

Inside and Outside Look at Salem's Handsome New Grant Grade School

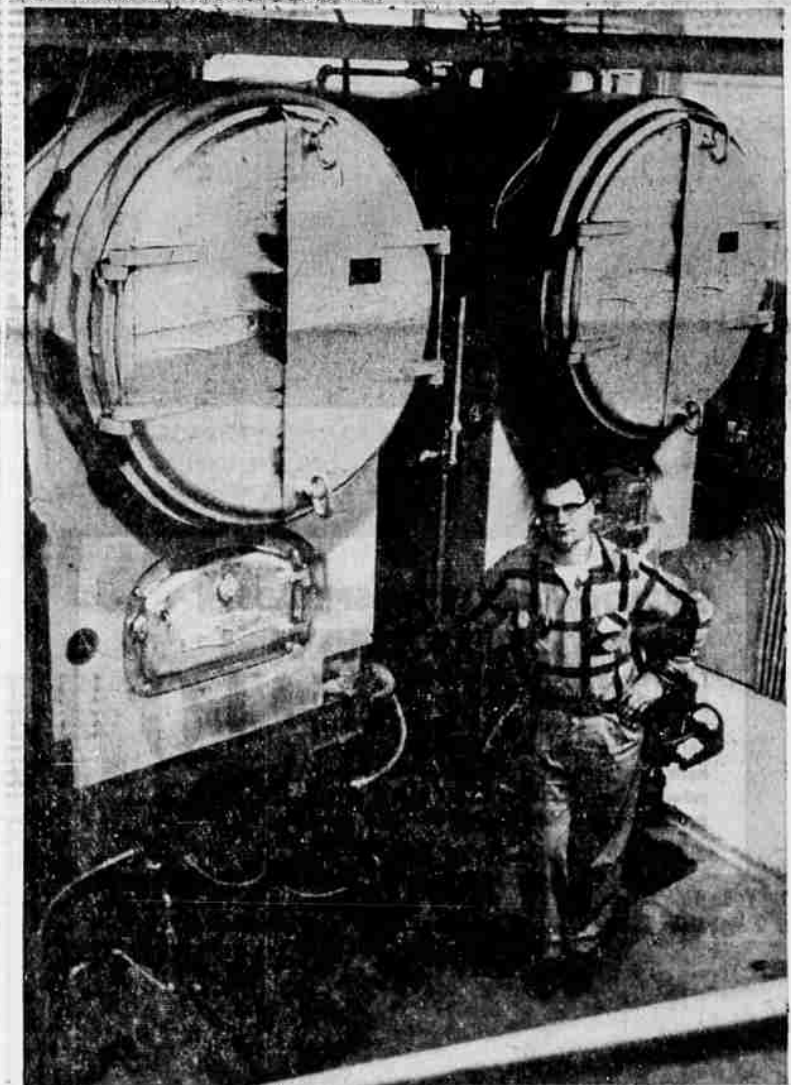

Entrance Detail of New Grant School shows modern trend. New Grant school, built at a cost of \$277,338 to replace an older structure, displays latest trends in modern schoolhouse architecture. The structure contains 11 classrooms, library,

multi-purpose room, kitchen, teacher's and health room. The structure contains 23,190 square feet of floor space and was designed to accommodate 360 pupils. Grant now has 210 pupils in attendance.

Mrs. Zola Schwiesow's Sixth Grade pupils number 29. Not all of Mrs. Schwiesow's alert sixth grade pupils are shown in this photograph. Lately the class has been studying Mexican art

as a lesson in geography and the pictures used to illustrate the lesson remain on the wall board.

Al Williams keeps them toasty warm. Two oil fired, automatic, low pressure steam boilers heat new Grant school at a cozy temperature of between 70 and 74 degrees. When operating at full capacity the twin boilers require 20 gallons of oil an hour. Shown is Al Williams, building custodian, in the boiler pit.

California Boys Plan to Set Up Own Government

LOS ANGELES (UP)—Police today held four teen-aged boys for questioning on their elaborate plans to seize the Navy-owned offshore island of San Miguel and "set up their own nation."

The youths, missing from their homes in nearby Venice since Tuesday, were picked up by a police officer after their car stalled. In the trunk of the car, officers found a small arsenal including two shotguns, two .22 rifles, a machine gun, two sticks of dynamite, knives and bayonets.

When police told them the rocky island of San Miguel was used as a Navy target range and asked what they would have done if the Navy opened fire on them, one of the youths answered, "We'd shoot back."

"Governor" Wayne Young

Police identified the would-be nation founders as "governor" Wayne Young, 15, Raymond Clark, 14, Robert Burt, 13, and Jimmy Howard, 13, all of Venice.

Their method of getting to the

marked to hide supplies before their invasion.

Police said they were investigating where the boys had found their arsenal of guns.

Senior Class Council Making Future Plans

The senior class council at South Salem High discussed three topics at its Tuesday, noon meeting.

A class present was the main topic discussed. Four of the possible gifts to the school suggested by the senior class council representatives were a guest book, a flag pole for the football field, choir risers, and a row of trees to be planted wherever the landscaping plans permit.

Sybil Campbell, class vice-president, asked the representatives for volunteers to help in planning for the banquet and the senior assembly.

A character day was discussed by the members of the council. The majority of the representatives decided it would be best not to have a special day set aside unless a good idea was suggested.

Grant's Multi-Purpose Room is both dining room and auditorium. Shown seated for light refreshments in Grant's multi-purpose room are principals of Salem's elementary schools gathered for a discussion of school affairs and a Kiwanis presentation of organization efforts to aid under-privileged children. Tables shown are a type that fold to become a wall panel.

Ethel Marsh cooks for 250 pupils in Grant and Garfield schools. In Grant school's modern and efficient kitchen Ethel Marsh and her assistant prepare lunches for pupils in both Grant and Garfield schools. Prepared food from Grant school is transported to Garfield for serving.
