Polio Flares Up in Nyssa

NYSSA, Ore. (UP) — Hopes for an end to Malheur county's 1955 polio epidemic were shattered today with report of four new cases, all in Nyssa.

One of the victims was 11-year-old Roger Maulding, son of Dr. and Mrs. L. A. Maulding. Dr. Maulding is former county health officer and had himself suffered from polio.

The other cases involved 5, 6, and 12-year-old boys. The 12-year-old had a bulbar type polio with minimum paralysis. He was taken to St. Lukes hospital in Boise. The others, with only mild paralysis, were being treated at home.

The cases brought Malheur county's total to 31 for the year with 27 reported since Aug. 15. There have been two deaths.

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.
