Adlai Slugs at GOP Boost to Giant Business

Tours N.Y. After Whip-Cracking Assault on Foreign Policy

NEW YORK (AP)—Adlai E. Stevenson said today the Eisenhower administration has "confused genuine friendship for business with smuggling intimacy toward a few of its giants."

peated calls for this nation to take the lead in working toward an end to hydrogen bomb testing. While rejecting Stevenson's arguments, the President said he remains "profoundly hopeful" that a properly safeguarded system of world disarmament will come to pass.

"There is nothing in postwar history to justify the belief that we should— or even that we could dare— accept anything less than sound safeguards and controls for any disarmament arrangements."

"I give you two interesting facts," he said. "During the years 1946 to 1952, inclusive, corporate profits— after taxes— averaged 7.7 per cent of the national income. During the period since 1953 when this administration entered office, corporate profits— after taxes— have averaged 6.0 per cent of the national income."

CUSTODY RULING REVIEWED Salem Girl Found by Father In Reno After Fleeing Court

RENO (UP)—A nine-year-old Salem, Ore., girl who fled from a courtroom during a legal battle over her custody was found by her father eight hours later after she hid all day in a basement dressing room at a downtown hotel.

The girl, Karen Renee Henvy, ran sobbing from the courtroom of District Judge A. J. Mastrotti Tuesday morning after the jurist ruled she had to return to her mother, Mrs. Nathalie Wacker of Salem, Ore.

She had been living with her father, Thomas Henvy of Reno, since last July. The girl screamed, "He denied it... he denied it" and bolted from the courtroom. She fled through the front entrance to the courthouse and disappeared into a snowstorm.

A daylong search for the child by police was called off Tuesday night by police when her father found her in the hotel lobby. Karen said she had been hiding all day in an employees' dressing room in the hotel basement, explaining she came upstairs because she became hungry. Henvy and Mrs. Wacker were

GOPLists 10 Contradictions By Stevenson

WASHINGTON (AP)—The Republican National Committee issued Wednesday a list of 10 cases in which it said Adlai E. Stevenson had made campaign statements contradicting previous utterances.

"The GOP asserted that the Democratic presidential nominee had 'directly contradicted himself' on such issues as the military draft, farm policy, the Taft-Hartley Act and civil rights.

Among its cases, the GOP attributed these statements to Stevenson: In 1952: 'A Republican victory this November would be... the forerunner of another great depression.' In 1954: 'We should be thankful for the prosperity and well-being we enjoy...'

350 or More Slain; Russ Troops Fight Anti-Nagy Revolt

Khrushchev Apologizes In Backdown; Liberty Due Cardinal

VIENNA (UP)—Civil war erupted in Communist Hungary today. A new Communist regime headed by Premier Imre Nagy, installed in the bloody hours before dawn, appealed desperately but in vain over Budapest Radio for an end to the fighting.

An Austrian just returned from Budapest told United Press that "at least 350 persons have been killed so far in the Budapest uprising."

Nagy, ousted in April, 1955, as a "Titoist" and called in now to lead the way to a new, Polish-type regime in Hungary, declared martial law and finally called in Russian troops, tanks and armored cars.

His address to Parliament followed reports that Soviet Communist boss Khrushchev had backed down in his quarrel with the Poles and apologized.

Responsible sources also reported Stefan Cardinal Wyszynski, the Roman Catholic primate of Poland, will be released in a few days if the situation in Poland continues quiet.

The informants said the cardinal's release was discussed Tuesday by Wladyslaw Gomulka, the new party boss, and a delegation of Catholic Parliament members who expressed general support for Gomulka's policy of independent socialism.

Cyrankiewicz, scheduled to fly to Moscow this week, indicated Marshal Konstantin Rokossovsky remains in good standing in the Communist Party, despite his ouster from the Politburo last week. He asserted, however, that in the future Russian troops in Poland will be restricted exclusively to bases granted by treaty.

Rokossovsky, installed by Stalin in 1949 as Poland's defense minister, has been reported on the verge of election from his office under the new leadership headed by the once-purged Gomulka.

Cyrankiewicz said members of the Polish Communist Politburo will meet with members of the Soviet Communist Presidium next week "with the aim of consolidating the principle of cooperation on the basis of equality, solidarity and mutual respect of rights."

Among its cases, the GOP attributed these statements to Stevenson: In 1952: 'A Republican victory this November would be... the forerunner of another great depression.'

In 1954: 'We should be thankful for the prosperity and well-being we enjoy...'

In 1952: 'We can never yield on the objective of securing a full-proof system of international (disarmament) inspection and control.' In 1956: 'I think it is one of the starting points in a practical approach to peace to recognize the danger of insistence on perfect foolproof answers.'

A strong tremor also was felt in San Salvador, El Salvador.

Tremors Felt In Nicaragua

MANAGUA, Nicaragua (AP)—Two earth shocks were felt here at 8:35 a.m. Wednesday. The second shock sent residents into the streets, but there were no reports of casualties or property damage.

Communications authorities said the quake was felt strongly throughout Nicaragua, but damage was limited to a few cracked walls.

Arabs Kill 53 In Riots Over Nab of Rebels

RABAT, Morocco (AP)—At least 53 persons, mostly Europeans, Wednesday were reported killed in Morocco in rioting touched off by France's seizure of the top Algerian rebels.

French and Moroccan armed patrols uncovered more and more burned and mutilated bodies in the city of Meknes where angry Arab nationalists struck Tuesday.

Moroccan troops and French Legionnaires mounted guard in the European section of Meknes while the search went on in the native quarters for more bodies.

In addition to Tuesday's rioting in the town, French sources said 38 farms, mostly European, in the surrounding countryside were wholly or partly burned by rampaging Moroccans.

The actual cause of the rioting in Meknes appeared to be the accidental shot fired by a Moroccan trooper who wounded himself. The shot enraged demonstrators and the bloodshed was on.

French police reportedly threatened to stop working for the Moroccan government after four of their men were found slain.

Eight bodies of Europeans were found Wednesday morning.

In Tunis, Morocco's Sultan Mohammed V glumly ordered a plane home. He and Tunisian leaders broke off talks interrupted when France seized the Algerian rebels.

Ike Schedules Six Speeches, Five in South

By THE ASSOCIATED PRESS The White House Wednesday announced plans for six speeches by President Eisenhower next week. The schedule was given out as Adlai Stevenson, the President's Democratic rival, campaigned around New York City.

Eisenhower will make three separate trips which will carry him into Florida, Virginia, Texas—three of the four Southern states he carried in 1952—and to Oklahoma and Pennsylvania.

On Monday Eisenhower will speak in Miami and Jacksonville, Fla., and in Richmond, Va. On Wednesday he will go to Dallas, Tex., and Oklahoma City, Okla., and on Thursday Eisenhower will make a major nationwide TV-radio address (NBC) from Convention Hall in Philadelphia at 9:30 p.m. EST.

The President will return to Washington at the end of each day on his latest campaign swing. James C. Hagerty, White House press secretary, said Eisenhower will do that primarily to keep in close touch with the "fast breaking developments in the (Soviet) satellite nations. That was a reference to unrest in such countries as Poland and Hungary.

Snow Plowed Off Roads in Ore. Passes

By THE ASSOCIATED PRESS The first general snowfall of the year in Eastern Oregon tapered off Wednesday. The Weather Bureau warned, however, there would be more snow flurries at the higher elevations Wednesday night and Thursday.

Snow plows were called out Tuesday in the Cascade Range passes as snow came down heavily. All highways were reported open Wednesday, but motorists were told chains were needed over the Santiam Pass and Warm Springs Junction routes.

Crater Lake National Park reported 3 1/2 inches of new snow for a total of 11.

Colder, More Rain Forecast

Temperatures averaging below normal are forecast for the next five days, becoming colder Friday and Saturday. Maximums will be 41 to 45 and minimums 22 to 42. Precipitation will be heavier than normal, with rain occurring Sunday through Tuesday, with a heavy rain on Tuesday.

YATES CASE REVERSED

State Court Affirms Guilt of Murderess

By JAMES D. OLSON Capital Journal Writer Conviction of Ann Whitney Avert of second-degree murder for the killing of Heppner of Delmore Leonard, former Portland attorney, was affirmed by the Oregon Supreme Court Wednesday.

The woman was sentenced to life imprisonment in the Oregon State penitentiary. "Lessor was unarmed," Justice Hall Lusk said in the court's opinion, "and there can be no question under the evidence about the fact, that from the moment the defendant uncovered the revolver, until he was killed, he was retreating from her."

The felonious intent is conclusively shown by the fact that she pulled the trigger five times before accomplishing her purpose," the opinion said.

The court said if an attorney in good faith reasonably believes it to be his duty to his client to object to apparent hostile objections by a trial judge he has the right to do so, provided the objection is made in a respectful manner.
