Hungary News Stirs Upsurge In West Berlin

BERLIN (AP)—Hundreds of West Berlin students shouting "down with the Russian murderers" and "freedom for Hungary" broke through police cordons and swarmed around the Russian war memorial Monday in this divided city.

The students carried signs in Russian proclaiming freedom for Hungary and marched to the war memorial after placing wreaths at British and French public buildings in West Berlin denouncing "aggression against Egypt."

The guard on the border separating East Berlin from the western part of the city had been doubled as Communist newspapers reported the wrecking of Hungary's "Fascist counter-revolution" by Soviet troops. The guards were armed with submachine guns and carried out searches of automobiles coming from Allied-occupied West Berlin.

Labor Party orators egged the crowd on with anti-Eden slogans. They assailed the government for the armed intervention in Egypt and cried "Eden must go!"

Falling Tree Causes Short

A tree falling on electric wiring Saturday caused a short circuit that burned out a fuse box and wires in a Salem home, city firemen reported. Firemen said M. L. Barrett, 525 South 19th St., was chopping a walnut tree about 4:15 p.m. when it fell the wrong way, striking power lines leading to neighbor's home. The strain on the wires jerked the meter box from the home of Miss Verle Kreutz, 545 South 19th St., burning out the fuse box and wiring in the home. Burning insulation on the wires caused considerable smoke in the house but little damage except to the wiring, firemen said.
