

# Adlai Forms Council Of Business Leaders To Aid His Campaign

## Speech in Seattle Wildly Cheered By 6,000

SEATTLE (AP)—Adlai E. Stevenson announced today the formation of a 30-member National Business Council of "well-known leaders in business and finance" who are supporting his bid for the presidency.

# Estes Charges GOP Conceals Oil Head Gift

## Says Check From Keck For \$5,000 Cashed, Shows Photo

SYRACUSE, N.Y. (AP)—Sen. Estes Kefauver charged today that the Republicans have tried to conceal a \$5,000 campaign gift from the oil company president whose name was omitted from the Senate Case (RSD) in the natural gas bill debate.

The Democratic vice-presidential nominee, in a speech prepared for delivery at a Syracuse Press Club luncheon, said he was ready to display a photograph of the check for the \$5,000.

"He said it was drawn on the City National Bank of Houston, Tex., dated Jan. 18, 1956, made out to the United Republican Dinner Committee, and signed by H. E. Keck, president of the Superior Oil Co."

"And this check — you can see from its face — was not returned," he said. "It was cashed."

"The senator declared the circumstances of the gift were evidence that 'when candidate Eisenhower promised as part of the great crusade to take firm action against corruption in government, he failed to live up to his word.'"

"More heads of more government agencies under the Eisenhower administration have been involved in corruption than under any administration since Teapot Dome," Kefauver said.

"The Tennessee senator could present a long list of items to show 'the trail of corruption in this administration.' But he said the alleged \$5,000 Keck gift, which he described as 'a new example of influence,' had 'just come to my attention.'"

Kefauver demanded to know whether GOP National Chairman Leonard W. Hall or Atty. Gen. Brownell had notified the President of the \$5,000 check and, if not, why not.

Brownell, who arrived here Wednesday for a round of speeches in the area, told reporters he asked him about the check.

"I never heard of it," he added.

"Sen. Kefauver knows if he has any evidence of violation he should submit it to the Department of Justice for review, but if this is another political stunt, he should be criticized for his actions."

Lou Guylay, publicity director for the Republican National Committee, said in Washington that Kefauver "must be scraping the bottom of the barrel for issues."

He said newspapers had carried stories "months ago" that Keck "bought tickets to a dinner in Texas."

Guylay added more than 300 GOP dinners were held last Jan. 20 and said the National Committee does not know the source of every contribution in connection with those affairs.

He also said Kefauver was wrong in declaring the group described as recipient of the check finances Eisenhower's TV appearances.

# Oregon State Enrolls 6780

OREGON STATE COLLEGE—Fall term registration at Oregon State college has climbed to 6780, fifth highest fall term total in the 25-year history of the college.

The 6780 figure is 16 percent above the 5850 of a year ago.

Only the veteran-packed years of 1946 to 1948 top this year's enrollment. The peak was in 1947-48 when 7480 students attended OSC, 4885 of them veterans. Veterans this fall number 1854.

Engineering continues to rank as the largest school at OSC, followed in order by science, business and technology, education, agriculture, lower division of liberal arts, home economics, forestry, and pharmacy.

# 15,000 China Refugees Riot In Hong Kong

HONG KONG (AP)—British-trained Chinese police, 500 strong, battled Wednesday night with a rioting crowd of 15,000 refugees who hurled sticks and stones. The police fired tear gas.

Twelve persons, including six policemen and a member of the government's Housing Department staff, were injured.

The violence broke out in a government refugee camp as Nationalists celebrated the "double 10th" anniversary of the founding of Sun Yat-sen's Chinese Republic in 1911.

A government statement said a Chinese resettlement supervisor "on his own responsibility" began tearing down the red and blue Nationalist flags that had been raised in the quarters of some anti-Communist refugees in the camp.

A swelling crowd marched on the housing project office in protest. Some members of the crowd broke into the office, assaulted members of the staff and set fire to furnishings and records. Steel-helmeted police reinforcements were then called out.

Clayton is the retired head of Anderson, Clayton & Co., cotton merchants, and is a former undersecretary of state. Kennedy, former ambassador to Britain and an international business figure, is the father of Sen. John F. Kennedy (D-Mass.).

Stevenson flew to Seattle last night from his Libertyville, Ill., farm. En route yesterday he stopped off for one-hour airport rallies at Great Falls, Mont., and Boise, Idaho. His entourage goes to Portland, Ore., late today for a rally tonight, then swings south again to Oakland, Calif., for a nationwide television talk (NBC) and a rally there tomorrow night.

Plans are to set up state groups similar to the national council.

"The group which will have its headquarters at the Hotel Mayflower in Washington, said its purpose will be 'to make more available to businessmen the views expressed by Stevenson on the nation's economy. It appealed to 'like-minded men and women in business to join in our effort.'"

As estimated, 6,000 persons turned out to hear Stevenson at Seattle's Civic Auditorium.

Stevenson announced today that honorary co-chairman of his National Business Council for Stevenson are William L. Clayton of Houston and Joseph P. Kennedy of New York.

# Egypt, Britain And France in Private Parley

Dag Brings 3 Together In Effort to Solve Suez Dispute

By WILLIAM N. OATIS UNITED NATIONS, N. Y. (AP)—U.N. Secretary General Dag Hammarskjöld has arranged to see British Foreign Secretary Selwyn Lloyd, French Foreign Minister Christian Pineau and Egyptian Foreign Minister Mahmoud Fawzi all together today in his 30th-floor office here at U.N. headquarters.

The three foreign ministers met with the secretary general for a 30-minute private conversation last night—their first such gathering since they arrived last week for the U.N. Security Council's current debate on the Suez.

Hammarskjöld invited the ministers "most directly concerned in the controversy," as his office put it, after the council in its first private session on the Suez crisis failed to resolve the deadlock between Egypt and the Western powers.

The West demands international control of the canal, which Egyptian President Nasser nationalized July 26. Egypt insists she can run the waterway herself — and has been doing it since then.

Pineau after the first meeting in Hammarskjöld's office said neither side had changed its position. Asked if any progress had been made, he replied, "We weren't trying to make progress. We were only exposing our positions."

The Security Council's secret deliberations were in recess until tomorrow afternoon.

The council's first secret session yesterday afternoon reportedly was taken up mostly by questions from delegates and answers from Fawzi about Egypt's position.

# Woody Seeks Morse Meet

HOOD RIVER (AP)—Woodrow W. Woody, Smith said Tuesday he wants to meet with Sen. Wayne Morse in an attempt to reconcile their differences.

Smith, a service station operator here, was defeated by Morse for the Democratic Senatorial nomination in the May primary. Smith later went to court in an attempt to show that Morse is not a Democratic candidate in good faith and to have the election voided.

Two circuit court judges and a federal judge ruled against Smith by refusing to accept jurisdiction. Smith said he is considering whether to appeal to the U. S. Circuit Court of Appeals or the U. S. Supreme Court.

Smith said he is considering whether to appeal to the U. S. Circuit Court of Appeals or the U. S. Supreme Court.

# Nixon Campaigns in California, Bids for Small Business Vote

By EDMOND LEBRETON OAKLAND, Calif. (AP)—Vice President Nixon brought his Republican presidential campaign expedition to his own state of California today with an appeal for small business support.

California, Nixon told newsmen accompanying him on his airborne swing around the country, is one of two states on which Eisenhower asked him for specific political reports.

The other state, Nixon said, is Texas. His party spent yesterday there engaging in some campaign activity, but largely bringing into play the personal appeal of the vice president and of Mrs. Pat Nixon.

Their goal was to develop what Nixon called the Republicans' good chance to hold usually Democratic voters who swing to President Eisenhower when he carried Texas in 1952.

Nixon gave his own estimate of the Republican chances in the two politically valuable states—Texas has 24 electoral votes, California has 33—as follows:

Texas — "In my opinion, the President's personal popularity is still very high with the rank and file of voters I wouldn't give the edge to either side at this point, but I think Texas is a state in which the outcome may well be decided by the campaign. Our job is to get across to the Texas Democrats that what Eisenhower stands for is closer to what they stand for than his Democratic candidate Stevenson's position."

California—"I think we will carry California, but the Senate race is tough," Nixon said. In that race Republican Sen. Kuchel is seeking re-election against opposition by State Sen. Richard Richards.

Nixon said in a talk prepared for a small business procurement conference of northern California and Nevada that small business stands to gain by continuing in office an administration which he

# Schools Will Be Included in New Country Census

Questions on school enrollment will be asked in addition to the regular inquiries on employment and unemployment in this and 329 other areas of the country by the bureau of census during the week of October 15.

Information will be collected locally by Opal Nieswander of Salem and Mary McClurg of Albany. Last year's survey showed that about 37.2 million persons were enrolled in schools at the beginning of the 1955-56 school year, that elementary school enrollment increased 24 per cent and high school enrollment 19 per cent between 1950 and 1955.
