• a pattern of favoritism to special interests

Three times Douglas McKay as Secretary of Interior sold Oregon short to enrich already wealthy Texas oil

McKay now asks you to let him represent Oregon's

HERE IS THE RECORD ...

1. McKAY SOLD OREGON HOMEOWNERS SHORT when he fought for a law to free natural gas rates from federal super-vision. Natural gas is now being introduced to Oregon. Under McKoy's plan, YOU would have poid higher rates in

order to give extra profits to Texas ailmen.
Only after GOP Senator Francis Case, Senator Morse and others had exposed passibly illegal attempts by the oil and President decided to veto it, even though he supported the But McKay, who now is running for Senator on the Presi-

dent's coattails, fought against the veto to the last, Here's how the nation's leading oil magazine described

McKay's action:
... The President discussed with the Cabinet whether he "... The President discussed with the Cabinet members should veto the bill. One by one, other Cabinet members swang around to the President's view, McKay never did. On the final Cabinet vote, McKay was still voting

against the veto."

Small wonder then that "Petroleum Week," in the ediforial just quated, lauded McKay as "one of [the oil industry's]

strongest supporters in the Administration.*

2. MCKAY SOLD OREGON PARENTS AND CHILDREN SHORT when he put the weight of his Cobinet office behind the hand-out of offshore oil riches to Texas and three other

coast states.

Three times the Supreme Court had affirmed the Nation's paramount rights to these all-rich lands. For years Senator Morse had been a leader in the effort to earmork revenues from them for badly needed aid to education.

But McKay fought the oil industry's battle before Con-gress and we still have no general aid to education program.

3. McKAY SOLD OREGON SPORTSMEN SHORT when he opened up federal wildlife sanctuaries to extensive all leasing. Senator Morse was the first in Congress to protest this

and Democratic members of the House Fisheries Com mittee. After its investigation, the bi-partison group concluded: "Such increased activity in the issuance of leases by the Secretary of Interior (Douglas McKay), or by those under his immediate supervision, can only result in serious damage to the wildlife refuge system in this country."
The committee commented that its investigation showed "a picture of extreme administrative confusion"

within McKay's Interior Department. STANDS TO REASON...

"There have been only two \$100-a-plate Republican fund-raising dinners in Texas history, and one was in Joe's (McCarthy's) honor. The other was for Secretary of Interior Douglas McKay."
