

Noon Train-Car Accident Halts Traffic

A collision of a car and a train Friday resulted in heavy damage to the car and considerable tie-up of noon-hour traffic, city police reported.

Raymond Granville Walker Jr., 1232 Center street, was driver of the car that had its front end ripped off by a Southern Pacific freight train, officers said. The incident occurred at 12th and Court streets.

Heavy traffic at the time of the 12:45 accident was blocked by the train which stopped after the collision.

Walker told officers he didn't see the slow-moving train until he was close to the intersection. He attempted to stop but his car skidded on the wet pavement and hit the engine, he said. Walker was uninjured, police said.

Klamath Falls Mayor Favors New System for Annexation

KLAMATH FALLS (AP)—Klamath Falls Mayor Paul Landry thinks annexation of suburban areas should be automatic when population in these areas reaches a certain point.

He told the Legislative Interim Committee Friday night that the Legislature should pass a law with this provision.

This law should also provide for the automatic annexation if sanitary authorities certified that a health or sanitation problem existed in fringe areas, he said. No area annexed could be brought into the city without the consent of the city.

The mayor also asked the committee to consider some way in which the state could aid the suburban areas financially. He indicated that the state should find some means of providing additional finances for the fringe areas.

The Klamath Falls mayor also stressed that no area should be annexed without the homeowners in that area bearing an equitable share of the tax load for the entire community.

County Commissioner Jerry Rajnos also asked the committee for action to change existing laws which limit the use of county road funds to specific projects. He asked that five per cent of the road funds be allocated to the county court or use as it sees fit.

About 90 persons attended the hearing. Members of the committee in attendance included: Sen. Paul Grodles, Roseburg; Rep. George Layman, Newberg; and County Judge Raymond Lathrop, Grants Pass.

'Old Faithful' Resumes Operation

LEBANON—Ready for another continuous stretch of 16 years or more of operation is the Nylund Lumber company mill south of Lebanon. This week, heavy snow in logging uplands cut off the supply of logs and forced an unexpected one-day work stoppage.
