

### Boots and Spurs

By SUSAN YOUNGQUIST

A bit of sad news to begin this usually gay piece of writing. Three of our members have been confined to various hospitals in the area. Jesse Jones is in the Salem General hospital. Also in Salem General is Bill Kergin. Hmmm... Wonder if these two horse lovers are in the same room! Al Inglis is home from the Dallas hospital. He was confined to this abode with a broken arm, but at latest reports, he is improving rapidly.

Ralph Stangeby and Glen Conklin went off to Pullman, Wash., yesterday to participate in a Washington state judging school. They will return to Salem Sunday.

Much ado and bustle in preparation for our show this weekend. All classes are filling rapidly and it seems that the riders throughout the state are taking a great interest in our show. The

events will be varied. Saturday night's show consists of Jumpers, Western Pleasure Horse, Calf Ropers, Three gaited class, Stake Bending, Wild Cow Milking, Posse Drill Exhibition, Parade Horse, Junior Seat and Hand, Shetland Pony Carts, Cow Hide Race, Junior Boys Calf Scramble, and Rags and Bags Race.

Sunday, the classes will include Jumpers, Jr. Horsemanship—Western, Gag Relay, Calf Roping, Palomino Class, Wild Cow Milking, Shetland Pony Carts, Posse Drill, Roadsters to Bike, Calf Scramble, Texas Clover Leaf, Cowhide Race, Rags and Bags. So as you can see, there is quite a lot to look forward to, and a lot of entertainment.

Saturday night, Multnomah County sheriff's posse will drill, while the exhibit Sunday is by the Salem Saddle Club.

Fifty-five guests were greeted at a reception following the ceremony. Miss Arlene Raymond was in charge of the gift book and Mrs. Beverly Smith presided at the gift table. Mrs. David Raymond poured, with Mr. Arthur Hall and Mrs. Wayne Parlee assisting.

### No Injury Followed 400,000 Inoculations

CHICAGO (AP)—Not a single case of serious reaction or death has been reported from among more than 400,000 of the nation's school children given inoculations of the Salk polio vaccine.

Dr. Robert F. Koras, a member of the national polio vaccine evaluation team, made the first official report on the mass experiment yesterday to the annual convention of the Illinois State Medical Society.

At the same time, Dr. Hart E. Van Riper, medical director of the National Foundation for Infantile Paralysis, said in New York that the first phase of the nationwide polio tests is completed and is a success. He said 644,138 children in 44 states have now received the first of a series of three injections.

Since the trials started, Dr. Koras said, polio has broken out in Florida, Texas and Michigan and three polio cases have occurred among the 644,000 children in the study group.

### Over 4 Million Visit Forests of Oregon

More than four million recreation visits were made to the 19 national forests in Oregon and Washington in 1953, setting an all-time record for the Pacific Northwest region.

The figures were released this week by Regional Forester J. Herbert Stone, who reported that the 1953 figure exceeded by more than five percent the previous year's total of 3,800,000. The totals are based on sample counts.

Gains were registered in all types of recreational activities, including picnicking, camping, fishing, hunting, resort use, and winter sports. Winter sports visits had the greatest increase—both percentage-wise and in actual number. Picnicking, which accounted for the greatest number of visits, was listed by 981,000 as their primary purpose for visiting the national forests.

MI. Hood National forest led the entire region with a total of 1,428,200 visitors.

### Reunion Calls Ex-Navy Men

June 24 through the 26 will mark the 17th annual reunion of the Ships of the Navy club of the United States of America.

The event is to be held at Rockford, Ill., and during the reunion there is also to be a reunion of survivors of the following ships, USS St. Lo, Princeton, Gambier Bay, Johnston, Samuel B. Roberts and Hoel.

These ships were all damaged and sunk at Leyte Island during World War II and this is the first effort made to get the Navy and Marines on the crews of those abandoned ships together.

Only about 2,500 men are known to have escaped and it is planned to honor them at the reunion. One of the men, James A. Sheldon, is thought to be making his home in or near Salem.

Men who were aboard any of the ships are being asked to contact J. T. Geraghty at 305 East State street, Rockford, Illinois.

Removal of the restrictions permits free access to all waters within three miles of Eniwetok and Bikini atolls. "These are the actual test and laboratory sites where a permanent 'off-limits' zone of security is maintained."
