

Construction On Highways

The Oregon Highway Commission's weekly maintenance report listed the following construction projects:

Central Oregon Highway—Burns to Sage Hen Hill, 8 miles of gravel surface.

Columbia River Highway—The Dalles Dam to Rufus, minor delay.

Willamette Highway—7 miles east of Oakridge, minor delays.

The Dalles-California Highway—Sherman to Willowdale, oiled detours; 12 miles north of Klamath Falls, minor delay.

Pacific Highway—For 4 miles north of Myrtle Creek, possible minor delay.

Coast Highway—For 5 miles north of Gardiner, gravel surface; between 2 and 14 miles south of Port Orford, possible minor delay; Depoe Bay to Whale Cove, gravel surface.

Umpqua Highway—For 1.36 miles east of Reedsport, minor delays.

The following roads are closed for the winter: Mt. Hood Highway from Warm Springs Junction to Cooper Spur, all roads in Crater Lake Park except from Annie Springs to the lodge, and the East and West Diamond Lake highways.

Edward B. Gabriel Sues Police Officer

Edward B. Gabriel, proprietor of a motel at 2500 Fairgrounds road, has filed suit in Marion county circuit court against Gene Nordone, Salem police officer, for damages of \$10,150.

In his complaint Gabriel claims the officer assaulted him Nov. 3 while Nordone was on the plaintiff's property. The blow, alleges Gabriel, caused lacerations of a lip and loosened a tooth.

On November 12, Nordone was suspended from duty for 30 days by Chief of Police Clyde Warren.

Dag Delays to Consult Nehru

UNITED NATIONS, N. Y. (AP)—Informed sources reported Tuesday U.N. Secretary General Dag Hammarskjold's arrival in Peiping will be delayed until after Jan. 1 because he wants to talk first with India's Prime Minister Nehru.

Hammarskjold had been expected to leave this weekend or early next week for Peiping where he will seek release of 11 American aviators jailed by Red China as spies.

However, Nehru will be in Jakarta, Indonesia, next week for a conference of foreign ministers of the Colombo powers. He will not be available in New Delhi until the first of the year.

Nehru had turned down a request from Hammarskjold to send an Indian diplomat in Hammarskjold's party, it was reported, but the Indian prime minister is willing to talk at length with Hammarskjold about the situation.

U.S. Chamber For Cut Costs

WASHINGTON (AP)—The president of the U. S. Chamber of Commerce has advocated that government spending be slashed by one-fourth.

President Clem D. Johnston said he has been around government agencies for "a good many years" and knows of none that "couldn't do an adequate job on 25 per cent less expenditure than they are now making."

Johnston, participating in a radio panel discussion on the national economy, said reduced spending would mean lower taxes.

He said even the Defense Department could stand some cutting in appropriations but "without any essential impairment of our defense effort."

He cited as a typical example of "fat" the needless spending of 45 million dollars a month now being paid in extra veterans benefits under the Korean GI bill of rights.

The government is expected to put veterans' benefits on a peacetime basis soon to reduce such payments. Youths entering the army now can still get, on discharge, benefits originally intended only for those who served during war time.

Athlete Drowns Skating on Dam Lake

GRAND COULEE, Wash. (AP)—Eddie Thomas, a star athlete at Grand Coulee High school, fell through the ice Monday night and was drowned while skating on Steamboat Lake.

Young Thomas was skating with five other students when he broke through the ice about 100 feet from shore. Rick Rose and Jim Cook, two companions, both jumped into the icy water in a vain attempt to reach him.

The boy's body was recovered after the area was dragged.

Thomas was the first string center on the high school basketball team and a star football end.

Auto Parts Valued At \$100 Are Stolen

Theft of automotive parts valued at \$100 has been reported by John Thompson, 2725 Silverton road.

Thompson told police the parts were on the ground behind the C. E. Miller Body Shop, 1389 Broadway, where he is employed.

The missing parts, all of which were new, included a transmission, carburetor, distributor, coil and fuel pump.

Income Taxes Descend Over \$2 Million

Income tax collections for the first five months of the 1954-55 fiscal year ending November 30, were more than \$2 million below collections for a similar period in the 1953-54 fiscal year, the State Tax Commission announced Tuesday.

The total for the five months was \$18,435,324.12 as compared with \$20,368,996.72. Of the total collections \$13,532,123.24 were personal income tax payments and \$4,903,201.29 corporate excise tax collections.

In the same five months of the previous fiscal year \$20,368,996.72 was collected in all income taxes, of which \$14,464,023 was in personal taxes and \$5,904,201.

The drop in corporate income taxes was attributed partially to the closure of most of the lumber industry in Oregon for a number of months last summer when the lumber strike was in progress.

This view was confirmed by the fact that there were only 10 less corporate income tax returns filed in the five months, the figure in the last five months being 1,847 returns against 1,857 returns in the five months of the 1953-54 fiscal year.

Man Drowned in Auto Plunge in Lake

NEWPORT, Wash. (AP)—An automobile with its headlights still burning was spotted in 50 feet of water in nearby Davis Lake Tuesday and police recovered the body of an unidentified man.

Sgt. Warren Greenberg of the State Patrol said he did not believe anyone else was in the car when it plunged off the road. The automobile carried a Spokane registration.

Officers had difficulty recovering the car after it was first reported about 6:30 a.m. by a passing truck driver attracted by the lights.

Greetings From Major Svejkosky

From Korea have come Christmas greetings from Maj. Joseph Svejkosky, former instructor-inspector here for the Salem Marine Corps Reserve unit.

The major, who left Salem in July, 1954, is in Korea with the First Marine Division as assistant coordinator of the Fire Support Coordination Center of the division. Prior to this latter assignment with the division he spent two months as operations officer of the Second battalion of the 11th Marines of the First division.

Svejkosky came to Salem in September, 1951, from San Diego, where he was assistant provost marshal at the recruit depot. Prior to that he had been in Korea from September, 1950, to December, 1950, when he was evacuated because of wounds received in action. He is a graduate of the Naval Academy.

Mrs. Svejkosky and their two daughters, Sharman and Barbara, are in Corpus Christi, Texas.

Chicago Homicides

CHICAGO (AP)—Chicago has had 289 homicides so far this year, 22 fewer than in 1953. The police homicide detail, in its annual report, said Tuesday 34 of the 1954 killings remain unsolved.

Carloadings of Lumber High

SEATTLE (AP)—The Pacific Northwest Advisory Board said today November carloadings of lumber and forest products this year were the highest for any November on record.

The 11-month total of shipments of lumber and forest products from Washington, Oregon and Idaho north of the Salmon river also set a new high, the board added.

A total of 37,401 carloads were shipped last month, and a total of 408,096 carloads have been shipped so far this year.

The 26,777 carloadings of grain and grain products loaded during the first 11 months of this year also is the highest for any similar period on record for this territory, the board added.

November carloadings were up 5.3 per cent over a year ago, but the total 11-month loading to date is 3.3 per cent under the first 11 months of 1953.

Fire at Baker Fatal to Welch

BAKER (AP)—A fire swept through a two-room cottage and killed Delbert A. Welch, 45, Baker, Monday night.

A visitor at the home of Mrs. Tom Calder and her mother, Mrs. Amanda Wilson, he was trapped when flames broke out. The fire was blamed on an overheated kitchen stove.

The two women suffered painful burns, but hospital attendants Tuesday said they were out of danger. The flames awakened Mrs. Wilson, who shouted to her daughter. They barely managed to get outside. Suffering from the burns and shock, they were unable to talk about the fire, and the identity of Welch was not established until Tuesday.

Communists After Ike's Grandson

VIENNA (AP)—The Communists seized on President Eisenhower's grandson, David, today as their latest propaganda target on the strength of a recent picture showing the child carrying a toy six-shooter.

The Red organ Volksstimme said "The revolver in the hand of Eisenhower's 6-year-old grandson is the image of the group ruling America, which wants to plunge the country into an orgy of war."

Texas Leads all States in Radio

WASHINGTON (AP)—The Federal Communications Commission said today Texas leads all states in the total number of radio and television stations operating and authorized.

FCC figures show Texas has 281 AM, FM and TV authorizations. California ranks second with 245 and Pennsylvania third with 218.

Texas has the most TV authorizations and also leads the AM or standard radio stations list. But California has the most FM authorizations.

All states now have TV stations operating or authorized, with 48 in Texas, followed by 39 in California, 38 in Pennsylvania, and 37 in New York.

Among cities, the FCC said, Los Angeles has the most TV stations with nine.
