Gunfire Fatal in Kansas Prison Riot

LANSING, Kan. (AP) — Shielding themselves with six terrified prison visitors, six desperate convicts tried to force their way out of the Kansas State Prison yesterday.

A veteran guard was killed, and one of the hostages and two of the convicts were wounded in bursts of gunfire before the group surrendered in the administration building.

The convicts were armed with three crude 22 pistols and six knives, all made within the prison.

The six men rushed into the visitors' room, where about 25 visitors were talking with prisoners. They seized the hostages, including two children, and rushed to the administration building.

Fred Kenaga, 58, an unarmed guard supervisor with 25 years of service, encountered the group at the administration building door and was shot to death.

Inside a vestibule the convicts were stopped by two gates. Threatening the hostages, they yelled for gatekeeper Andy Hollinshead to open the gates. He refused and they fired at him.

Warden Charles Edmondson rushed into the corridor and drew fire from the convicts as the hostages screamed hysterically. The warden got a rifle and stepped into the corridor again as armed guards approached the convicts from the yard in the rear.

"I knew we were going to have a showdown, and that we were going to have it right there," the warden said.

"I was interested in getting the hostages out, as well as about 20 other visitors in the visitors' hall," he said, "but you just can't run a prison by opening the gates because of pressure from inside."

The convicts started shooting but surrendered when the guards opened fire.

The wounded convicts were Lawton Ray Collins, 24, Kansas City, shot in the hip, and William Henry Paiker, 24, Gage, Okla., wounded in a finger. The other convicts were Donald E. Davis, 27, Sturgis, Mich.; Emmett May, 34, Topeka, Kan.; Robert Leroy Knight, 24, Picher, Okla.; and James Tarr, 22, Ponca City, Okla.

Mrs. Frankie Scroggins, 26, Kansas City, was wounded in the shoulder.

Warden Edmondson said the six convicts would be charged with first-degree murder for Kenaga's slaying.

Window Washing Let by County Court Because no one could recall if the windows of the old Marion County Courthouse had ever been washed, is no reason why those of the new marble structure should not be cleared now and then, the county court agreed Monday in awarding the job to the A. B. C. Window Cleaners. The cost will be \$200 per washing.

Oliver Rickman, building custodian, said his force of janitors did not have the equipment to do such an extensive window washing job. Moreover, if a janitor goes higher than eight feet on such a job, additional insurance is needed.

The court also decided to purchase folding scaffolding which will be needed to replace lights in the many fixtures as well as to clean the Venetian blinds.

But today, folks like you have pushed Buick success even beyond such bounds. Today, the top sales standings of a full generation have been changed. Today, latest sales figures for the

first four months of 1954 reveal this phenomenal fact: In total national volume, regardless of price class, Buick is outselling all cars in America except two of the so-called "low-price three."

That's a tip too good to pass up. That's the tip-off that Buick must have the hottest styling of the times and the sweetest performance of the year.

More important, that's the tip-off that Buick prices are well within the reach of more and more people—and that such prices buy a lot more automobile per dollar. So why not look into the tomorrow-styled Buick that puts you so far ahead today?

Come in, or phone us this week for a demonstration. Then you can judge for yourself that Buick really is the beautiful buy—by far.
