State Senate Return Ruled Out by Smith

Governor Elmo Smith said Monday "that under no circumstances would I accept an appointment to the state senate as has been suggested by some of my friends."

"I appreciate the good intentions of those people who are circulating petitions to the county court in my behalf," the governor said. "But I am not interested in returning to the state senate."

Gov. Smith said circulation of the petitions was a spontaneous movement and he had no knowledge of it until he read newspaper reports.

The governor said that he had not yet decided upon his future plans after he leaves office on or about January 14, 1957.

The petitions asking for appointment by the county court of Smith to the vacancy which will occur when Secretary of State-elect Mark Hatfield resigns his senate seat were circulated by Mr. and Mrs. Paul Van de Velde, 2675 Myrtle Ave., and Mr. and Mrs. Stanley Watson, 4760 Elvira St., Salem.

Robertson Store To Consolidate With Lipman's

Liberty Street Unit to Close at Once; Staff To Be Retained

First step in the consolidation of the Robertson Bros.-Lipman store interests in Salem was announced during the past weekend.

Robertson Bros., new owners of the Lipman store here, announced that their Liberty street store will be closed "immediately" and "all personnel as well as merchandise and services facilities will be moved to the Lipman store building."

Store officials said the Robertson Bros. store at 340 Court St. will remain open "for the time being," but consolidation of that store under the Lipman roof is expected in the near future.

The moves follow purchase several weeks ago of the Lipman store by members of the Robertson Bros. executive family.

Transfer of store facilities from the Liberty street operation to the newer building "will greatly increase the facilities of the Lipman store unit, enlarging many departments and adding others while retaining all the present sections," the office of Leonard Kremen, manager of both stores, said Monday.

A spokesman said there will be no reduction in personnel due to the consolidation.

Extensive improvements and painting have been under way for the past three weeks, it was declared.

Egypt Giv Entry of UN Police Force Ahead for

Secretary General Dag Hammarskjold announced Monday agreement had been reached with Egypt for the entry of the U.N. police force immediately. He said the first group would arrive there early this week.

Hammarskjold said he himself would leave by plane for Cairo Tuesday to be on hand for detailed discussions with the Egyptian government. He said he expected to reach the Egyptian capital Thursday and return to New York by Sunday.

The first units of the U.N. force already are at a staging area at Capodichino Airport, near Naples, Italy. Some of the troops may leave for Egypt as early as Tuesday, Hammarskjold said.

The secretary general said he wanted to visit the staging area as well as Egypt. The commander of the U.N. force Maj. Gen. E. L. M. Burns of Canada, will meet him in Italy for consultations and then Burns will fly to New York for talks here.

Hammarskjold said the purpose of his own visit to the Egyptian battle area was "to see that no unnecessary loose ends" are left. He said he had no intention of conferring with military leaders of the invading British, French and Israeli forces.

"That is staff work," he said. The secretary general also expressed a willingness to go to Hungary after his Cairo visit, if it appeared such a trip would be useful. He announced he was establishing two groups to deal with the Hungarian problem: One to investigate the Soviet interference in Hungarian affairs and the other to observe the situation on the scene.

The first group will be headed by Chief Justice Oscar Gundersen of Norway.

CAPODICHINO STAGING AREA, Italy (UP)—The United Nations police force for the Middle East came into being as a united command Monday in a one-room headquarters of the bombed-out administrative building here.

There was no indication when the force would begin its move to Egypt. Arrival of the Colombia platoon of 56 militiamen Monday brought the total strength of the infant force to roughly 200. A party of Danes arrived Saturday night and a group of Norwegians early Sunday.

Russians Mop Up In Budapest Amid Scenes of Horror

Despair, Cold and Hunger Weaken Patriots

By WILLIAM L. RYAN VIENNA (UP)—The overwhelming power of Russia's huge military machine moved relentlessly today against the last pockets of Hungarian national resistance.

The only major pocket left inside ruined Budapest was at Csepel Island, site of the nation's biggest industrial complex. Workers barricaded themselves in one of the big Danube island factories and continued to beat off determined attacks by Soviet armor.

Other pockets still held out in the Budapest suburb of Ujpest, in Dunapentele (Stalinvaros), south of the Csepel Island area, and at Pecc, near the Yugoslav border.

Some Shooting Elsewhere

Occasional shooting also broke out in Gyoder province, especially along the roads leading to Austria, and in the Vac area north of Budapest.

The last stand rebels also fought cold, hunger and despair. The puppet premier installed by the Russians, Janos Kadar, admitted in a speech over Budapest radio that groups of rebels still were holding out in cellars by day, emerging by night in larger groups for hit-and-run attacks. He said he believed "all Budapest remnants of the counter-revolution will be liquidated" in two or three days.

In the relentless Russian pursuit of the nationalist remnants, rows of workers' houses were shattered, a children's clinic was wiped out, hospitals were set afire. To wipe out a single rifleman, the Russians would turn a full barrage from tanks, machine guns and automatic weapons, and destroy an entire building.

Dag to Fly to Cairo, Talk Details

Secretary General Dag Hammarskjold announced Monday agreement had been reached with Egypt for the entry of the U.N. police force immediately.

He said the first group would arrive there early this week.

Hammarskjold said he himself would leave by plane for Cairo Tuesday to be on hand for detailed discussions with the Egyptian government.

Russia, China Still Hurling Aid Threats

LONDON (UP)—Egypt has agreed to permit entry of the United Nations police force immediately. U.N. Secretary General Dag Hammarskjold announced Monday he said the first units, now assembled at a staging area near Naples, Italy, may go in Tuesday.

Canadian Maj. Gen. E. L. M. Burns, commander of the force, was talking in Cairo with President Nasser and Foreign Minister Mahmoud Fawzi when Hammarskjold made his announcement in New York.

The secretary general said he intends to leave by plane Tuesday for Cairo to discuss details with the Egyptian government and also will inspect the Italian staging area, now occupied by units from Denmark, Norway and Colombia totaling about 200 troops.

The Cairo talks of Burns and Hammarskjold may determine whether the shaky ceasefire between the Egyptians and troops of Britain, France and Israel can be made permanent.

Eventually troops of 16 nations are to be represented in the police force, from which all of the Big Four powers are barred. A fifth, Burma, withdrew Monday its offer to contribute. The Russian government said it had received no response to its offer.

Assurances Sought

The Egyptians had made clear respect for their sovereignty was among several conditions for admission of the police. They have also sought assurances that the British-French and Israeli forces will withdraw immediately from the territory they overrun in the hostilities that broke out two weeks ago and that the police will be based in Egypt only temporarily.

As Burns flew into Cairo from Israel, the effects of last week's British-French and Israeli invasion of the Suez Canal Zone continued to reverberate around the world.

Both Russia and Communist China issued new threats to send "volunteers" to help Egypt throw out the British and French "aggressors."

Sympathy for Hungary High Across Poland

WARSAW (UP)—A wave of sympathy for the defeated people of Hungary and fear of an impending crackdown on a more liberal government swept Poland today.

Rumors that Russia is massing several divisions on Poland's eastern frontier touched off fear that the government may curtail the new democratization program. Observers said a crackdown may be ordered to keep the Russians from finding an excuse to move into Poland as they did in Hungary.

However, there was no official confirmation of the Russia military buildup.

Signs of an undercurrent of protest against the Soviet intervention in Hungary were found all over the country. Workers in the industrial region of Lower Silesia, Bialystok and the textile capital at Lodz bluntly condemned the Russian action in Hungary as "foreign intervention."

Both India and Ceylon are important Asian members of the British Commonwealth, which has been split by the British invasion of Egypt.

While the United Nations troops marked time, Moscow propaganda organs kept drumming up threats to send "volunteer" Communist airmen, tankers and artillerymen to fight alongside the Egyptians unless the British, Israeli and French soldiers quit Egypt quickly.

Communist China said a quarter million Chinese volunteers—"tens of thousands of them former soldiers"—had signed up to go to Egypt. There was no indication how they would get there.

Uneasy quiet returned to the Middle East.

Man Ends Life After Shooting Divorced Wife

PORTLAND (UP)—A 42-year-old woman was reported recovering Monday from rifle wounds inflicted by her ex-husband shortly before he killed himself Sunday.

The woman, Mrs. Florence McKenzie, was listed in fair condition at a hospital here after being struck by four .22 caliber bullets at her home at Welches, about 45 miles east of Portland on the Mt. Hood Highway. She was hit in the abdomen, leg and hip.

Dr. Paul Lowrey of the Clackamas County sheriff's office said the ex-husband, Raymond Gerald McKenzie, then took an overdose of sleeping tablets. He collapsed shortly after police arrived, and died en route to a hospital.

Lowrey said McKenzie apparently had waited on the porch of his ex-wife's home. When she arrived at 4 a.m. from the restaurant where he worked, he opened fire. The woman managed to escape into the woods.

Coroner Leslie Peake said McKenzie formerly was a patient at the state mental hospital at Pendleton.
