

Hundreds of Youth Stage Riot on Subway Train

NEW YORK (AP) — Hundreds of high school students staged a running riot Thursday on a Bronx-to-Manhattan subway elevated train and stations along the route. They roughed up a porter, smashed train equipment and terrorized passengers before police aid came.

Twenty-four boys and 19 girls were seized for questioning. Later all were released except George Riley, 16, and a 15-year-old boy. Riley was held in unusually high ball of \$10,000 on a disorderly conduct charge.

The melee started after about 1,700 students of the High School of Commerce started home when their field day at Van Cortlandt Park in the Bronx was interrupted

by rain. Authorities said the Commerce High students had been joined at the park by several hundred students playing hockey from other schools.

That made about 2,000 students who converged on the Van Cortlandt Park elevated station at 242nd Street. A station superintendent said about 1,300 of the youngsters paid their fares but other hundreds either ducked under the turnstiles, hurdled them, or poured through a gate after breaking a chain. Police said most of the rioters were Negroes.

Hundreds of students swarmed aboard a train and took over. They smashed light bulbs, ripped up seats, broke windows, pulled emergency cords and held train doors open to keep the cars from moving.

Students from the group who took an earlier train got off at the underground station at 168th Street, jammed the elevator from the tunnel to the street and roughed up the elevator operator. He was not seriously injured.

Plan Big Hotel, East Portland

PORTLAND (AP) — The East Side, long the stepchild of Portland business establishments, is about to get a 22-acre, multi-million-dollar shopping center.

Nobody says anything definite but from published reports Thursday it was clear that construction would be on the Lloyd Corporation tract adjacent to the new Interior Department building and have as its hub a major department store to be built by Allied Stores, owner of Seattle's Bon Marche.

This is the third big shopping development talked for the East Side. The other two have been proposed for the far eastern fringe of the city. This is close in, only a few blocks from the eastern end of the Steel bridge.

The Lloyd tract is property which once was owned by Ben Holladay, railroad and stagecoach king.

Meier & Frank Co. has been reported ready to put in a suburban branch department store at the northeast edge of the city and Fred Meyer is building a big development south of there.

To Probe Extent of Trade With Red China

WASHINGTON (AP) — Chairman Bridges (R-NH) said today the Senate Appropriations Committee will make a "searching inquiry" into the extent to which free world allies have agreed to relax bans on trade with Red China.

Bridges' plan for an investigation of this issue came after Sen. McCarthy (R-Wis.) told the Senate yesterday it would be "criminal folly" not to cut off U. S. financial aid to nations which ship "the sinews of military and economic strength" to the Communists.

McCarthy had barely finished his floor address before Foreign Aid Administrator Harold E. Stassen shot back with a statement that what the senator said was "fantastic, unbelievable and untrue."

Stassen, who has tangled with McCarthy before, said, "We are steadily building for peace under President Eisenhower's leadership." And in an obvious reference to McCarthy's televised tangle with Army officials, Stassen declared, "Sen. McCarthy is frantically reaching for diversionary headlines after the sorry spectacle of his record in recent hearings."

McCarthy, in what he said was a "painful and unpleasant" discussion of Republican "shortcomings," called for the listing by Stassen of "every type of material which we have agreed that our allies can ship to our enemies."

Bridges said in an interview today that the appropriations group, which passes on foreign aid funds, "already has taken cognizance of Stassen's statements indicating a weakening of the ban on trade with the Reds."

"We will want to go into this matter very thoroughly and see that the aid we are giving, or its equivalent, is not directly or indirectly filtering into Communist hands," he said.

Simulated A-Bombs Dropped on 'Hill Top'

YAKIMA (AP) — The first of three simulated A-bombs scheduled to be exploded during the Army's exercise Hill Top was set off before dawn Thursday with theoretically devastating results.

The exercise was designed to test the effectiveness of the Army's new "Hill Top" defense plan, which calls for the use of "artificially simulated A-bombs" to weaken the ban on trade with the Reds.

"We will want to go into this matter very thoroughly and see that the aid we are giving, or its equivalent, is not directly or indirectly filtering into Communist hands," he said.

After the 165-pound plastic dummy was set off at 2,000 foot altitude, referees decided that 2,500 soldiers had been killed or put out of action and 48 tanks and 320 other wheeled vehicles reduced to impotence.

It was a theoretical victory by defenders over "aggressor" forces, over whom it was exploded after being dropped from a light airplane.

QUEEN FOR DAY

Patrons of the Marion hotel dining room Thursday thought they were in Hollywood when they saw Nema Poltras in full Indian regalia dining with a friend, Lee Port. It developed that Lee wagered Nema a luncheon that she would not dare wear her costume to work at the State Forestry Department where they both are employed. Miss Poltras is a quarterblood Muncie Indian from Kansas and a graduate of Chemawa Indian School.

Rain Falls on East Coast

(By The Associated Press)

More rain fell Friday along the Atlantic Coast and in parts of the Rockies but fair weather prevailed in most other sections of the country.

Although cool weather continued from the Mississippi to the East Coast there was a warming trend in the Midwest, which has been chilled with below seasonal temperatures for several days.

The wet belt in the East extended from North Carolina to Southern Maine with heavy falls in some parts of Virginia. The showers in the Rocky Mountains generally were light.

It was warmer in Montana early Friday than in Northern Florida, with a reading of 75 at Great Falls compared to 59 at Jacksonville. At the same time it was 85 at Las Vegas, Nev. and a chilly 28 at Cadillac, Mich.

Readings in the 50s were common from Maine to Northern Florida while the Gulf States and Southern Florida reported temperatures in the 70s. Readings in the 50s were reported in the Central Plains, the upper Mississippi Valley and along the West Coast while they were in the 60s and 70s in the Northern Rockies.

Ex-Sailor on FBI Wanted List

WASHINGTON (AP) — The FBI Friday added to its list of "10 Most Wanted Men" Otto Austin Loel, 43-year-old ex-sailor charged with stabbing a woman to death in an Oklahoma City motel last Jan. 10.

The FBI said the victim had arranged, with the assistance of her husband, to travel in Loel's car on an expense sharing basis from Compton, Calif., to Newark, Ohio. Three days after they left California, her husband's body, slashed with 19 stab wounds, was found. Loel had disappeared.

Of medium build, Loel has brown hair and eyes and the FBI said that although he has false teeth, he seldom wears them, giving his face a sunken appearance.

He went on the "Most Wanted" list as a replacement for Alex Whitmore, sought for a hatchet assault on a robbery victim at Norfolk, Va., who was picked up at Seattle earlier this month.

OCE Announces Scholarships

MONMOUTH—Scholarships awarded for the freshman year at Oregon College of Education to high school students in MidWillamette valley follow:

Salem high school, Richard Lee Verbeck; North Marion high school, Eugene Larry Cole; Roseburg Helen Orreid; Richard Joseph Sonnen, Evelyn Nellie Taylor; Perrydale high school, Irvia Bissell; Ebanon Louise Rainald; Beto high school, Marilyn Ketcham; Jean Stormont; Silverton high school, Mary Ann Wormon.

Supper's on in 28 minutes

You don't have to spend those wonderful summer afternoons fasting and fretting about what you're going to feed your family for the evening meal. There's a happy solution to your summer meal planning problem in June Better Homes & Gardens. B&G food editors have come up with hearty hot weather meals you can have on the table in 28 minutes. Get June Better Homes & Gardens today... wherever magazines are sold!

Workshop for Mt. Angel Class

MT. ANGEL — Mt. Angel Women's college is announcing date and program for the summer school session to be conducted from June 22 through July 30.

Mrs. Mary Jo Albright, art coordinator for the Corvallis public schools, will conduct an art workshop again this year during the session. She will also teach an afternoon class in ceramics.

Workshops will be conducted in corrective speech and reading by Sister M. Bernadette, OSB., and in health and physical education by Mrs. Robert Brady, Salem, and staff assistants.

The tentative schedule includes the following courses and instructors: arithmetic in the elementary school, Sister M. Mariam, OSB.; Oregon school law, Sister M. Ida, OSB.; literature of the western world and history of western civilization, Sister M. Anne, OSB.; human geography, Sister M. Josephine, OSB.; American history and government since 1865, Sister M. Alberta, OSB.; public speaking and inter-racial relations, Sister M. Margaret, OSB.; educational psychology, Oregon history and mental hygiene courses are also scheduled.

Registration will be held on the afternoon of June 20, and beginning at 8:30 o'clock on June 21.

No Progress Yet on Right of Way Strip

The Marion county forestry has been informed by the state forestry department that no progress has been made by the latter in connection with the securing of a strip of right of way some 1310 feet long in the Niagara district, needed for the removal of some five million feet of timber.

A letter to this effect received Thursday resulted in the matter being turned over to the district attorney for "appropriate action."

The strip of road in question was vacated several years ago when it was thought it was no longer needed. Now it develops that it is needed for the removal of the timber. The county will receive 75 per cent of the net receipts for the timber sold.

Ralph D. Adams, who with W. E. Thomas own the strip needed, has informed the forestry department he does not care to sell. No response has been received from Thomas.

Davidson's Sunbeam

Now Has More Non-Fat Milk

Higher in Protein!

Davidson's
Sunbeam
ENRICHED BREAD

You can taste the difference!

ENJOY THESE BENEFITS...

- ▶ High-protein nutrition
- ▶ More delicious flavor
- ▶ Finer, smoother texture
- ▶ More body-building calcium
- ▶ Energy-packed for better health
- ▶ Longer lasting freshness

11 FULL OUNCES OF NON-FAT MILK NOURISHMENT in every loaf!

More food value in hi-protein Davidson's Sunbeam makes it your best bread buy!

Food dollars stretch further, meals are more enjoyable when you serve plenty of tasty Davidson's Sunbeam Bread. Your family needs extra nourishment for the action-filled spring and summer days ahead. Enriched with important vitamins and minerals, Davidson's Sunbeam is one of the most healthful foods money can buy.
