Lamb, Pork Among Good Buys Now

By THE ASSOCIATED PRESS. Weekend shoppers will find lower price tags on pork and lamb in most food stores across the country this week.

Meat specials for the weekend vary widely throughout the country, reflecting local supplies and tastes. But in general housewives will find the majority of weekend special lists are ground chuck and other standard beef cuts, veal and lamb.

Salad greens, spring onions, radishes, sprouts and cabbage make up the best buys generally available at vegetable counters.

Good buys in vegetables include beans, beets and squash. The asparagus season is tapering off and cuttings vary widely in quality and condition.

A wide variety of early summer fruits is now available from southern and western orchards. Prices are still high.

The Right whale was so named because it was just right for whaling, with plenty of blubber, long baleen—and it floats after death.
