

Coal Plants Driving Hard to Head Off A-Power Challenge

By SAM DAWSON
NEW YORK (AP)—The drive to make a coal-fired power plant more efficient is being stepped up as the industry faces a new challenge from the atomic power plant. Scientists are trying just as hard to make coal-powered plants more efficient and less costly—and thus stretching out the cost gap between the conventional generator and the nuclear one of the future. Some corporations are developing split personalities in tackling the problem. They are spending millions in an effort to build a less costly atomic power plant. At the same time they are driving to make coal-fired power plants more efficient.

Dulles Charts 'Independent' Canal Course

Trying to Show Asians, Africans U. S. Shuns 'Colonialism'

By JOHN M. HIGHTOWER
WASHINGTON (AP)—Secretary of State Dulles apparently is charting a course "somewhat independent" from that of Britain and France in the Suez Canal dispute. His purpose seems to be to show the peoples of Asia and Africa that this country is not "100 per cent identified with Britain and France on the issue of colonialism," although the exact extent of differences over Suez is not clear. His scope was clouded by changes in wording Dulles made after discussing Suez policy off-the-cuff at a news conference yesterday.

Continental Change Little

DETRUIT (AP)—Numerous engineers with added speed, power and acceleration resulting from higher compression ratio, and a new camshaft will mark the 1957 line of Continental cars. Disclosing details of the line for the 1957 model year, Ben D. Mills, general manager of the Lincoln Division, which produces the Continental, said the basic and identifying characteristics of the 100-hp prestige car are not being changed.

Okinawa Red Meet Fizzles

KOZA, Okinawa (AP)—Twelve hundred townfolk turned on left-wing organizers of an anti-American meeting Tuesday night with cries of "we don't want Communism here." The meeting was called by a group opposing U. S. purchase of Okinawa for military bases. Among the 30 scheduled speakers was Kanemitsu Senaga, secretary general of the Communist Okinawa Peoples Party.

No Trend in Connecticut Town Voting

NEW HAVEN, Conn. (AP)—Connecticut's political balance remained unchanged following 20 small town elections Monday. However, the Democratic vote was higher in two of the larger towns.

Election Lost And Wife, Too

LITTLE ROCK, Ark. (AP)—D. L. Cullum, a loser in the race for state auditor in the July 31 Democratic primary, lost his wife because he failed to tell her he was a candidate. Mrs. Gladys Cullum was granted a divorce yesterday after charging that Cullum's failure to tell her about his candidacy constituted "cruel and inhuman treatment." They were married in 1923. She said she was "embarrassed and humiliated" when newsmen inquired about her husband's candidacy and she knew nothing about it. Cullum, an employe at a lumber company, polled 32,000 votes without the slightest tremor of a campaign. Mrs. Cullum also said that Cullum had failed to support her and had "ragged, fussed and quarreled."

'Pastel Block' Makes Fight to Rescue Homes From Bulldozers

By EDWARD NICKERSON
BALTIMORE (AP)—The embattled homeowners of Tyson Street, a tribute to urban redevelopment, today are making their fight to save their homes from the bulldozer. Baltimore planners and engineers, plotting an inner ring of express highways around the city's congested downtown section, have projected the northwest part of the road right through the one-block street.

Somehow known as the "pastel block," Tyson Street is lined with old two-story brick row houses of colonial design. At the close of World War II, it was a crowded slum. Then Edward Rosenfeld, a nationally known painter, bought one house and applied his artistic eye to a repainting and refinishing of the interior. He also invited his friends. Others — professional people — designers, artists, writers — bought houses too. They devoted an extraordinary amount of time to repainting, retouching and repainting their homes, often in soft pastel greens, blues and pinks.
