

All Those for Me!

LOS ANGELES—Money may not be everything, but Marla Egan, brunette film actress, seems pleased enough as she poses looking at the \$4900 bundle of U. S. savings bonds she was given in court here yesterday.

Soviet Experts To Aid Egypt

WASHINGTON — Premier Gamal Abdel Nasser is said to have admitted into Egypt possibly 150 Soviet bloc technicians to help assemble arms from Czechoslovakia.

Diplomatic sources who reported this today said the number is five times the 30 experts Nasser originally estimated would be necessary to help get into operating condition the guns, tanks, jet planes and other arms.

The increase is a source of concern to U. S. officials anxious to hold the growth of Soviet influence in the Middle East to a minimum. Egypt made a deal with Red Czechoslovakia last fall for 80 million dollars worth of military equipment, much of it now delivered.

Applications for federal mortgage financing have dropped sharply in recent weeks. Since it takes some time for these applications to result in actual starting of new homes, builders foresee a slump coming in the spring. And to forestall this may be why the 30-year mortgages were reinstated.

The understanding here is that Nasser thus far has managed to avoid any political activity by the Red technicians.

Unknown Dead on Boat to Hawaii

YOKOSUKA, Japan — Under leader Skias, the light cruiser Manchester sailed for Hawaii today with the first of 852 unknown American servicemen killed in the Korean War. The bodies will be buried in Punchbowl Cemetery overlooking Honolulu. The rest of the unknown dead will follow in other ships within the next few weeks.

60,000 Homes to Be Flooded Out by Huge Aswan Dam Lake

CAIRO — The homes of 60,000 Egyptians and Sudanese will be flooded out in creating the latest man-made lake in the world, behind the proposed Aswan Dam.

The first person to benefit from the new dam will be those whose homes will be covered. All will be compensated and get new homes. In most cases they will be far better off in their new location.

The bulk of these people live in the Nubia region, overlapping Southern Egypt and northern Sudan. Their mud-brick villages are so bare that it is hard to understand how they manage to live at all.

Each family will receive from the government a house, work animal, and enough land to support itself. In the irrigated area, they will be able to grow three to four crops a year, in comparison with the one meager crop they get at present.

Living Costs Slip .3 Pct.

WASHINGTON — The government reported Friday that living costs fell three-tenths of 1 percent from November to December, the first decline since August.

Prices for food, transportation and housing dropped, while medical and personal care costs edged upward.

The December index of the Bureau of Labor Statistics was 114.7 percent of the figure for the 1947-49 base period. This is a fraction higher than in December, 1954.

The bureau reported that average gross weekly earnings, spendable pay and wage purchasing value of factory workers all rose to a new record level in December.

Spendable earnings, or gross pay less tax deductions, rose to an average \$65.79 for the single worker and to \$73.15 for the worker with three dependents.

This was about \$4.50 a week higher for each type worker than at the end of 1954, and up 30 cents a week from November. In terms of purchasing power, the bureau said the worker was able to buy 6 percent more with his pay during 1955 than his pay brought him in 1954, the largest annual increase since World War II.
