have been necessary early next week. Last division crown for Slats Gill's Beavers was in 1949.

Southern California took the UCLA Bruins 69-67 to make it two in a row in the infamous Bruin gymnasium where visitors.
