

23 'Rock and Rollers' Jailed In Cottonwoods Dance Raid

Good Weather Odds 100-1 for GOP Conclave

SAN FRANCISCO (AP) — Odds are 100 to 1 the weather will be good during the Republican National Convention beginning here Aug. 20, says State Climatologist Robert F. Dale.

After checking the city's August weather data back to 1849, Dale made a prediction of "fair with morning fog" Thursday. That's customary for San Francisco in summer months.

Dale also came up with these odds:

- 20 to 1 that the temperature will reach 60 each convention day.
- 20 to 3 it won't get hotter than 70.
- 50 to 1 it won't hit 80.
- In other words, bring some warm clothing. You can freeze-e-zee evenings in cool San Francisco if you're acclimated to summer here-a elsewhere.

Liniment Sale Count Dropped

PORTLAND (UP)—The justice department yesterday dropped charges against a 70-year-old Warrenton, Ore., man accused of falsely representing the power of a so-called medicine he manufactured.

Reason for the dismissal was that Alfred F. Helpa was too old and ill. The government had charged him with making and selling Star Lung liniment which was claimed as a cure for colds, mumps, cuts, bumps, dog bites, bunions, varicose veins, sore feet on humans, sore feet on geese, swelling milk bags on cows, boils, toothaches and gollers.

Beer Drinking by Youngsters Blamed

ALBANY — Twenty three young Rock and Rollers' were busy Friday arranging bail and paying fines following their arrest at the Cottonwoods dance hall east of here early Thursday morning for illegal possession of liquor.

The arrests were made by State Police who inspected more than 1000 cars parked in the area where the youngsters had gathered to hear the "Rock and Roll" music of Fats Domino and his orchestra.

The defendants were taken to the Albany jail.

Beer, not whiskey, was the principal beverage found among the celebrants, the officers reported.

Of the 23 arrested five were girls and 13 of the group were over 18 years of age. Those under 18 years of age were released to parents while those in the older group were released under \$50 bail each. They will be asked to appear in district court.

The arresting officers did not enter the dance hall.

Fats Domino figured in a dance hall riot recently at San Jose where he left hurriedly when youths started throwing beer bottles at each other on the dance floor.

Yellow Stripe Claimed Better

PORTLAND (AP) — The white center stripe on Oregon highways is here to stay although the three members of the state Highway Commission think a yellow stripe is better.

"If it were put to a vote, I'll bet the vote would be almost unanimous for the yellow line. I'd vote for it," said Chairman Ben Chandler, Coos Bay, at the commission's meeting here Thursday.

The two other commissioners, Milo K. McIver, Portland, and Charles H. Reynolds, La Grande, agreed, but they aren't going to do anything about it because Oregon decided some time ago to conform to the nationwide practice of using white paint.

W. C. Williams, deputy state highway engineer, told the commission that yellow paint formerly used outlasted the white paint.

South's Plea Not to Alter Rights Action

Debate to Open Monday In House on Racial Legislation

By EDMOND LE BRETON

WASHINGTON (AP)—House backers of civil rights legislation maintained today they will win an overwhelming House victory next week despite a new Southern appeal for Northern votes against it.

The virtually solid opposition bloc from the Southern states issued a "warning of grave danger" yesterday, declaring the question is a constitutional, not a racial, one. Nearly all Southern House members signed the document, as virtually all had signed an earlier "manifesto" urging reversal of the Supreme Court decision barring racial segregation in public schools.

Rep. Keating (R-NY), a backer of a pending House bill closely following President Eisenhower's recommendations, said he does not think more than 20 or 30 Republicans will vote against it. That many, he acknowledged, may agree with the Southern position on states' rights and constitutional interpretation.

And Rep. Bolling (D-Mo) said he and other backers of the bill are ready for the debate opening Monday and need no further strategy sessions.

The Southerners, numbering fewer than 100 in the 435-man House, would have to make deep inroads into Northern Democratic - Republican ranks to prevent passage of the legislation.

In the Senate, however, Southerners are in a position to kill the measure with unlimited talk.

Sen. Lehman (D-NY) urged the Judiciary Committee, under the chairmanship of Sen. Eastland (D-Miss), to bring a civil rights bill out for a vote. Sen. Hennings (D-Mo) was reported planning to try to force a showdown in the Judiciary Committee Monday.

The Southern House members "warning" said, "The people in the United States who entertain notions that the so-called racial issue is paramount in the sum total coverage of these proposals are due for a rude awakening."

It said the bill would create "extraordinary power" by vague language that "approaches recklessness."

This criticism was aimed largely at the provisions in the bill that would allow the U.S. attorney general to bring suits in behalf of persons who contend their voting or other civil rights are

Reds Call for Negotiation on Korean Unity

MOSCOW (AP)—Communist North Korea and the Soviet Union have issued a joint communique insisting that North and South Korea must negotiate between themselves on reunification.

The communique was signed in the Kremlin yesterday after talks here by North Korean Premier Kim Il Sung and Soviet officials. It complained that North Korea proposals for economic, cultural and other ties "to facilitate peaceful reunification" had "not met with the necessary understanding" from South Korea.

Asian Scouts Sail for U.S.

YOKOHAMA, Japan (AP) — Twenty-six Boy Scouts from Japan and South Korea sailed for America Friday as fellow passengers on the U.S. Navy transport Breckinridge.

After 12 days at sea together in the same room, they will land in San Francisco July 25 and be flown to Chicago to spend three weeks in the homes of American Scouts. A group of U.S. boys is due in Yokohama July 25 for an exchange visit.

Mindful of Korean bitterness toward the Japanese as a result of 25 years of occupation, homeward-bound American soldiers aboard the Breckinridge suggested, "There'll be fights. Just wait till Syngman Rhee's boys and the Japanese get in the same room."

"Nonsense," replied Hyun Keun Yoo, 17-year-old leader, of the group from the Korean National Flat Scout Patrol. "A Scout is a brother to every other Scout."

CICC Group Capital-Bound To Gain Okay

SPOKANE (AP) — Members of the Columbia Interstate Compact Commission will leave Saturday for Washington, D. C. to seek Department of Justice approval for the pact.

H. Calvert Anderson of Spokane, the executive secretary, said an eight-man delegation will confer in Washington with Brig. Gen. J. S. Bragdon, coordinator of public works planning, and J. Lee Rankin, an assistant attorney general, use and conservation" of water resources of the Columbia River Basin. Congress and the states must approve it.

The delegation to Washington, a commission subcommittee, will include Anderson; Chairman Frank A. Banks, Coulee Dam, Wash.; James E. Murphy, Kalispell, Mont.; Paul E. Geddes, Roseburg, Ore.; Jack V. Rogers, Wenatchee, Wash.; George D. Clyde, Salt Lake City; Earl Lloyd, Cheyenne, Wyo., and Howard Stinson, Idaho Falls, Idaho, the commission attorney.

Yukon Forest Blaze Rages

ANCHORAGE, Alaska (AP) — A rekindled forest fire near the Yukon River village of Nuaito in Western Alaska raged unchecked Friday.

Forestry Service observers estimated it already had blackened 78,000 acres, an increase of 18,000 acres in a week. Fire fighting crews were being readied to head for the scene as soon as the blaze becomes accessible by boat or plane.

Heavy rains last week were thought to have extinguished the big fire.

Aid Figure of \$4 Billion in Senate Seen

WASHINGTON (AP) — An outspoken opponent of foreign aid spending predicted today the Senate Appropriations Committee will recommend nearly four billion dollars of new money for overseas assistance.

The prediction came from Sen. Ellender (D-La) as Chairman Hayden (D-Ariz) called the committee to meet for final action on the bill. Present plans call for a report to the Senate tonight, to put the measure in position for floor consideration beginning Monday.

The maximum appropriation, fixed in an authorization bill already approved by both houses, is \$4,014,000,000. The House, in passing a money bill earlier this week, voted to provide only \$3,775,920,000. That includes \$3,425,120,000 in new funds plus \$240,800,000 in reappropriation of previously voted money.

"Judging from what I've heard," Ellender said in an interview, "I imagine the Appropriations Committee will probably vote to recommend up to the amount of the authorization."

But Ellender, a member of the committee, said he would fight in the Senate to hold the appropriation to the lower amount voted by the House.

"I don't know what luck I'll have on the floor, but I'm going to offer an amendment to cut back to the House amount," he said.

7 Compete in Speech Finals

SPOKANE (AP) — Seven finalists will appear Saturday night in the 11th annual sectional public speaking contest sponsored by the Knights of Pythias Lodge.

The winner will represent the region in lodge finals at New Orleans. The contestants here are Kay Kendall, Ellensburg; Henry Templeman, Portland; Maureen Lennen, Pinehurst, Idaho; Curtis Jacobson, Big Timber, Mont.; Mariana Newton, Lander, Wyo.; Barbara Ann Borgal, Calgary, Alta., and Wayne Loughheed, Penticton, B. C.

All will give original talks on "Threats to Freedom and How to Meet Them."

Aerial Safety Speedup Due

WASHINGTON (AP)—The government may condense into three years its five-year plan for modernizing its air traffic control system.

Secretary of Commerce Weeks said the possibility of a speedup is being studied to help prevent such crashes as the collision of two airliners in Arizona June 30 in which 128 persons perished.

Congress recently approved a \$246-million-dollar five-year program of modernizing airways controls with more complete radar coverage and other improved electronic and technical devices. Weeks said he thinks it will be possible to make the program effective within three years.

KC97 to Fly Around Globe

TAMPA, Fla. (AP)—A KC97 plane from MacDill air force base here will start out next month on a flight around the globe.

Contrary to most flights these days, this one will be in slow motion. It will take about 60 days.

The plane will fly around the Earth's midsection to help plot the geomagnetic equator—that is, to locate points at which the magnetic pull of the North and South Poles is equal. It is a project of the Air Research and Development Command.

The KC97, most often used as a tanker to refuel other huge planes in flight, will carry ground crew members for the project and extra air crew members.

L. C. Student Beauty Queen

PORTLAND (UP)—Miss Patti Ann Haines, an 18-year-old Lewis and Clark music student, was selected as Miss Portland last night at the Fox theater here.

The beauty pageant was sponsored by the Portland Junior Chamber of Commerce. Miss Haines will represent the "City of Roses" in the annual Miss Oregon contest at Seaside later this month.

Rocky Beach Bids Called

WENATCHEE, Ore. —Bids for the first phase of construction of the 644,000 kilowatt Rocky Reach Dam nine miles north of here will be opened next Wednesday, the Chelan County Public Utility District reported Thursday.

The bid opening date was announced after the Federal Power Commission granted the PUD a license to build the 200 million dollar dam on the Columbia River.

Kirby Billingsley, PUD manager, said he expected the contract for the initial work to be let within five weeks. He said financing of the big dam was virtually assured.
