Hammaraskjold Back To Present Report on Cease Fire Situation

Arrangements On Canal Planned

UNITED NATIONS, N.Y. (AP) — Secretary General Dag Hammarskjold arrived back in New York Monday to tell the U. N. General Assembly the results of his talks with Egyptian officials on guarding the cease-fire in the Middle East.

He planned soon after his arrival at Idlewild Airport to launch arrangements for U. N. help in reopening the blocked Suez Canal—a gigantic salvage job expected to take at least six months.

Before leaving Cairo, Hammarskjold said the Egyptian government had asked for assistance to clear the waterway and he had agreed in principle. He declined to discuss other matters taken up with Egypt's President Nasser before making his report to the Assembly.

3 Aumsville Youths Injured Near Detroit

STAYTON (Special) — One Aumsville youth was listed as "critical," one as "serious" and one as "fair" at Santiam Memorial hospital here Monday. They were injured when their car skidded on snow near Detroit dam, struck a cliff wall and overturned on the pavement, according to state police.

Robert Smith, 15, Rt. 1, Box 206, Aumsville, is listed as critical. He suffered multiple injuries although the hospital did not specify what they were. John Stortem, 16, Rt. 1, Aumsville, was reported in serious condition. Donald Smith, 16, a brother to Robert, was listed as fair. His injuries were listed as numerous lacerations.

Police said the 1950 Chevrolet carrying the youths skidded in light snow about a half mile west of Detroit dam on the North Santiam highway, veered off a curve about a hundred feet to strike the wall and bounced back onto the highway, landing upside down.

Two of the youths were thrown out of the car where one had his legs run over by another car, officers said. The third youth was trapped inside the overturned vehicle. It was not known who was driving the car at the time of the 8:45 p.m. accident, they said.

Jerry Anderson, Seio, was listed as the driver who was unable to stop in time to avoid running over the one youth.

Traffic was blocked at the scene for more than a half hour, police said.

Russ, Poles Sign Accord

MOSCOW (AP) — The Communist leaders of the Soviet Union and Poland have signed a declaration of "indestructible union and fraternal friendship" but have agreed their future relations will be on a basis of "complete equality."

Anderson estimates that actual construction of the district will take at least a year. Before construction can get under way there are certain legal requirements which will consume several months. The Dec. 3 hearing is the first of several legal steps that must be taken.

Winding up four days of talks, the two regimes agreed Russian troops must remain in Poland. But the Poles were given veto power over Russian troop movements in their country, as well as promises of help in meeting Poland's economic crisis.

Results of the talks were summed up in a communique issued before the departure for Warsaw last night of Polish Communist party chief Wladyslaw Gomułka, Premier Josef Cyrankiewicz and their delegation of officials and experts.

The agreement was signed by Gomułka and Cyrankiewicz, and Premier Bulganin and Soviet Communist party chief Nikita Khrushchev.

Europe Faces Gas Rationing

LONDON (UP)—Most of Europe braced today for gasoline rationing and shortages of heating fuel because of the Suez Canal crisis.

White House Suggests Quick Dock Accord

NEW YORK (AP) — All movement of non-military rail freight to East Coast and Gulf ports was halted Monday close on the heels of a White House appeal for a quick settlement of the four-day Maine-to-Texas dock strike.

Longshore Strike in Effect From Maine To Texas

The Assn. of American Railroads in Washington ordered the embargo at the request of the Interstate Commerce Commission to prevent a snowballing accumulation of overseas and coastwise freight at the idle ports.

About 700 carloads a day normally pour into New York alone. A White House statement issued by James C. Hagerly, presidential press secretary, said it was hoped both sides "would recognize their obligations to the country and the public" in getting the flow of trade "resumed immediately."

Picketing was resumed along New York's piers as union and management negotiators returned to the conference table. They did not meet Sunday, an idle day in most ports.

Contract talks between the International Longshoremen's Assn. and the New York Shipping Assn. broke up Saturday after a bitter meeting.

Meanwhile, longshoremen on the West Coast planned to stop work today for a 24-hour period. The walkout was scheduled by Harry Bridges' International Longshoremen's and Warehousemen's Union (ILWU).

A public hearing in connection with a proposal to form a sanitary district in South Salem will be held at the court house at 10 a.m. Monday, Dec. 3. The county court, before which the hearing will be held, fixed the date.

South Salem Water District Hearing Set

The hearing will be in connection with a preliminary engineering study made by County Engineer John Anderson. The survey stems from heavy rains of last winter which resulted in the flooding of many septic tanks of the area.

Anderson estimates that actual construction of the district will take at least a year. Before construction can get under way there are certain legal requirements which will consume several months. The Dec. 3 hearing is the first of several legal steps that must be taken.

Winding up four days of talks, the two regimes agreed Russian troops must remain in Poland. But the Poles were given veto power over Russian troop movements in their country, as well as promises of help in meeting Poland's economic crisis.

Results of the talks were summed up in a communique issued before the departure for Warsaw last night of Polish Communist party chief Wladyslaw Gomułka, Premier Josef Cyrankiewicz and their delegation of officials and experts.

Independence Farmer Sweeps Corn-Yield Title Second Year

The non-irrigated corn yield blue ribbon went to John G. Boliger of Silverton who grew 82.5 bushels of Oregon hybrid 355. The patch went 38.7 per cent moisture. Fertilizer was 4 loads of barnyard manure per acre.

Raymond Werner, Silverton, was second in the non-irrigated yield division with 77.8 bushels of 40.6 per cent moisture corn. His field received 15 pounds of nitrogen per acre, 24 pounds of phosphorus and 12 pounds of potassium, laced with 7 loads of manure. Third went to Roy Rutchman with 75.2 bushels of hybrid 355.

Pat Sonnen of Aurora led junior contestants with 75.4 bushels per acre of hybrid KA3, Edmond Krupka of Aurora used hybrid Oregon 355 to take second with 67.9 bushels. Now fields were irrigated.

Preparation for the prefix designation has been under way for several weeks and in most instances all telephones have been readied for the change over.

Berglund states that complete reorganization concerning dialing under the new system will be required in the near future.

Mercury Falls To Season Low In Mid-Valley

Snappy and cold temperatures swept in over the valley regions at the week-end, the mercury dropping down to 25 degrees for Salem's minimum, Monday morning. It was the low mark for the season to date.

More Cold in Store, 22 Predicted For Tuesday

More cold is in store for tonight and Tuesday, a low of 22 being called for Tuesday night.

But bright sunshine and clear skies come along with the cold to make the days pleasant ones.

All Oregon was in on the below-freezing temperatures Sunday night, even some of the coastal points reporting low marks. Newport was one of the beach cities listing below-freezing minimums, the mercury there dropping to 31 this morning.

Baker was the state's coldest spot this morning with a reading of 3 above zero.

A rapid-moving polar front out of Alaska and western Canada has brought the cold spell to the northwest, says the weather bureau.

Five day forecast is for rain to come about Wednesday, and again at the weekend, but the precipitation will be below seasonal normals and temperatures will mount with the cloudy skies and rain.

Molalla Man Found in Creek

OREGON CITY (UP)—The body of a 61-year-old Molalla inshoreman was found in his wrecked car in the waters of Clear creek about six miles east of the Colton intersection early today.

The victim was Curtis Allen Connett, who had been the object of an all night search.

His wife told Deputy Sheriff David Spear that she began searching for Connett last night when he did not return from a trip to his ranch east of Molalla.

Spear said the car was badly damaged and that Connett was found dead at the wheel. He said it was possible that he suffered an heart attack or had lost control of the car and plunged through the bridge. The car was upright and Connett alone in the front seat when found.

Eugene McCarthy Ups Record Again

Eugene McCarthy, who grows only the best on his 620 fertile acres at East Independence, lives up to the motto, "to make the best better."

His record 161.8 bushels of corn per acre which won the corn yield contest at the 19th annual Marion county corn show Saturday at Central Howell school marks the second straight year he has broken the county corn production record.

The yield is almost 20 bushels per acre higher than that made by his nearest competitor and is 13 bushels more than McCarthy's old record of 1955. Calculated on

moisture content was 41.2 per cent. Observers said the high-producing 30-acre field "looked good all summer." It was Oregon hybrid 355, planted 7 1/2 inches apart in 45-inch rows early in May. Fertilizer applied at planting time was 51 pounds of nitrogen, 192 pounds of phosphorus and 22 pounds of potassium per acre. The field was irrigated twice during the summer.

Manton Carl of Hubbard took second in the yield contest with 132.9 bushels per acre. His Oregon hybrid variety 255 tested but 27 per cent moisture, lowest in the contest. The field was given 100 pounds per acre of nitrogen and 20 pounds of phosphorus and received two irrigations.

Sullen Hungarians Return to Work But Institute Slowdowns

Soviet Warns Against UN Hungary Force

UNITED NATIONS, N.Y. (AP) — Soviet Foreign Minister Shepilov warned Monday that any move to send a U. N. police force to take over occupation of the canal when they pull their own forces out.

Many Hands Join Forces to Help TB Victims

Santiam Phone Co-op Bought By Valley Co.

SILVERTON (Special) — Valley Telephone Co., a Silverton-owned operation, purchased the Santiam Cooperative Telephone Co. of Mill City this weekend. The plant is owned by the Brown family of Silverton and was established in 1904 by the late Percy Brown. It was incorporated in 1934.

Two Polk Prisoners Caught After Escape

Enfield was captured about 12 hours later by Skamania county, Wash., deputies near North Bonneville, Wash. He was in a stolen car with five other persons, Neufeldt said. The car was stolen out of Portland. The five others in the car were Washington residents, he said.

Strasbaugh is serving a one-year sentence for the theft of a boat from West Salem a few months ago. The \$5,000 boat, owned by Lee Dugger, Brooks, was recovered and Strasbaugh captured after a high-speed boat chase by Dugger and two Salem men.

Charges of escape and assault with a deadly weapon have been filed against Strasbaugh in connection with the Sunday escape. An auto theft charge may also be (Continued on Page 5 Column 8)

U.S. Target Of Chou En-Lai

HONG KONG (AP) — Premier Chou En-Lai of Red China told 100,000 North Vietnamese in Hanoi Monday the United States has "obstructed and sabotaged" the unification of Viet Nam.

The visiting Red leader chose the United States as his main target in his first major address since leaving Peking Saturday on a tour of North Viet Nam, Cambodia, Burma, India, Nepal, Pakistan and Afghanistan.

Chou also accused the United States of "even trying to control the Suez Canal behind the signboard of the United Nations."

Chou also accused the United States of "even trying to control the Suez Canal behind the signboard of the United Nations."

Pepper Used in Getting Out Of Jail

LLOYD Eugene Enfield, 26, Portland, apparently fled from the cell during the struggle over the gun and escaped the building by jumping from a second-story hall window, officers said.

Three Dead In Nebraska Jet Accident

LINCOLN, Neb. (AP) — A young pilot's tragic mistake is believed to have caused the flaming runway smashup of a jet fighter and two parked B47 bombers at the Lincoln Air Force Base.

Three men died and seven were injured in the Saturday night accident. Loss in equipment is estimated at nearly eight million dollars.

The crew chief of one of the bombers and his assistant were also killed.

Pre-Legislature Meet To Settle Leadership

PORTLAND (Special)—Committees of both Democratic and Republican senators will meet soon in an effort to reach a compromise on organization of the senate when the 1957 legislature meets Jan. 14.

At present the senate membership is tied 15-15 between Republicans and Democrats and unless an agreement can be reached there may be a stalemate that would delay opening of the legislature on schedule and also inauguration of Governor-elect Robert D. Holmes.

At a caucus held here Saturday Democratic senators appointed a committee composed of Monroe Sweetland, Milwaukie; Harry Bolvan, Klamath Falls; and Phil Brady, Portland, to attempt to reach an agreement on the senate presidency.

There will be no problem of organization of the house as the Democrats have a 30-22 edge, Rep. Patrick Dooley, Portland was

Phone Books Due on Dec. 11

Delivery of a new Pacific Telephone and Telegraph company phone directory will start around Dec. 11, according to announcement by Elmer Berglund, Salem manager for the utility.

Prisoners Shoeless

Both prisoners were shoeless at the time of the escape, Neufeldt said. Strasbaugh fled north to Mill street and east to where he found a parked car with the keys in it and drove off. The car had been parked in front of his home only minutes before by Alliance Miller Jr., 18, officers said.

Strasbaugh was traced to the area by the famed bloodhounds of Norman Wilson of the state forestry department. When officers learned of the stolen car, other police agencies were alerted, Salem officers spotted the stolen vehicle as it entered West Salem about 10 a.m., less than two hours after the escape. They followed it across the Center street bridge and southward on Commercial street in a chase that ended when Strasbaugh pulled to the curb near Wilson street and surrendered.

Wrested Gun Away

Strasbaugh fled from the building after wresting the gun from Dugas assistant police chief James Greene in a struggle that carried them part way down the jailhouse stairs, according to Polk county Sheriff Tony Neufeldt. Greene returned to the jail area and locked the cell door on eight other prisoners, who made no attempt to flee, and then notified the police department of the escape. Dallas police have charge of the jail on weekends.

Grid Playoff Schedule Out

PORTLAND (Special) — The board of control Monday announced the schedule for the start of Oregon high school football playoffs, which include two Salem area A-2 teams, Silverton and Central.

The powerful Silverton Foxes clash with Eagle at the South Salem high field Friday night at 8 o'clock. Last week Silverton downed Vale to gain the playoffs.

Central's Panthers downed Amity last week and are scheduled to meet Reedsport at North Bend Saturday at 8 p.m.

Soviet Army, Henchmen Defied

BUDAPEST (AP) — Sullen Hungarian workers ended the general strike in Budapest Monday, but resorted to a slowdown in defiance of the Soviet army and its Hungarian Communist henchmen.

Between 30 and 50 per cent of Budapest's industrial workers reported for work in the city's factories Monday.

Many of them declared they returned because they believed the promises of Janos Kadar, the Soviet-empowered premier, "but because we realize that winter is here, with its misery of cold and hunger."

Little Work Done In the workshops which Western correspondents were permitted to visit they found workers standing around in groups—talking but doing little if any work.

A Vienna report the Russians were replacing their tank troops in Hungary with 20 fresh infantry divisions lacked confirmation here. No correspondent in Budapest can claim reliably to know anything of the kind.

Of the industrial situation, Radio Budapest said that, although 45 per cent of the working force appeared at some of the nation's major plants, "in most cases production could not be resumed for lack of power." It attributed the absence of other workers to "transport difficulties."

At Csepel—the Danube island that is Hungary's biggest industrial complex—nobody did any work.

"Stick Together Here" "We show up at the plant because we have got to get our wages and also because we have to stick together here," a spokesman said. "If we continue to remain at home the plant gates would be locked against us one day and it would be easier for the government to pick us off individually to deal with at home than if we are here in the factories and stand together."

Only two men did any work in the plants Western correspondents were able to visit Monday. It turned out they were repairing their own bicycles.

Sources in Budapest told Austrian papers the Russians are sending in 20 infantry divisions to replace the hated Red panzers that crushed the anti-Communist revolt.

Central's Panthers downed Amity last week and are scheduled to meet Reedsport at North Bend Saturday at 8 p.m.
